Eight O'clock Tomorrow Morning.

Fifteen Hundred Volumes Ready for All Those Who Hold Receipts.

The 1920 Cornhuskers will be distributed at the Student Activities office Thursday morning starting at eight o'clock. Fifteen hundred volumes will be ready for students holding receipts on that day. The Cornhusker management requests every student to bring his receipt in order to avoid confusion. Those having lost their yellow slips can obtain their year-books Friday.

Twenty-five hundred Cornhuskers were sold by a corps of solicitors last February and a few more were printed so that those who were not able to subscribe during the campaign will be able to make late purchases. A limited number of books can be bought at the Student Activities office this week-end for the price of \$4.50.

Students must bring \$2.50 with them in order to receive their books Thursday and Friday. Two dollars was paid as a part payment during the campaign four months ago.

STATION A SAFE YIELDS

At six o'clock Monday evening, after three days work by safe experts, the Station A postoffice safe at last yielded to their efforts. After all the under the direction of Mr. Ward pried the safe lock open with a piece of shafting after three hour's work.

The opening of the safe ended the period of confusion which had been manifested in the University postoffice since the peculiar accident happened.

MAN FROM MEXICO" UNIQUE OFFERING

Convicts to Have Parts in Production Directed by Herbert Yenne.

PLAY IS MONDAY NIGHT

"The Man from Mexico," a startling play of intrigue and blood-thirsty combat, with vivid settings depicting wild life in America's southern neighbor country, intermixed with the broils and fights of the populace, will be presented at the state penitentiary Monday evening. May 31, by eleven players from the ranks of the convicts, known as the Lancaster Dramatic Club, and four members of the University Players Company, including Leone Mills and Florence Maryott,

work of the experts failed, six men Nebraska Ready for Missouri Valley Meet at Ames Friday and Saturday.

> Scholz of Southeast Neighbor State Holds Record of 9:4 in Hundred.

> Nebraska will meet with some keen competition at the Missouri Valley meet in Ames on Friday and Saturday of this week. A comparison has been made between the time made by the various schools and that made at Nebraska and the Husker entrants must be in the best of condition in order to place in this meet,

The Huskers will leave tomorrow for the Missouri Valley so as to be on hand in case the preliminaries are run on Friday. All men who have made good time and show signs of winning points will be taken to this meet and only those men who make second or better in this meet will be entered in the Western Conference meet at Ann Arbor the following

With the exception of "Squirt" Owens, the team is in the best of condition. "Squirt" has been doctoring a bad ankle for the last few weeks and will enter the meet at Ames with a couple of "pulled" muscles.

Valley Records Good

Scholz, of Missouri, holds a record in the hundred with the time of 9:4 while the best time at Nebraska is held by Deering with 10:02.

Gibbs has made the 220 in 223-5 and the 440 in 513-5 but he has to compete with Wollers of Ames in the 440 with the time of 50 2-5 and Scholz in the 220 with 22 flat. Finney and Wright rank with the leading hurdlers with the time of 153-5 in the high hurdles and 26 flat in the lows. Watson of the Kansas Aggies has a L better record than Graff in the two mile run, and Nebraska's best time

in the mile held by Dorn at 4:38 is outdone by Watson with 4:23 2-5. Dale, Carson, Gish and Garhart are pretty evenly balanced with the leaders of the Missouri Valley in the field events and should tally their share of

PSYCHOLOGY TEST FOR **ENGINEERING FRESHMEN**

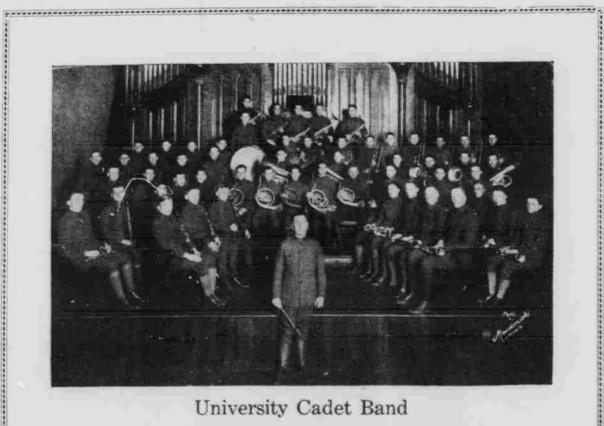

First-Year Men Will be Examined Saturday Morning in Chemistry Hall.

The following notice has been issued to all Engineering Freshmen from O. J. Ferguson, acting dean of the College of Engineering:

"A psychological examination, consisting of a regular army test, will be given to all Engineering Freshmen Saturday morning, May 29, at nine o'clock, in the large lecture room in Chemistry Hall,

"This test requires fifty minutes of careful, quick work. Provide yourselves with two sharp lead pencils."

This test, under the auspices of the Engineering College, is a continuation of the practice begun last year. It is hoped that such examinations will be held each year in order that their possibilities may be studied. These psycological tests help the executives in that college to evaluate men and place them to their best advantage in their course in school and in their subsequent work.
