PLAN BOOST IN PAY OF LINCOLN TEACHERS

Teachers in the Lincoln public schools will be granted a substantial increase of pay, if the voters express approval in the referendum to be taken on Saturday, January 31. A salary increase of \$400 is proposed for each class room teacher that has taught in the Lincoln schools since prior to the present school year, and teachers in the Lincoln high school will have their pay increased by \$300. These plans were unanimously approved of at a special meeting of the board of education upon the recommendation of Jesse Newton, superintendent of the Lincoln schools, at a special meeting of the board, Wednesday night.

Other questions which the residents of Lincoln will be asked to approve of are: That teachers now on the elementary and high school schedules be placed on the same schedule and that the following tentative maximum be established on this schedule:
 For normal school graduation...\$1,600
 For the A. B. degree..... 2,000
 For the A. M. degree..... 2,200

That the annual increases of \$100, be granted each teacher until the maximum is reached, these increases to begin with the school year 1920-21. That no regular class room teacher be employed for less than \$1,000.

That equitable adjustments be made in the salaries of supervisors, principals, special teachers, part-time teachers and kindergarten assistants.

Announcement that the salary question was to be voted on by the people of Lincoln was received with great glee among the school teachers of Lincoln Thursday. They all feel that at last their long-needed and deserved increase is in sight.

In order that there will be a large turn out of voters to go to the polls on the day the referendum a large committee was organized among the teachers of all the schools yesterday to encourage them to vote. Mrs. Beatrice Craig was elected chairman of the committee.

Thursday afternoon the principals of all Lincoln schools will also organize a committee to stimulate voting for the occasion. The principals plan to hold a meeting of the parents of school children and all others who are interested in the salary question at the schools on evenings next week.

The teachers committee that is headed by Mrs. Craig will also ask the members of the Mothers clubs of the various schools to take charge of the polls on the day of the referendum.

This committee is also organizing a large number of four minute speakers. These speakers are expected to speak at the meetings of all organizations that meet in Lincoln between now and the day of the voting. They will also invade theatres during the evening performances next week.
