TO LECTURE ON ASTRONOMY AT TEMPLE FRIDAY

(Continued from Page One.)
reduced the variation between successive shots that a given number of shells will fall into one-eighth the area formerly covered by their dispersion."

In the field of astronomy Professor Moulton is the author of several well known books and of numerous articles in scientific journals.

The public is cordially invited to hear this lecture, which will be illustrated by long-exposure photographs taken with the world's largest telescopes. There will be no charge for admission.

TO HOLD MATINEE DANCE FOR EDUCATIONAL FUND

(Continued from Page One.)
need of funds for the building of dormitories and increases in salary. Smith College students and alumnae all over the country are rallying to the support of their alma mater. The goal set for the fund is \$4,000,000 of which sum Nebraska alumnae will contribute \$25,000. Members of the Smith College club in Omaha will come to Lincoln to attend the matinee dance given here.

Several university students are former Smith College students and are managing a good part of this affair. Miss Dorothy Pierce has charge of the posters and Miss Eleanor Fogg in managing the publicity work.

MAY ORGANIZE BASEBALL TEAM

(Continued from Page One.)
oping a very creditable team. As soon as the game is officially assured, the athletic department will at once start the task of scheduling games. The University of California nine is making an extended trip throughout the east this year, playing Syracuse, Pittsburg, Yale, and Princeton, as well as several leading middle-western schools. The California authorities have wired the Nebraska department asking for a game with the Cornhuskers and a Nebraska-California game will probab-

ly grace the Husker schedule. South Dakota and Iowa will also probably be met and if the Missouri Valley boycott is removed soon enough, a game may be arranged with the Kansas Jayhawkers. At any rate, a good stiff schedule will face the Husker diamond artists.

STUDENTS CHOSEN FOR INCOME TAX SERVICE IN STATE

(Continued from Page One.)
Clarence E. Hinds, who has charge of the course in money and banking, is a graduate of the college of business administration and is employed by the First National Bank. On the resignation of Mrs. Minnie T. England, he was chosen to take charge of this class and this is an example of the practical work which has been taken up in this class.

Although there is a very liberal compensation allowed for this work the main purpose in sending these men out over the state is that the income service is a very practical application of the work of last semester.

PROFESSOR BRUNER TO TAKE VACATION

(Continued from page 1)
activities. By the time he was in his early 'teens he had gathered together a number of interesting specimens. One day his mother hired an assistant to help her clean house and during the absence of young Bruner, the lady cleaned his room, cleaned it and did a most complete cleaning. Every specimen in his entire lot was thrown into the scrap heap and destroyed entirely. Specimens which he has never been able to replace were thrown away as worthless. The misconception of values had cost him dearly but undaunted he patiently began the reorganization of his collection. That is the secret of his success, intense interest in his subject and perseverance.

Professor Bruner has been honored by the university and placed on half time. Not only is he recognized here but specialists in his chosen profession in every land bow to 'Bruner of Lincoln' as 'the man' when an exceedingly hard proposition is in need of solution.

FACULTY AND ALUMNI NOTES

Dean J. E. LeRossignol of the college of business administration has a review of the book entitled, "Germany's New War Against America," written by A. Michell Palmer, attorney general of the United States, in a recent issue of the Review which is published in New York City. The review traces clearly Mr. Palmer's presentation of the part Germany is now trying to play in the industrial world.

Prof. Rufus Bentley of philosophy and educational psychology in the University of Nebraska has resigned his position in the university and will return to his ranch in California. The courses which he has been offering will be dropped for this semester. Doctor Alexander, chairman of the department, announces that he hopes to secure some one to take them next summer and next fall.

C. A. Sjogren, instructor in mechanics at the state university, has made a trip to the east this past week to select machine tools for the mechanical engineering department, which the war department is selling to educational institutions at 15 per cent of their cost. Wednesday Professor Sjogren was in Cleveland, Ohio, and later her went to Chicago and Detroit.

Shirley Dare Babbitt, instructor in the English department at the state university, has resigned. His place is filled with Paul Pendleton, A. B., of Dennison, Ohio. Mr. Pendleton has had some experience in the army.

Dean O. V. P. Stout, Arthur G. Behrig and V. L. Hollister of the engineering college have been selected as members of the city planning committee. Professor Gehrig is secretary of the committee. The committee will take up as its principle activities such propositions as planning new boulevards, a civic center, a union station, removal of the Rock Island from Ante-

lope valley, the creation of additional parks, and the publication of an up to date map of the city of Lincoln.

Professor Albert Babbitt of the department of mathematics has tendered his resignation to take place at once. He has accepted the position of secretary and actuary with the Lamar Life Insurance company of Jackson, Mississippi. Professor Babbitt came to the state university in September 1916 from the university of Minnesota. He is an associate of the American institute of actuaries (by examination), a charter member of the mathematical association of America and a member of the American statistical association and of the Phi Kappa Phi.

News of the following alumni was received this week at the alumni headquarters on the city campus of the state university:

Vesta Gray, '93, is teaching for the sixth year at Santa Rosa, California, where she is head of the chemistry department both of the high school and the junior college and is known as one of the ablest educators on the Pacific coast.

Etta Gray Jones, '95, and her husband, E. O. Jones, law '96, have lived continuously for twenty years at Sioux Falls, S. D., where Mr. Jones has a lucrative law practice. Mrs. Jones is active in history and political science study. They have one child, Enos Gray Jones, who is a sophomore in the University of Wisconsin. Mr. Jones' law partner is B. C. Matthews who graduated from the law school of the university of Nebraska in '96.

Marie Robertson Westover, '15, is deputy clerk of the district court at Sioux Falls, S. D. She is also guardian of a group of camp fire girls. Her husband, Dr. R. P. Westover, B. Sc., '16, medical college, '18, university of Nebraska, has built up a large practice.

Mr. and Mrs. Jay Brown (nee Claire Dovey, '07) now reside at 1561 Warren Road, Lakewood, a suburb of Cleveland, Ohio.

Mr. and Mrs. Frederick Woodward (nee Lillian Cole, '07) have moved to Chicago where Mr. Woodward will be metallurgical chemist at Rock Island Arsenal.

Wayne F. Dickson who formerly lived at Plattsmouth, and attended the university of Nebraska about '08 or '09, died January 27 in Omaha. He was a member of Sigma Chi and left a wife and small daughter.

Hazel Davey who attended the University of Nebraska, '04 to '06, is employed in a bank at Plattsmouth.

Rex Leberman, '09, and Gerald Franch, '10, state university, formerly of Fremont, own and operate a quarter section in Yellowstone county Montana, with postoffice at Pineview. They also do some work as civil engineers.

F. A. Snocker, '17, is principal and teacher of mathematics in the Chase county high school at Imperial.

Mrs. A. D. Schrag, nee Harriet Graves, '12, state university, writes the alumni office from Davenport, Nebraska, where Doctor Schrag is president of a bank. Formerly Dr. Schrag was a member of the faculty at the university. They now have a baby boy in addition to their little daughter Gretchen.

Harry White, '07, state university is in charge of foreign work Y. M. C. A. with headquarters at the central association in Chicago. He and his wife expect to return to India.

Ben Cherrington, '11, is international secretary in the student department for the Rocky mountain district Y. M. C. A.

Mrs. Robert Bowden, nee Lela Jean Olmstead, '15, is living at Edgemont, S. D.

Mrs. Pauline Ohman, of Pilger, Nebraska, called at the headquarters of the University of Nebraska alumni Saturday to confer with the secretary relative to starting a local association of alumni in Stanton county.
