VOL. XX. NO. 7.

LINCOLN, NEBRASKA, THURSDAY, SEPT. 23, 1920.

PRICE FIVE CENTS.

BUSY SEASON FOR STUDENTS

CALENDAR OF EVENTS FILLED WITH INTEREST.

NEW UNIVERSITY SKYLINE

NEBRASKA NOW IN FIFTY-SECOND YEAR OF PROGRESS.

Registration Will Surpass That of Last Year According to Present Indications From the Office.

From the calendar of events scheduled for 1920-1921 at the University of Nebraska, a busy season of activity is expected. The affairs of the school year will be as varied as it is possible to make them. The University commences its fifty-second year this fall.

It is much the same University that the students left last spring, but returning students who wander through familiar halls and shake hands again with their favorite professors realize that it is a mightier institution. Its campus has increased in bounds and its plane of advancement is on a higher scale.

New Campus Skyline.

In spite of its delays in letting contracts, the campus skyline is assuming a new and better contour with the new buildings on the verge of completion.

The Social Science Hall marks the first step toward the completion of the "street of a thousand columns" so colorfully described by Dr. H. B. Alexander in his article relating to the "Nebraska University to Come" in the 1920 Cornhusker.

The registration, beyond a doubt, will surpass that of last year when it was thought all records were shattered. Exact figures are not yet obtainable as stragglers still continue to enroll, but there is ample evidence that the registration in all colleges will be far ahead of previous high marks. This is especially true in the Law College and College of Business Administration, where students are increasing the enrollments in those departments by enormous percentages. Keen observers noted that in spite of new and easier methods of registration, lines in the Armory were just a little longer and had just a few more curves than ever before.

A number of new courses are being introduced this semester. The desks in the Library have been combined for the sake of efficiency.

Same Old Library.

The Library itself is the same—with the same old steps—and the building is yawning for the same bookworms. "Perhaps some of them will yawn, too, before the season is over," said a brilliant Freshman Wednesday.

The sororities are work under the same 10:30 rules, and the same old incentive to break them exists for the same old male sex.

But, everyone, old and new, is glad to get back on the job again.

Thanksgiving recess will begin November 24 at noon and end, November 27 at noon. Christmas holiday vacation holds from December 22 at six p. m., until January 5, at eight a. m. The spring recess will be from Saturday noon, March 26, until Saturday noon, April 2.

The schedule of the year is reproduced by the Daily Nebraskan on another portion of this page.

INTERESTING MATCH BOOKED FOR SATURDAY

Director F. W. Luehring, chairman of the combined departments of physical education and athletics, is a noted tennis player, and intends to place this sport on a high plane at Nebraska. Plans under consideration at the present time call for at least twenty tennis courts on the University campus. At present there are two.

A few weeks ago the city of Lincoln held a tennis tournament in order to determine the singles and doubles championship of the city for a year. The doubles resulted in Weaverling and Elliot defeating the Wesleyan team in the final match. The singles championship was delayed due to rain, but they will be played next Saturday, at three o'clock, at the University courts.

Both Weaverling and Elliot are former University students. Weaverling was captain of the team in 1910 which won the Missouri Valley championship at Kansas City. Elliot has won several tournaments and went to the semi-finals in the Colorado state tourney three years ago.

ASSOCIATION TO STAGE BANQUET

CHRISTIAN ORGANIZATIONS IN PREPARATION FOR BIG EVENT.

All-University Mixer Also in Plans for Next Few Weeks of interesting Activities.

Two coming University functions which are important from the point of view of the new students at Nebraska are the joint Y. W. C. A. and Y. M. C. A. banquet and the all-University mixer.

At the joint banquet, which will be held Tuesday evening, October 4, Dr. John Timothy Stone, of Chicago, will be the principal speaker. It is expected that over one thousand students will attend this annual "get-together." Dr. Stone is a speaker of nationwide prominence and cancelled two previous engagements to be present in Lincoln because of his deep interest in the new plan of religious unity at the University of Nebraska.

Saturday evening, September 25, is scheduled the first All-University mixer under the auspices of the Y. M. C. A. and Y. W. C. A. The party will be held in the Armory. Plans for the entertainment of 350 students are well under way, and Freshmen especially are asked to attend. A program consisting of music, readings and Nebraska yells and chants will be a feature of the frivolity. An orchestra will play during the entire evening.

SOCCER OPENS CO-EDS' 1920 SPORT PROGRAM

Soccer will open the fall season of women's sports. Ruth Fickes, Women's Athletic Association soccer leader, announces that practices will begin Thursday. Notice of the practice hours will be posted on the W. A. A. bulletin board in the Armory. All University girls who are interested in athletics are urged to play soccer. Freshmen, in particular, should come out for the first practices and learn how to play the game.

An inter-class tournament will be held this year as heretofore. All girls who make class teams are given W. A. A. points. One hundred points are necessary for membership in the Women's Athletic Association. When a girl wins 1,000 points she receives the highest honor awarded in women's athletics: the privilege of wearing the "N."

FIRST MEETING OF LEGION POST OF UNI TONIGHT

The University Post of the American Legion will hold its first meeting of this year Thursday evening, September 23. The old cafeteria room of the Temple has been taken over for this purpose to insure sufficient seating capacity. The meeting will begin at seven-thirty.

There will be several important matters to discuss. The new officers for the year are to be elected. The reports of delegates to the state convention will be given. All former members of the Legion are asked especially to be present, and all ex-service men who are not yet affiliated with any post are cordially invited.

CALENDAR OF EVENTS FOR 1920-1921.

1920	1921
Sept. 15-18	Wednesday-Saturday
Sept. 18	Saturday, 8 p. m.

PROFESSOR STEPANEK WILL TEACH ENGLISH

GRAD IS ASSISTANT INSTRUCTOR IN DEPARTMENT.

Will Also Have Few Classes in Bohemian—Taken Graduate Work Elsewhere.

Orin Stepanek, a graduate of the University of Nebraska, is an assistant in the English department of the Arts and Science College this year. His instruction will include courses in English and one or two classes in Bohemian.

Professor Stepanek is of Bohemian nationality, his home being in Crete, Nebr. He was graduated from the University of Nebraska in 1912. After leaving here he entered school work in St. Louis and later attended Michigan Agricultural School. He took his degree at Harvard and, when the war broke out, entered the air service. In this capacity he was stationed for some time in Central Europe.

Y. M. C. A. work appealed to Mr. Stepanek and at the close of the war he went to Cecho Slovakia, the newly organized province in Bohemia, to serve in the Y. M. C. A. branch. While in Europe he traveled extensively in the central countries of the continent and studied existing conditions.

FIDDOCH IS CIRCULATION MANAGER OF NEBRASKAN

James F. Fiddoch was appointed Circulation Manager of the Daily Nebraskan at a meeting of the Student Publication Board Tuesday morning, to fill the vacancy caused by the resignation of Royce S. Kinsinger who did not return to the University this year. The personnel of the paper's business staff is now complete.

ENGINEERS NOW ARE DEVOTEES OF MOVIES

DEPARTMENT TO SHOW FILMS OF INTEREST TO HUSKERS.

First Reels Will Show Methods Used in Making Paint and Varnish at Factories.

The Mechanical Engineering Department of the University every Thursday at eleven and five o'clock will present moving pictures of manufacturing operations and engineering constructions. The schedule for the present semester is already complete and a program for the second semester is being planned. The pictures show the making of different objects. Subjects ranging from the making of a piano to the building of an automobile will be featured.

The first picture on the program will be shown Thursday morning and afternoon in Room 206 of the Mechanical Engineering Building. It is "Making Paint and Varnish" by the Sherwin-Williams Company. The next week 2,000 feet showing the "Making of a Piano" by the Packard Piano Company, will be run.

During the month of October, "Making Saws, Files and Rasps," 3,500 feet, by Henry Disston & Sons, Inc.; "The Story of Oil," three reels, by the Standard Oil Company; "The Story of Coal," three reels, by the Peabody Coal Company; and the "Making Fine Tools," by the L. S. Starrett Company. Three pictures, "Electric Cranes and Hoists," five reels, by the Shepard Electric Crane and Hoist Company; "Modern Logging," two reels, by the Clyde Iron Works; and "Building a Locomotive," by the Baldwin Locomotive Works, will be shown in November.

The last of the semester will bring "Making Automobiles," by the Packard Motor Company; "Asphalt and

(Continued on Page 4.)

FIRST FORUM MEETING TO BE A "SING-FEST"

A University "Sing-Fest" will be combined with the first meeting of the Forum, today at five o'clock in the University Y. M. C. A. rooms at the Temple. As an added attraction to the discussion of present-day topics by college men, which formed the chief part of the Forum meetings last year, it is expected to draw a large number of University men.

Harry Huntington, student pastor, will lead in the discussion of the subject, "Am I My Brother's Keeper." Although this is an old quotation there is a great deal to consider in regard to it, particularly as applying to some University problems, and it is hoped that some real good may come from the general discussion.

The "Sing-Fest," as those in charge refer to it, will furnish a chance for considerable enthusiasm of a more physical nature to find expression. First-year men will find an opportunity to learn, and older men a chance to brush up on some of the songs that are dear to all Cornhuskers.

FORMER STUDENT DIES AT DENVER

JUNIOR OF LAST YEAR KILLED BY GUNMAN.

Carl Liebers, Charter Member of Alpha Gamma Rho Shot While in Western City.

Carl Ludwig Liebers, charter member of the local chapter of Alpha Gamma Rho and Junior in the University last year, was shot and killed about fourteen miles from Denver Monday, September 20. His funeral will be held at his home town, Minden, Neb., ten o'clock today. About fifteen members of Alpha Gamma Rho left Lincoln last night to attend the funeral.

Mr. Liebers left Denver by automobile about noon Monday to see a customer in the country on business. The most acceptable theory of his death is that he picked up a man on the road to give him a ride. This man is supposed to have shot him while he was driving the car. Signs on the body indicate that he had one hand on the wheel when shot, but tried to fight off his antagonist with his free hand.

It is thought that the murder was committed for money, because the watch and money of Mr. Liebers were gone when his body was found. Farmers working in the field saw the body picked up from the car and thrown to the road by the man in the automobile, who drove away so rapidly that he could not be overtaken. They went in pursuit of him, but were not successful.

The car was found in Denver yesterday. Detectives believe they have the man who committed the crime although they are not at all sure. A reward of \$1,000 has been offered for the arrest of the man who committed the crime.

The body of the deceased will be buried at Minden, Neb., today. Rev. J. W. Crist, of Lincoln, will preach the funeral sermon. The following members of Alpha Gamma Rho will serve as pall-bearers: Walter Metzger, Ralph Fortna, Martin Kreuger, Joseph Calder, Paul Bauer and Henry Meyer. As many as can leave will attend the funeral.

Carl Ludwig Lieber was the son of Mr. and Mrs. August Lieber at Minden, Neb. He was born October 7, 1897. He was graduated from the Nebraska School of Agriculture in the spring of 1916. While in the School of Agriculture he was halfback on the football team two years, member of the Ophelian debating team, first lieutenant adjutant of cadet battalion, member of the Y. M. C. A. cabinet, member of the Junior class basketball team and member of a stock judging team.

He entered the College of Agriculture in Nebraska University in the fall of 1916. He was a charter member of Kappa chapter of Alpha Gamma Rho, member of the Ag Club, vice-president of United Ag Club, member of University German Dramatic Club, member of Kearney Club, member of Student Assistant Club, and member of Sophomore class football team 1917. He lacked one year of finishing the University and expected to return the second semester this year.

GRID SQUADS COAST ALONG

TORRID WEATHER FORCES COACH TO SLOW DOWN STEAM.

PREPARE FOR BIG GAMES

SCHULTE TAKING NO CHANCES ON ANY STALENESS.

Early Contestants Have the Jump on Scarlet and Cream But Huskers Confident.

Facing the danger of early-season staleness, a possibility due to the tropical heat on tap since the inauguration of gridiron practice in the camp of the Nebraska Cornhuskers, the proteges of Head Coach Schulte are persistently "going easy" in their daily workouts on the state University athletic field. The knowledge that Washburn College and Colorado Agricultural College, which come first on Nebraska's schedule of games, have been grinding along for three and four weeks, in pursuit of a plan to "prime for the Cornhuskers," is not being permitted to interfere with Coach Schulte's scheme to bring the Huskers gradually up to form for the more important subsequent contest with Notre Dame, dated for October 16 in Lincoln.

Anxious to Win.

"As a matter of course, Nebraska is anxious to win from Washburn and the Colorado Aggies," said Coach Schulte, "yet there are other factors which must be taken into account. The weather conditions under which the Cornhuskers have been practicing would make it dangerous if we were to go at full speed in getting ready for Washburn and Colorado. Nearly every man on Nebraska's Varsity squad reported under weight. Hubka was off nearly twenty pounds as were Dale and Monte Munn. In fact, Wade Munn, who reporter last Monday, is the only Varsity man on the squad who showed up carrying more than normal weight. To drive hard, in view of the unusual heat might put the squad in prime trim for the early games, yet the possibility of reaction in the form of staleness must be taken into consideration. We must risk something against Washburn and Colorado in order to be in condition for Notre Dame and the subsequent big games on our schedule. That is why we have been 'going easy' and delaying the inauguration of scrimmage practice. In the long run, I think it will pay."—Lincoln Star.

Huskies Run Signals.

Last night's practice was taken up with running signals, covering punts, working out formations, and receiving forward passes. Lum Doyle was out and helped the coach with the men on the dummy. He is of the opinion that Nebraska has a wonderful turnout and the making of record beating team. Dale would like to have tacklers avoid trying to rough his good looking shirt.

Before dismissing the players the coach ordered the men to appear in full uniform for today's practice and to be prepared for scrimmage.

CHANCE TO HELP.

The large array of Husker gridiron material that is practicing daily on the Athletic Field will necessitate more equipment, according to advice from the Athletic Department. The Department will be unable to furnish the large supply of football togs needed for the extraordinary large squad this year.

For this reason a small fee of twenty-five cents will be charged at the gate Saturday when the Yearlings mix for the first time with the Varsity. This promises to be a hot battle and some of the first-year students are already wagering odds on the Freshman squad. The proceeds of the struggle Saturday will go to buy additional equipment for the gridiron squads this season and to put them in gala array and "war feathers" for the coming schedule of stiff games.

UNIVERSITY CALENDAR.

THURSDAY, SEPTEMBER 23.

University Commercial Club, 7:30 p. m., Social Science 305.

A. A. E. executive boards, 5 p. m., M. A. 105½.

Iron Sphinx, 7:30 p. m., Beta Theta Pi house.

American Legion, 7:30 p. m., Temple.

FRIDAY, SEPTEMBER 24.

Closed night.

SATURDAY, SEPTEMBER 25.

"Ag" Club smoker, Alpha Gamma Rho house.

Pan-Hellenic reception for pledges, Chi Omega hostess, 2-6 p. m., Chi Omega house.

Y. M. C. A.-Y. W. C. A. party.

Delta Zeta reception for chapter, 3-5 p. m., chapter house.

Alpha Sigma Phi pledge dance, chapter house.

"Big and Little Sister" party, 9 a. m., Antelope park.

News of the Day

Democratic Campaign Fund.

WASHINGTON, Sept. 22.—The Democrats have decided that a million dollar campaign fund will be all that is necessary. This was told to the committee of the organization of the Democratic fund machinery.

More Prices Down.

OMAHA, Sept. 22.—On account of the greatly increased corn crop in Nebraska, the price of corn products will drop. The only solution suggested for the drop of prices is to start the consumption of products that are plentiful.

Prohibition a War Preventative.

WASHINGTON, Sept. 22.—Prohibi-

tion has been advocated as a preventative of revolutions. This comes from Mexico, and will soon be tried out.

Socialists Barred from Assembly.

NEW YORK, Sept. 22.—New York state for the third time refused to allow socialists a seat in the assembly. Three men were voted out, and two refused to accept seats in so "un-American assembly."

Are Six Wives Enough?

SAN FRANCISCO, Sept. 22.—A San Francisco man has decided that six wives are enough. He has been married six times and five times divorced.
