The BIG IDEA BACK of THE

Overall Club IS ECONOMY

THE desire for economy in clothes seems to be wide-trying to encourage in our advertising. We consistently urge economy. We believe that people who do not need colthes should not buy them. There have not spread. We are for it. It is something we have been been enough clothes in the country to go around and anyone who can get along with the clothes he has is renderin ga public service.

We have also said that if you do buy clothes for reasons of self-respect or other aesthetic feelings, you should buy the kind of clothes that should be the least wasteful.

Economy in clothes is not simply paying a low price for them; it is not getting a certain amount of cloth and tailoring, for clothes are something more than a mere covering for the body.

You'll find here economy in Hart Schaffner & Marx clothes; we guarantee that they'll give all the value, wear and style you expect to get in ANY clothes—if not; money back.
