**GRID WARRIORS
 ARE HONORED**

ka's athletic record.
 Dr. Young mentioned the greatest football captains that have led Nebraska teams and spoke particularly of Dusty Rhoades. Paul Dobson captain of the last football team was the next speaker and after developing the part that the forward pass has come to play in football he expressed the wish that he could return and be one of the team to establish Nebraska's reputation against the eastern teams which are on the schedule for the ensuing

year.
 Bill Day, the captain elected for next year then spoke of the chances for football in Nebraska in that for the first time in the history of the school the Cornhuskers were to battle both with the best teams of the east and those of the west.
 Senator C. Petrus Peterson spoke upon the Nebraska Touchdowns. He pointed out that all the touchdowns made at the university were not made on the football field but that the touchdowns in the scholastic world were of equal importance. Senator Peterson likened the requirements of an athletic success to those of a suc-

cess in any line of work and that the man who could take a defeat with the same courage and grace with which he takes a victory will make a success in the business world as well as in the athletic annals. He spoke of the part that the state legislature and the senate have in the conducting of the university and after demonstrating the force that is brought to bear upon both houses in securing finances for highways, waterways and the many other appropriations he said that if the students and the alumni of the university would exert an equal influence when bills concerning their own institution came up it will

mean a bigger and better university at Nebraska.
 Jack Best who was proudly wearing the colors of the institution with which he has worked for over thirty years then asked the toastmaster to read a short message from him. "No student at the University of Nebraska is more vitally concerned with the reputation and has more love for her traditions and ideas than Jack. "We've got men, a good team and a great coach and what we need now is training tables, good cooks and sufficient rubbing facilities," said the Cornhuskers' "Grand Old Man."
 The most successful banquet which has ever been held at the University of Nebraska in honor of her football team closed with the singing of the "Come a runnin' boys" which is so dear to all the alumni of the school.

THINK IT OVER!

For one and one-third cents per issue you can get the "Rag" either at the Station A window, or sent to any out of town address. Your school spirit will not let you pass this as you may have done before. We will need a much larger subscription list than we have at present.

ONLY \$1.25

Out of town subscribers fill in the following and mail to The Daily Nebraskan, Sta. A, Lincoln, Nebraska.

I hereby subscribe for The Daily Nebraskan for the Second Semester at the price of \$1.25.

ALUMNI

Maurice C. Hall, '06 A. M., who has been in the bureau of animal industry at Washington, D. C., lately went to the Fiske-Davis laboratories at Detroit as superintendent. Extensive experiments are there carried on with drugs.

Olivia Pound, '95, state university, has an article in the School Review of the current month on the subject—"The Social Life of High School Girls: Its problems and its opportunities."

Mrs. Cora Hursey writes to the alumni office that her husband, George W. Hursey of the class of 1906, died at Upland, California, in the fall.

The University of Nebraska alumni office is in receipt this week of the following information in regard to alumni:

Leona Wood, '17, is instructor in general science in the Beatrice high school.

Nettie C. Gilmore, '19, is teaching in the Clarinda, Ia., high school.

Mr. and Mrs. Clark Dickinson, '14, '08, write from the University of Missouri where Mr. Dickinson is assistant professor of economics. F. B. Gower, '09, is an associate professor of economics in the same institution.

Mrs. Pierre Becheraz, formerly Clara Helmrod, '07, writes the alumni office of the state university from Berne, Switzerland, that her husband died in November after a long illness. She is thinking of returning to America and her former home with her two little children as soon as her affairs are settled. She lived at one time in Omaha.

The alumni office has received letters from the following containing the information here stated:

Roy R. Monbeck, '11, is a topographer in the United States geological survey with headquarters at Washington, D. C. At present he is assigned to the duty of making military surveys for the war department on the Texas border.

Bernice Heckler, '16, is teaching English in the high school at Aurora.

Irene Baker, '19, is a teacher of English at Walthill, Nebr. Mae. C. Moritz, '19, and Adelyn Jane Wolfe also teach at this place.

Dr. F. A. Figi is a physician at the Mayo clinic, Rochester, Minn. He was married on the first of the present month to Bertha Mae Olinger of Sutton, Nebr.

Mr. and Mrs. E. E. Frost are the parents of twins who were recently born. Mrs. Frost was Alta Gooden of the class of '11.

L. W. Russell, '90, writes from Berkeley, Calif., where he is pastor of St. John's Presbyterian church that he expects soon to call together the University of Nebraska alumni who are living in his part of the world. Mr. Russell was for some time a pastor in St. Louis, Mo.
