"AFTER COLLEGE—WHAT?"

The "AFTER COLLEGE—WHAT?" campaign begins at the University today. The speakers at this vocation conference have a very real and vital message for University of Nebraska students in more ways than one. During the week, special convocations will be held to bring together students and faculty members interested in the various lines of work represented in the discussions. At these convocations, the speakers of the conference team will present different phases of all kinds of professions. This is the age of specialization and vocation guidance and this is the opportunity for Nebraska to get the best and make the most of the advantages of the presence of these experts who are to be here this week.

One of the most unusual features of the meet is that the various workers are putting themselves absolutely at the service of students during conference hours every day when anyone may go to some one of the leaders and receive advice on his particular problem. Each leader will have a special subject to discuss and explain, but one may obtain help and encouragement from any of them. Dr. Kurtz is especially interested in the relationship between science and religion. Miss Bennett in women's vocations and Dr. Gilkey in general vocations.

This is a most unusual opportunity for students to receive expert, practical advice on his life work. If you do not particularly desire to teach school but do not have anything else in view, for next year, talk to Miss Bennett and she will help you get in touch with some other more congenial occupation, and so with other work. Let's get out and push this meet. Just what you put into it, you will get out of it, so think it over seriously and see what it may mean to you.

UP WITH THE SALARIES.

At last the long-hoped for salary increase has come. At the meeting of the Board of Regents Thursday, the program was approved and salaries at the University of Nebraska are to be raised twenty-six per cent. The decision was somewhat of a delightful surprise to members of the faculty for the general impression was that the increases could not be put through until September at the earliest, so this five months' advantage is a welcome one. This question has been a very important one here for some time and we are glad to see that it is now so speedily settled, although we also hope that this is simply the beginning of a higher scale of pay so necessary to put Nebraska in this respect up with the other universities of like scholastic standing. The scale of salaries of college and university men has always been so hopelessly inadequate in comparison to other professions, that at last the public has been awakened to the fact, and in all fairness is beginning to alter the situation.

IVY DAY—ALL HAIL.

Ivy Day is announced already. It does not seem possible that plans are being formed for this day so soon. This notice has a strange significance to the senior, for it brings home the fact that his college days are almost over. On this day, the May Queen is crowned, the senior address given and the ivy planted—then the day is the juniors'. With the tapping of the Black Masques and Innocents, plans for the next year are started merrily on the way and the senior must stand back and wish his junior brother success. His day of college activities is over. Then come final examinations, his last chance to "show someone" how much he knows here in school, Baccalaureate and graduation day.

But Ivy Day promises to be a jolly one this year and every senior will enjoy it to the limit and then pass his honors willingly on to the junior in the best of spirits. Long hail the great day, at any rate.

UNI NOTICES

Senior Play Try-Outs
Senior play try-outs, open to all Seniors, will be held Thursday evening in Temple Building, Room 101. Parts for try-outs can be secured at reserve desk in Library.

Notice
The person who advertised for a fountain pen with two gold bands on it, may have the pen by calling at Room 313, Social Science Building, and identifying the article.
A. L. ADAMS.

News Writing
See bulletin board announcement and assignments concerning work this week.
M. M. FOGG.

Inter-Collegiate Debate Candidates
Consult bulletin board this morning for instructions governing preliminary contest, order of speaking in which will be determined at 11:50 today.
M. M. FOGG.

SOCIAL EVENTS

Alpha Omicron Pi was hostess at a luncheon given in the Chinese Room of the Lincoln Hotel. About fifty guests were present. A centre-piece of dark red roses and ferns decorated the table. Between the courses a program was given consisting of a piano solo, Mildred Beecher, a solo dance, by Dorothy Woodward, and a series of songs by Margaret Perry. After the luncheon the guests were entertained at a theatre party at the Orpheum.

Eighty-five couples attended the Engineers' Hop at the Commercial Club. Green and white, the Engineers' colors, were carried out in the favors and programs. The favors were white roses and the programs had large green "E's" engraved upon their white covers. Professor and Mrs. Chatburn, and Mr. and Mrs. J. Haney were present as chaperons.

Members of Kappa Delta, alumni and active, were entertained at a tea given at the home of Miss Helen Tuttle, 3012 "O" street. The rooms throughout were decorated with baskets of spring flowers. A program consisting of a song by Lucille Cline, a whistling solo, by Dorothy English, and a reading solo by Mary McCoy was followed by a short talk by Miss Blanche Grant on her experiences in France.

Black Masque, senior honorary society, entertained at a subscription dance given at the University Armory. With the windows covered by large black masques, and streamers of black crepe paper a unique touch was given the party.

PROFESSORS WILL GET RAISE APRIL 1

last April. It will represent an increase of about forty-two per cent over what the members of the faculty were receiving a year ago.

When attention was first given the matter of increasing professor's salaries after the meeting of the University Senate, it was not thought possible to put the new salary schedule into effect until next September. By a careful revision of the University's funds, however, Chancellor Avery and J. S. Dales, of the finance office, found it possible to grant the request of the Senate for a salary increase immediately.

VOCATIONAL WEEK WILL BEGIN TODAY

Continued From Page One)
Tuesday, March 23

11 a. m.—Convocation in Memorial Hall. "After College—What?" Dr. C. W. Gilkey.
