

FRESHMAN FIGHT CLOSEST IN YESTERDAY'S BALLOTING

(Continued from Page 1.)
the Freshman fight and worked hard persuading the first-year students to vote their way. The first-year class polled 506 votes; the successful candidate polling eleven more votes than his nearest opponent. This probably sets a record for closeness in voting for several years. The winning Junior candidate received the highly coveted position of Junior executive by defeating two candidates and winning by fourteen votes.

The Senior election was purely complimentary, as only one name appeared on the ballot.

Probably one of the biggest surprises in the election was the big majority polled by Philbrick in the Sophomore election. He polled almost two-thirds of the vote. Only two candidates were entered in the Sophomore race.

Miss McGahey, registrar, conducted the election, assisted by a committee from the faculty. The Australian ballot system was used and no electioneering was allowed in the room where the ballot box was placed.

Another surprise of the day was the fact that the Freshmen polled more votes than did the Sophomores. Many of the upperclassmen who have been bewailing the fact that the first-year class "had no life," were considerably surprised at the turnout. One of the first results of the election will be the appointment of committees for the first semester. Organization of the two underclasses for the annual Olympics is expected to proceed rapidly from now on.

Alyne O'Laughlin, Senior president, comes from Grand Island. She is a member of Kappa Alpha Theta, and was a Silver Serpent last year. She is president of Theta Sigma Phi, honorary journalistic fraternity and attended the national convention as delegate this spring. She has been on the staffs of the Daily Nebraskan and Argwan besides being active in the W. S. G. A. and W. A. A.

Isabel Pearsall, successful candidate for the Junior presidency, is a Pi Beta Phi member. She is a cheerleader and has always taken an active part in her class activities, and is now rewarded with one of the most sought after positions in the University.

Eugene P. Philbrick, Sophomore president has the honor of polling the largest number of votes and of winning the largest plurality of any of the candidates in yesterday's elections. He is a member of Alpha Theta Chi. Philbrick was a member of the Green Goblins last year.

Robert E. Craig, who lead the field in the first year contest, comes from Lincoln High School, where he took a prominent part in school activities. He is a pledge of Delta Chi.

a special delivery letter to Ames requesting the use of the Iowa school's push-ball for the struggle which takes place the morning of Homecoming Day, October 16. This date is somewhat earlier than that set last year when the Olympics did not come until November 15, the date of the game with the Jayhawks.

Pep Meetings Urged.
Both underclasses are urged to hold pep meetings as soon as possible to line up forces for the fray. From day to day both classes will be represented by articles in the Daily Nebraskan columns.

With only ten days until the contest, both classes should begin to rush preparations forward with all possible speed. All signs point to one of the hardest fought battles in the history of the Olympics.

FRESHMEN RECEIVE INTELLIGENCE TEST

(Continued from Page 1.)
Dr. Alexander's Comment.

"The idea is eventually to economize the energies of both the University and the student," said Dr. H. B. Alexander, in whose department the work is being done under the immediate supervision of Dr. Winifred Hyde. "A careful analysis of records of these examinations will prove a mine of valuable information to educators in Nebraska."

It is expected that the results of these tests will supply some very interesting material from which inferences upon some of the vital problems of education can be drawn, according to records produced elsewhere.

ALUMNUS WRITES OF PHILLIPINE ISLANDS

(Continued from Page 1.)
and narrow streets, we came upon a very large theater with posters out in front so that it looked more like a side-show of a circus. We went in and were given seats in the balcony, first row. The natives mostly squat on mats on the floor and smoke and talk and drink at leisure; of course the entrance of seven Americans was quite an event. The arrangement of the place was very much the same as in the states. I cannot say what the play was about. I only know it was some sort of a very intense tragedy, I suppose on a par with Macbeth or Hamlet. But it was quite interesting to follow the action. One thing which was funny was the fact that the minute the curtain was drawn all the small boys and girls immediately ran forward and lifted up the bottom to look under. We caused some real amusement at one time by applauding when there was evidently no cause for applause. I have a copy of the program which I will send you in this letter. It may be of interest to some of the folks at old U. of N."

PARADE OF OLYMPIC ATHLETES

Receive Their Official Welcome Home at New York.

NEW YORK, Oct. 2.—America's victorious Olympic athletes today received their official "welcome home" in a parade down Fifth avenue, applauded by thousands. Led by Pat McDonald, the team's hammer-thrower and standard bearer, marching with the stars and stripes at the head of the procession, more than 100 of the 275 men and women who won the international matches passed in review. When the parade ended at the city hall, Mayor Hylan presented New York's official medals of gratitude to the athletes. Later the members of the victorious team were guests of the city at a banquet.

Growing waves of applause and cheers rolled down Fifth avenue as the parading victors, each carrying an American flag, passed between block after block of crowded sidewalks. Flags and bunting gave the buildings a gala appearance. Three bands played march music, which put snap into the steps of the paraders, while brilliant sunshine and crisp autumn breezes enlivened the paraders and spectators.

Each of the better known champions was greeted with particularly warm applause as he moved down the line. Duke Kahanamoku, the Hawaiian swimming champion; Matt McGrath, star of the weight events; Ethelda Bleibtrey, holder of several women's swimming records, and Sol Butler, jumper, were repeatedly cheered.

New York's warmest greeting was reserved, however, for the two "babes" of the team, Alleen Riggin and Helen Wainwright, champion and runner-up respectively in the diving events, both fourteen years old. Dressed in blue coats, short white skirts, socks and shoes, these little girls appealed most to the throngs. Neither appeared more athletic than the ordinary child of her age.

FACULTY MEMBERS HAVE STUDY ROOM

During the past few years the general library has been so crowded that no place could be provided where members of the faculty could study. Members of the faculty often wish to engage in some special research where it is necessary to assemble books and documents and have them available for use for days or weeks. The library has heretofore been unable to provide any room where tables or desks would be available for such use.

Recently, however, the library has acquired an additional room which has been designated as a study room for the faculty. Information in regard to the use of this room may be had from the librarian or any of the library assistants.

LITERARY SOCIETY GIVES PROGRAM

The Delian Literary Society held their annual reception from new students last Friday evening in Faculty Hall. A program consisting of short talks by officers of the Society, a violin duet by the Misses Wood, a dance by Miss Ray and a piano by Miss Hemminway was given.
