GIRLS' TOURNEY HOLDS INTEREST

"Co-Eds" Will Stage Inter-Class Basketball Contests Next Week in Armory.

NO TEAM FOR SENIORS

The Girls' Inter-Class Basketball Tournament will be staged next week. A definite date for the first game has not been decided upon but it will be played either Monday or Tuesday at five o'clock. The finals will be March 27. Teams have been announced by Ruth Fickes, basketball sports leader. Not enough senior girls completed the required ten practices to make a senior team but the three who did make the team will receive W. A. A. points.

THE TEAMS

Josephine Gund	Center
Jean Shuster	Second Center
Addelheit Dettman	Guard
Clara Wolfanger	Guard
Ruth Kamerer	Forward
Margaret Uly	Forward
Mildred Krumm	Substitute
Sophomore—First Team	
Martha Krogman	Center
Margaret Henderson	Second Center
Narvel Trojan	Guard
Ruth Fickes	Guard
Marion Nye	Forward
Eleanor Snell	Forward
Grace Dobish	Substitute
Junior—First Team	
Mary Stephens	Center
Ruth McKinney	Second Center
Ethel Lindsay	Guard
Ethel Hoagland	Guard
Mary Shepherd	Forward
Ruth DuBois	Forward
Sue Stille	Substitute
Senior—First Team	
Kathleen Hargrove	Second Center
Marjorie Haycock	Center
Jane Fredrickson	Guard
Freshman—Second Team	
Sadie Woten	Center
Bernice Scoville	Second Center
Ina De Les Denier	Guard
David VanGilder	Guard
Bessie Epstine	Forward
Beulah Grabill	Forward
Hazel Grant	Substitute
Sophomore—Second Team	
Helen Glover	Center
Mary Keys	Second Center
Amy Stowell	Guard
Eunice Hilton	Guard
Irene Compton	Forward
Mary Hardy	Forward
Allice Gergland	Substitute
Junior—Second Team	
Ada Stidworthy	Center
Ruth Swenson	Second Center
Edith Burton	Guard
Ruth Carr	Guard
Donna Gustin	Forward
Helen Clark	Forward
Ruth King	Substitute

"AFTER COLLEGE--WHAT?" IS NEXT WEEK'S SLOGAN

Fifty Students Forming Joint Y. M. C. A.-Y. W. C. A. Committee Arranging Details of Program.

When "After College--What?" hits the campus next week it will make itself known, if the plans of the committee are carried out. Over fifty students, composing the joint Y. M. C. A.-Y. W. C. A. committee and its sub-committees, are working out the details of the vocational program and its publicity.

They are intricately organized under the chairmanship of Ada Stidworthy, so that each individual on a committee has his work to do. They have already made announcements by posters. Next Sunday, "After college--what?" week is to be announced from the pulpits of the Lincoln churches. Arrangements have been made to announce it in the fraternity, sorority, and rooming houses. Programs will be scattered in every building on the campus, so that they can escape the notice of no one.

The importance of the speakers is such that the regular musical convocation on Thursday will be abandoned next week for special convocations for the men and the women.

PHI DELTA PROVINCE CONVENTION AT LINCOLN

Twelve chapters of Zeta South of Phi Delta Theta will hold their province convention at Lincoln, April 16 and 17 this year as guests of the local chapter. A full two-day program is being arranged for the delegates. The province includes chapters from Iowa, South Dakota, Kansas, and Colorado. The first day of the Convention will be occupied with business sessions and the second day the visitors will be entertained by the active chapter.

KAPPA DELTA GETS NEBRASKA CHAPTER

Social Sorority Will be Installed Early in April—Many Prominent Members.

Kappa Delta, national social sorority, has been established on the University of Nebraska campus. Kappa Delta is a national sorority which is comparatively little known in the West, for the reason that until recently it has been strictly a Southern and Eastern organization. It was founded at Virginia State Normal in 1897 and now has twenty-five active chapters and ten inactive chapters.

Schools, best known to Nebraska students where chapters are established, are Northwestern University, Ames, University of Denver, University of Southern California and the University of California at Berkeley. Last fall a group of girls organized under the local name of Delta Omega, and when their organization had been perfected, petitioned Kappa Delta. The news that the petition had been granted has been received and plans are being made for the holding of the installation ceremonies about the second week in April. The chapter which is to be installed here, will have twenty-four active and thirteen alumnae members.

The members of the active chapter at the present time include:

- Lucille Cline, '20
- Marjorie Hedblom, '20
- Eleanor Hinman, '20
- Esther Killpack, '20
- Eleanor Seymours, '20
- Dorothy English, '21
- Gladys Rohrbough, '21
- Sylvia Niki, '21
- Lynnais Thompson, '21
- Margaret Sosenstihl, '22
- Mary McCoy, '22
- Marian Amundson, '22
- Myra Knowlton, '22
- Leatha Ryan, '23
- Lois Margaret Hartman, '23
- Kathryn Duerfeldt, '23
- Gertrude Hughes, '23

PROCLAMATION

Small Pox has become a serious matter in the University. During the present week several cases have been discovered in the Medical Dispensary in the Pharmacy Building. Other cases have been reported to the City Board of Health.

All the students in the University who have not been vaccinated within the past two years are advised to do so at once. This will be done free of charge by the University physicians in Room 204 Pharmacy Building. Students may have this done by the family physician in the city.

In such a case get a certificate of vaccination from the physician who did the work. Students should preserve these certificates, because it may become necessary in order to prevent an epidemic of small-pox, to vaccinate all the unvaccinated students in the University or require them to report for daily inspection at the Medical Dispensary in Pharmacy Building. (Signed)

Student Health Service,
By R. A. Lyman, Dean.

STUDENTS WILL TOUR NEBRASKA

University Week Presents Program of Music, Playlets and Vaudeville.

12 TOWNS ON SCHEDULE

Plans for University Week are being rapidly completed and according to the managers final arrangements will be made the latter part of the week. The two routes this year make University Week the largest ever attempted in the history of the school. The Western route includes the towns of North Platte, Kimball, Lexington, Gothenburg, Chappell, and Sidney. The Northern route is not definitely settled, one or two towns remaining in the doubtful column.

University Week will send out into the state the best talent in the school and the twelve towns can be assured of some of the highest class entertainments which have ever been presented behind the footlights. Contrary to precedent, the program this year does not include lectures. Heretofore a number of University professors have filled the bill.

The talent for the Western trip was made public Wednesday. The University Players road show will present a varied program including musical numbers, monologues, vaudeville skits, and a one-act playlet, "The Man Upstairs." The Cornhusker Concert Company has a delightful program consisting of piano, saxophone, and violin selections with interpretive dancing and vocal solos. The University Players are scheduled to give that rip-roaring comedy, "It Pays to Advertise."

The Western trip schedule is as follows: Cornhusker Concert Company:

North Platte March 29, Lexington the 30th, Gothenburg the 31st, Kimball April 1, Chappell the 2nd, Sidney, the 3rd.

University Players road show: Gothenburg March 29, North Platte the 30th, Lexington the 31st, Sidney, April 1, Kimball the 2nd, Chappell the 3rd.

University Players: Lexington March 29, Gothenburg the 30th, North Platte the 31st, Chappell April 1, Sidney the 2nd, Kimball the 3rd.

SOPHOMORE PRESIDENT DIVIDES CLASS HONORS

Four Committees Will Carry on Activities of Second-Year Class Until June.

Four committees have been appointed by President Guy C. Bowen to take charge of Sophomore activities this semester. The three upper classes have announced their committees now, but the Freshman committees have not yet been named.

For the Sophomores, Herbert Cushman is chairman of the Dance Committee, Mary Sheldon of the Girls' Athletics Committee, Cloyd Clark of the Ivy Day Committee and Austin Smith of the Athletic Committee.

The entire personnel of the committees follows:

- Dance: Herbert Cushman, chairman John Neff
- Frances Wahl
- Story Harding
- Carl Kauff
- Ted Bogue
- Vivian Hansen
- Girls' Athletics: Mary Sheldon, chair
- Girls' Athletics: Mary Sheldon, chairman
- Helen Hovland
- Winnifred Clark
- Ivy Day: Cloyd Clark, chairman
- Herbert Gish
- Bryce Crawford, Jr.
- George Skilstead
- Frank Winegar
- Athletic: Austin Smith, chairman
- E. A. Haverly
- Walter Williams

Pasteur gained immortal fame by being the first man to successfully vaccinate chickens.—Sent In.

SOLO DANCE FEATURES BLACK MASQUE PARTY

Tickets for the subscription dance to be given at the Armory Friday evening under the auspices of Black Masque are going fast, but a limited number is still on hand. They may be obtained at the Student Activities office or from any Black Masque. The decorations are to be unusual, according to announcement made by the committee in charge, headed by Ruth Hutton. A solo dance by little Marjorie Corrington is one of the novel features.

SENIORS TO ENACT "IF I WERE KING"

McCarthy's French Drama Will be Presented Ivy Day Eve, May 18.

"If I Were King," four act drama of picturesque France in the time of Louis the XVI, written by Justin Huntley McCarthy, has been chosen as the Senior play for presentation on evening before Ivy Day, May 18. The play, though by no means a modern drama, has never been presented in Lincoln and offered what was thought to be the best opportunity for the class to make a worthy effort.

It is a costume play, requiring a large cast, special scenery and much preparation, but it is planned to make it the biggest event of the year in University dramatics. Definite arrangements for a theater have not yet been made, but will be announced as soon as determined.

The story is of a wandering poet philosopher, Francois Villon and his love for a lady of royal blood, Katherine de Vaucelles. It offers remarkable opportunities for a large number of Seniors in interesting parts and is as dignified yet as interesting and dramatic as a production by the graduating class of a college should be.

In this way a number of the more important Senior Class activities are put together in one week. Ivy Day has been set for Wednesday, May 19, and leaves Tuesday night, May 18 open for this University production. At the same time it enables visitors and returning alumni to see the class play, the Ivy Day festivities and the California baseball game all within twenty-four hours.

Tryouts for "If I Were King" will be held next week, definite announcement to be made Friday. All Seniors are eligible to take part in the class play and are urged to secure parts for the try-outs. Mimeographed cuttings from the lines will be filed at the reserve desk in the Library before Friday for those who wish to try-out in various parts. A more complete announcement of the characters and the parts will be made Thursday. It should be particularly understood that try-outs and parts are in no limited to dramatic students or to those now in the University Players (Continued on Page Three)

ENGINEERS MEET TO FORM NEW SECTION OF SOCIETY

The Society for the Promotion of Engineering Education held a meeting Wednesday afternoon in Mechanics Arts Building to plan for the formation of the Kansas-Nebraska Section of the national organization. Tentative plans were made for the initial meeting of the Section to be held at the University April 14 when representatives from other institutions will be in Lincoln to attend the dedication of the Agricultural Engineering Building at the State Farm.

A campaign to secure every member of the engineering faculty for this organization will be carried on. The National Society was organized at the World Fair at Chicago in 1893. It now has a membership of fifteen hundred with a representation from sixty-seven institutions. Professor Chatburn has been national president of the organization and is now temporary chairman of the Kansas-Nebraska Section.

HOW TO RUN THE 220-YARD DASH

Coach Schulte in "Track Talks" Gives Valuable Information for Cinder Artists.

ARTICLES MAKING A HIT

It may not be amiss in these times of bright track possibilities for Nebraska cinder artists, to print Coach Schulte's track talk on "The 220-Yard Dash." These track talks of Nebraska's coach are appearing in newspapers at this time, and are full of valuable information for athletes as well as for sport "fans." The Coach has the following to say on the 220-yard dash:

"In order to become a good 220-yard man it is necessary to be master of the technique of the shorter dash. No man can expect to succeed, nor yet show skill in the longer race until he has mastered the start, the sprint, and the pitch, as discussed in the articles on the 100-yard dash.

"That does not necessarily mean that he must be a good 100-yard dash man. Quite often it happens that the chap who can run a good 100, may find that he lacks the endurance to run a good 220. It is equally true that he must be a good 100-yard dash man—possibly because they get away from the mark slowly and are slow in getting into their stride.

"At the present time there are two men being watched as possibilities for the Olympics, who illustrate this point. In the first indoor meet in New York City recently, the Milrose games, Jack Scholz and Loren Murcheson finished in order by inches in the 70-yard dash in world's record time, 71.5 seconds. Both are great sprinters. In any race from the mark to the 100 or possibly the 120-yard mark, Scholz would doubtless win from Murcheson, for he has a terrific burst of speed anywhere within the 120. Beyond that distance the winner would probably be Murcheson, for he seems to gather strength as he goes.

"From the standpoint of training the chief difference between the two dash events lies in the matter of the distance to be worked.

Pointers on the 220-Yard Dash

1. Master the start, the sprint, and the pitch.

2. Devote considerable time to 50-yard dashes, to develop your initial speed.

3. In early season swing through a 300 once or twice a week at three-quarters speed, and jog a number of quarters.

4. For mid-season, the 300 can be run occasionally at nine-tenths or nearly top speed. The 170 or 180

BENGSTON WRITES OF VOYAGE TO HONDURAS

Geography Department Receives Interesting Letter from Professor Making Central American Survey.

Professor N. A. Bengston of the Geography Department of the University, who is on leave of absence to make a geological reconnaissance survey of Honduras, has written to members of the department. His interesting letter follows:

Tegucigalpa, Honduras,
February 15, 1920

"We have covered the district from the Pacific Ocean to this place. Igneous rocks predominate all the way but towards the coast lavas of very recent age cover practically the whole country so the structure is hidden. Volcanic cones varying from small, h'lock-like heaps to those several thousand feet high are numerous and give rise to a topography of greater grandeur than any of the volcanic topography I have seen in the U. S. A. About 30 miles from the coast, the basalt columns along the valleys are of such splendor and variety as to turn (Continued on Page Three)
