MEMORIAL TO BE LASTING TRIBUTE

Committee Unanimously Favors Erection of Gymnasium or Stadium to Fallen Heroes.

CAMPAIGN PUSHED SOON

The committee on the war memorial met Thursday afternoon in the office of Chancellor Avery. Regent E. P. Brown was made chairman. It was unanimously agreed that the memorial to be created should be utilitarian. All present favored a gymnasium or stadium or both because it is particularly fitting that the memorial should be something which should tend to build up the physical and mental life of the young people of the state. A committee was appointed to choose the director or manager of the campaign. The committee members are Chancellor Avery, Mr. Kountze, Mr. Van Orsdel, Mr. Campbell, and Miss Howell. The director will choose the time of the campaign and outline the details. It was also voted that a committee consisting of Dean Buc and the members of the student body present be directed to plan for a convocation for the students and faculty to be held at such time as the manager of the campaign should direct. The committee adjourned to meet in two weeks or as soon as the committee on the choosing of the manager should report.

Those present at the meeting were: Chancellor Avery, Professor Alice Howell, Dean P. M. Buck, Regent E. P. Brown, Earl Campbell, Professor H. E. Bradford, R. A. Van Orsdel, of Omaha, who is president of the Alumni Association, C. T. Kountze, of Omaha; Anan Raymond, of Omaha; Verna Buchta and Ruth Sheldon, of the Student Council; Luther Cobbe, president of the University Post of the American Legion; Harold Gerhart, of the Innocents; Helen Giltner, of the Black Masques, and A. C. Hunter, secretary.

POLITICAL SCIENCE

SUBJECTS WILL BE CHANGED NEXT YEAR

Introductory Course to be Offered Freshmen Each Semester.

Next year will see a complete change in the political science course for first year students if the plans now being formulated by the heads of that department materialize. The work for this semester, however, will differ but very little from the courses offered last semester.

The courses now known as Political Science I and II will not be included in the list of subjects open to first year students and in its place will be offered an introduction to political science.

This introduction to political science will be a one semester subject and will be repeated each semester. It will take up in substance a general survey of all the governments of the present day, grouped according to their types, and a study will be made of the principles on which each form of government was founded.

This course will cover, in the main, representative government and democracy and will trace the development of republican governments. It will show just through what forces these governments have become more democratic.

Citizenship in general will be taken

W. A. A. PLANS TO SEND DELEGATES TO MISSOURI

At the regular meeting of the W. A. A. Tuesday evening it was decided to send two delegates to the sectional convention of W. A. A. which will be held March 19 and 20 at the University of Missouri. The names of the delegates will be announced later.

Plans for the basketball tournament were discussed. The twelve-team tournament will be played the first of March. Following this tournament the inter-class tournament will be played. Approximately one hundred girls are trying out for the teams. In order to be eligible for a team a player must have had ten practices.

EGYPTIANS NEED AMERICAN IDEALS

Funds to Support Holcombe in Missionary Work Will Educate North Africans.

NATIVES LOOK TO AMERICA

The importance of the Y. M. C. A. Holcombe drive may be realized, when conditions in Egypt at his time are brought to light. Funds are necessary to change these conditions and university men will supply the funds needed in the campaign which will be in full swing next week. Kenneth J. Saunders, Oxford scholar, and well acquainted with actual conditions existing in Egypt, will speak at convocation Tuesday in behalf of the drive. He is on his way to the east again after spending a few months in America.

The hope of Egypt is the missionary influence which is needed by caste and Moslem alike. The outlook in that country is brightened by the defeat of Turkey, the political champion of Islam. Moslems are consequently face to face with a new situation, and say that Allah must have decreed that Christian nations should win.

"The Christian conflict has changed in Egypt within the last decade," said Dr. S. M. Sweemer. "Formerly the arena was the Koran and Moslem tradition, and now it is the Bible." (Continued on Page Four.)

RECEPTION WILL OPEN WOMAN'S BUILDING TODAY

On Friday afternoon from three until six, there will be a formal opening of the woman's building at 14th and R streets. The dean of women, Amanda Heppner, gives the reception to all university girls and women of the faculty in honor of Claire McKinnon, Y. W. C. A. secretary, Marjorie Selleck, new assistant to the dean of women, and Mrs. Bessie Thompson, hostess of the women building.

On Saturday afternoon from three to six the dean of women will entertain the organizations, as the collegiate alumnae and other societies connected with the university.

On Sunday afternoon from three until six the house will be open to all members of the faculty and their wives.

FORUM DISCUSSES "REAL VS. FALSE EDUCATION"

"Real versus False Education" was the subject of discussion at the Forum meeting yesterday afternoon in the Y. M. C. A. room in the Temple. Mr. Thompson who lead the discussion raised the question whether the average student knew why he was in college, whether he is there because someone else is there and whether too much attention is not given to the mercenary, money-making side of education as compared with the cultural.

EAT, DRINK AND BE MERRY FOR ONLY 30c.

Skits, Dancing and "Polite Vaudeville" Will Feature All-University Party.

FEB. 14 IS CLOSED NIGHT

Thirty cents will be the admission to a dance and some six or ten shows, and will include refreshments too; it will be the admission to an entertainment whose business managers alone number ninety-one.

The all-university fun-fest to be held in the Temple and Armory next Saturday night, February 14, is the entertainment referred to. Ninety-one students compose the committees in charge. The skits will begin at the Temple at seven-thirty. Later in the evening there will be dancing and other entertainment in the Armory. The refreshments will be served in the Temple.

This is the third big mixer of the school year. There was a large attendance at the other two which were held in the Armory. For the party Saturday night, about four times as much room has been provided. If four times as many students turn out, not many will remain at home.

A number of entertainments will be going on at the same time, but they will all be given twice so that more than one may be seen. The skits, for the most part, will represent the lighter phase of university life. There will be take-offs on university activities. Other entertainments will entirely remove the thoughts of those present from school affairs. For instance, the Palladians will put on a real black-face minstrel show. February 14 is a closed night.

All university men who are interested in or who have played baseball are requested to meet in the Armory at 11:50 a. m., Friday.

A LEAP YEAR LEAP ENDS IN PROPOSAL

"The Miracle of Love" Pictured on Campus Before Large Audience.

Wednesday's mid-day sun beamed down upon the campus with unusual brightness, and smiled. But "Sol" did not smile alone; professors smiled, students smiled, in fact the whole world smiled. That did not disturb the lovers as they strolled luncheonward across the campus, entwined in each other's arms and smiling as much as any one. Why shouldn't everyone smile? The world was so beautiful.

Oblivious of the fact that the universal amusement was caused by the attitude they took toward each other, the lovers face to face and cheek to cheek moved on, slowly, deliberately, unaware that they were the source of this wide-spread happiness. From somewhere in the northwest corner of the campus they appeared first as one, then, upon their drawing nearer, they separated into two distinct objects. No, they did not exactly separate but the line of differentiation became slightly marked and it was decided by the large number of judges that they were two distinctly different personages, whose hearts (Continued on Page Four.)

NEW CAFETERIA TO BE OPENED MONDAY

The new university cafeteria which is located in the Temple building will open Monday morning for service. The cafeteria has been moved from the first floor to the basement which has been redecorated and fitted up for service and also for the use of the faculty.

There will be no service in the cafeteria Sunday, so that things may be moved and put in shape for business Monday. The cafeteria will be open all day Monday for the inspection of the students and faculty and refreshments will be served.

BLOCK AND BRIDLE CLUB HOLDS MEETING

Animal Husbandry Society Formerly Known as "Saddle and Sirloin Club" Elects Officers.

POWELL CHOSEN PRESIDENT

Carl Powell was elected president of the Block and Bridle club for this semester, succeeding R. E. Fortna, at a meeting of the club held recently. Other officers elected were: Cecil Crowell, vice president; Harold Hedges, secretary; Harold M. Adams, treasurer.

The Block and Bridle club is a national organization composed of juniors and seniors majoring in the department of animal husbandry. Professors are also included in the membership.

The Nebraska chapter of this club was formerly known as the Saddle and Sirloin club and was organized in 1917, but after the various clubs of the country, including Nebraska, nationalized in December at Chicago, it took name which it now bears.

The "Baby International," held at the farm last fall, was staged by the Block and Bridle club and was a real success.

Plans for the annual high school students' judging contest, which is held under the auspices of the club, and the annual inter-class judging contest, are now under way.

ENGINEERS TO HONOR ST. PATRICK AT HOP

The engineers will not honor St. Patrick, their patron saint, by an elaborate parade with floats this year. Instead they will make engineer's hop, which will be held in the spring, a costume ball in honor of the saint. This action was taken in view of the expense and difficulty of arranging a celebration. George S. Salter made a trip to Missouri to investigate the possibilities of holding a celebration in Nebraska such as the engineers of Missouri presented.

No definite date has been set for Engineer's Week. It will probably be held the last week in April or the first week in May. The big feature of the week will be Engineer's Night when all the laboratories will be open for the inspection of the public. A dance, banquet and a field day have been arranged for. Field day will include baseball games between the engineers and a horse shoe tournament for the professors.

CADET OFFICERS

All Cadet officers must have their Cornhusker pictures taken before Saturday, February 28. The group picture of the Cadet Officer Association will be taken Saturday noon, February 21, at Townsend's.

HUSKERS READY FOR FARMERS

Creighton Catholics Grab Victory By One Point Over Aggies from Michigan.

SCHISLER'S TOSSERS ARE CONFIDENT

A light practice was the order yesterday in the Cornhusker basketball camp. The Huskers are now in prime condition to meet the strong Michigan Aggie five and are prepared to give the Farmers a battle they will not soon forget. The prowess of the Aggie bunch was again forcibly emphasized when they lost to the fast Creighton team at Omaha Thursday night by only one point. The Aggie team outplayed the Catholics throughout the entire game, scoring ten field goals to Creighton's seven. Fourteen fouls were called on the Michigan team and only six on Creighton. The Aggies led 11-6 at the end of the first half and a basket by Mulholland, Creighton star, won the game when the Farmers were ahead 21-20.

According to Tommy Mills, Creighton coach, the Aggies are to be feared much more than the Indiana Hoosiers, who recently divided a two-game series with the Huskers. The Catholics had little trouble in trouncing Jumbo's team but almost found their match in the Aggie team. While the Huskers lost by a four point margin to the Hoosiers in the first game, they easily beat them 38-18 in the final clash. In spite of all these indications of a Michigan victory, there is no sign of gloom prevailing in Cornhusker quarters. The Nebraskans are confident that the Aggies are in line for a big surprise when they reach Lincoln.

The Aggie team is a five-man-scoring combination. Every man on the squad is an expert shot at the basket. (Continued on Page Four.)

CALL IS SOUNDED FOR REFEREES TO ACT IN STATE TOURNAMENT

University Basketball Men Are Asked to Umpire High School Games.

Referees galore will be needed to handle the many games to be played in the state high school basketball tournament during the week of March 4, 5 and 6. To meet this demand Director Schissler is calling on all the men of the varsity and freshmen basketball squads and any others who have a knowledge of the court game and who are fitted to serve as a referee.

In order to prepare these amateur officials for the coming games he has called a meeting for Sunday afternoon at 2:30 in the athletic office. The following men are requested to be present: Warren, Carmen, Hauser, Munger, Cole, Corr, Hartley, Belleau, Fitzsimmons, Dana, Gardiner, Bekins, Pickett, S. Jungmeyer, W. Jungmeyer, Patty, Paynter, Smith, Bailey, Newman, Collins, Stromer, Haverly, Hussey, Norton, Munn, Russell, Kohl, Gillilan, Swanson, and Schellenberg. At this meeting the various fine points and technicalities of the game will be discussed and explained. The matter of calling fouls will be given special attention as this is one of the most particular parts of a referee's job. The authorities in charge of the tournament are very anxious that every team in the tourney be completely satisfied in regard to officials.

Friday and Saturday Feb. 14th and 15th

CORNHUSKERS vs. MICHIGAN AGGIES

PRELIMINARY GAMES Freshmen vs. Armstrong's 6:30 P. M.
