INTERESTING PROGRAM FOR ANNUAL HOMECOMING DAY

BIGGEST GRID CLASH OF YEAR AND CLASS SCRAP BOOKED FOR SATURDAY VISIT OF GRADS.

Preparations Being Made for Largest Delegation of Former University Students That Ever Journeyed Here for Like Occasion.

The biggest grid clash of the year, the annual class scrap between first and second-year men and an informal homecoming reception and party for Cornhusker alumni and ex-students, are only a few of the big features slated for the annual University of Nebraska Homecoming Day, Saturday, October 16.

The Olympics, in which the Freshmen win the right to either cast away their green caps, or wear them until the snow flies, will be held the morning of next Saturday, instead of the first part of November which was the custom for many years. Usually the Jayhawk game is staged Homecoming Day, but this year the Catholics meet the Nebraska grid heroes instead. Kansas and Nebraska will struggle at Lawrence this year on November 13.

It is the plan of the committee in charge of the celebration Saturday to prepare for the largest delegation of former University students that ever traveled to the capital city for a celebration of any kind. The Homecoming Day festivities will center around the Nebraska-Notre Dame struggle on Nebraska Field, but the Lincoln U. of N. Alumni Club has planned other features for visiting "homecomers."

Committee Prepares for Thousands.

The informal reception for alumni and faculty of the University will be held Saturday, October 16, at 8 o'clock p. m., in Ellen Smith Hall. The Lincoln Alumni Club will act as host. The chief event of the day for alumni, however, will be the luncheon and rally planned for them Saturday noon from 12 until 2 o'clock in Ellen Smith Hall. Mrs. Maurice Deutsch, member of the local club and vice-president of the state association, is chairman for the latter affair.

After the luncheon the guests will adjourn to Nebraska Field to witness the clash between the Indiana team and Schulte's warriors. Members of the University faculty are asked to secretary; M. A. Hyde, chairman of the executive committee; Guy Reed and Mrs. J. E. Gavin.

NEWS OF THE DAY

CLEVELAND.

The Cleveland Indians defeated Brooklyn, 8 to 1, in the Sunday world's series game. E. Smith delivered a home run with the bases full in the first inning. This was the first time this play was made in the history of world's series baseball. Wamsgans of Cleveland pulled off an unassisted triple play—first time in world's series and had only taken place two times in major league baseball.

CARNAVON, Wales.

Premier Lloyd George in a speech Saturday declared the British government decided to restore order in Ireland "by methods however stern."

OKLAHOMA CITY.

Again thrusting at the foreign policy of the Wilson

administration Senator Harding declared Saturday that while we have been sounding the loft idealism theory, British interests have been reaching out to nominate our industry through control of the petroleum supply.

WICHITA.

The wheat growers association of which many Nebraskans are members has asked its membership to refrain from selling any wheat after 5 p. m. October 25 until the price is raised to \$3 a bushel.

NEW YORK.

Ellis Island is congested as never before. Thousands are waiting at the gates for entrance to the United States and steamship companies are swamped with people desiring passage to the United States.

HUSKERS DEFEAT COLORADO AGGIES BY LONE TOUCHDOWN

NEBRASKA CARVES SECOND NOTCH IN VICTORY COLUMN BY VICTORY OVER MOUNTAINEERS.

Ernie Hubka's Attacks at Green and Gold Line Net Only Score of Game in Hard Fought Struggle With Farmers From Neighboring State—Heat Hampers Speedy Play.

NEBRASKA-COLORADO STATISTICS.	
Yards gained from line of scrimmage—Nebraska 158 yards; Colorado 74 yards.	
Passes completed—Nebraska 2 for 52 yards; Colorado 2 for 32 yards.	
Passes incomplete—Nebraska 3; Colorado 5.	
Passes intercepted—Nebraska 1; Colorado 0.	
First downs—Nebraska 10; Colorado 6.	
Punts—Nebraska 9 for 391 yards; Colorado 9 for 388 yards.	
Place kicks attempted—Colorado 1.	
Penalties—Nebraska 45 yards; Colorado 30 yards.	

Rallying from a slow start, the Nebraska Cornhusker in general, and Ernie Hubka in particular, carved another notch in the victory column by defeating the Colorado Aggies Saturday by a score of 7-0. The Aggies opened with a brilliant offensive similar to the tactics of Washburn which had the Huskers somewhat bewildered and it was not until the third quarter

SOPHOMORES CALLED TO MEET TUESDAY

SECOND-YEAR CLASS WILL DISCUSS PLANS FOR OLYMPICS.

President Philbrick Will Announce Appointments at First Meeting of Group This Year.

Sophomores will be given the chance to raise their stock in the Olympics at least a hundred points at the first class meeting of the year, Tuesday morning, in Law 202, at 11:30 o'clock. Class committee appointments will be announced by President Philbrick and preparations for the coming Olympics will receive a fresh impetus. Up to date not much enthusiasm and spirit has been shown by the class over the approaching Olympics struggle. There has been a feeling that the coming clash will be easy for the Sophomores because of their victory last year. The Freshman class of this year are in a position to put up a much harder scrap than the class of 1922 gave the Sophomores last fall. It will take the support of every man in the class if the Sophomore colors are to come out on top at the struggle Saturday morning.

Few Report for Tryouts.

Much remains to be done in the next few days in preparation for the scrap. The finals in the wrestling and boxing tryouts are to be run off and a team picked for the 400 yard relay. Only a handful of men showed up for the relay tryouts Saturday morning and few of these had track experience, although all had an abundance of the Sophomore spirit. More men must try out before a team can be picked.

All Sophomores will have a chance to show their pep and spirit at the Tuesday morning meeting. Plans for organizing the class into an efficient fighting body will be perfected. Co-eds as well as men are urged to join in the preparations for the Olympics. With several hundred fair co-eds cheering them on, the Sophomore warriors can not fail to tear the Freshmen up in the annual scrap, is the opinion of most of the second-year men.

Original Cartoon of Commoner in Library

Walter S. Whitten has presented the University library with an original Bryan cartoon by the famous cartoonist, "Ding" of the Des Moines Register. The cartoon is one presented to Mr. Whitten by the artist, J. W. Darling, and is inscribed with his well known nom de plume. It will be added to the University's unique collection depicting various phases of the great commoner's public life as pictured on the front pages of the press during three presidential campaigns. The cartoon originals forming the collection are drawn from both sides of the political fence. They are interesting, not only as examples of newspaper art, but as a historical source and commentary on political campaign history in this country.

PARADE GROUND FOR CADET DRILL

FOUR BLOCKS OF ADDITIONAL CAMPUS FOR TROOPS.

Plan of University is to Also Hold All-School Athletic Games, on New Tract.

The four blocks of additional campus, which have been visibly incorporated into the University extension program, will soon be in use as a drill and parade ground for the R. O. T. C., and also as a field for the all-school athletic games which are on the new program of the Department of Physical Education. According to Chancellor Samuel Avery, the new quad may be used by both departments so long as space is available.

As new buildings become necessary to house the University's increasing equipment for her increasing number of students, the new grounds will be gradually utilized for these structures and additional campus space. The space is already mapped for newly authorized buildings and gardens. Four new structures have already been erected on the original six-block tract of which this area is the remaining plat.

Houses and Trees Removed.

The new campus, "outside the iron fence," has necessitated the removing of a number of dwellings and many of the most venerable trees in Lincoln. Chancellor Avery has directed that all houses on the tract that are not suitable for dormitory purposes be vacated at once and the dwellings and sheds removed from the newly laid out plat. Trees—some of them nearly a century old—have been dynamited from the ground. According to E. L. Goldsmith, assistant superintendent of construction, who has been in charge of the grading and clearing, a dynamite charge of about five pounds removes a fair-sized tree, roots and all—"as neatly as you would pull a dandelion out of your lawn."

The new four-block tract includes the space of ground between Bessey Hall and the Social Science Building, from Twelfth to Fourteenth street. To date the houses have been torn down in this district and the debris has been carted away. The cellars have been filled up and the ground leveled off. A force of some fifty graders and wreckers under the direction of Superintendent C. E. Chowins, of the Grounds and Buildings Department, has transferred the "No Man's Land" of the University to other parts of the city.

Junior Farmers Carry Away Several Pigs

The Junior farmers of Nebraska carried off several prizes at the interstate fair at Sioux City, Ia., the week of September 20. The bread making team won first honors in its group and the animal husbandry team in their group. The bread making team was composed of Beulah Storious, Saon May Macauley and Anna Macklin, all of Kearney.

The animal husbandry team is composed of Fay Galentine, Edgar Stone and Mary Chatterton, all of Inland. The two teams were elected at the state fair to represent Nebraska. All the members are under sixteen years of age and have received their training in standard boys' and girls' clubs, formed under the supervision of the University of Nebraska.

FIRST FRESHMAN MEETING CALLED

ELECTION OF MINOR OFFICERS IS BOOKED FOR TUESDAY.

Gathering Will Discuss Plans for Disposing of Sophs in Annual Olympic Clash.

The Freshmen will hold their first meeting of the year Tuesday morning at 11 o'clock in the Temple Theater. President Craig requests that every member of the class be present as the other officers of the class are to be elected and plans discussed for the coming semester. The slogan of the meeting is to be "pep" and "more pep." President Craig has suggested that all Freshmen go to bed early tonight so that there will be an abundance of "fire" displayed at the meeting.

Chairman Dick Giller of the Olympics committees will tell what is being done by the different committees and what is expected of every Freshman next Saturday morning. He will also give the class some idea as to how bad the Freshmen will beat the Sophomores and what the plans are in this direction.

Want Pep and Fire.

It is possible that some member of the Innocents Society will be present to give the Freshmen a better idea as to what the significance of the Olympics are and the real value derived from them.

President Craig asked for the largest place the University affords to hold a meeting. When given the privilege of using the Temple Theater he seemed a little disappointed. When questioned he said that he did not know whether the Temple would hold all of the enthusiasm or not.

Freshman Olympic Committees.

The committees for the coming Olympics have been announced by President Craig of the Freshmen. He has appointed Dick Giller executive chairman of all the committees. The three committees appointed and the men who are carrying out the plans are as follows:

Entries committee—John Whetstone, chairman; Verne Lewellen, Newton Woodward.

Organization committee—Charles Newland, chairman; Ray Beecher, Rex Smith.

Rules and properties committee—Robert Craig, chairman; Edward Shoemaker, John Anderson.

The Freshmen tryouts were to have been held Saturday morning but owing to the fact that only a few men turned out they will be held Wednesday night in the Armory. The chairman of the committee in charge has asked all first-year men who are planning to take part in the boxing or wrestling bouts to be present.

George Maguire reports that the push-ball which is being borrowed from Ames will be here in plenty of time for the fray. The plans are well under way for the biggest "scrap" ever held between the two classes.

Mystic Fish Entertains For New Initiates

Mystic Fish, Freshmen girls' society, entertained Saturday, October 9, at a luncheon in the Lincoln Hotel, in honor of the new initiates. Thirty-five guests were present. The tables were decorated with red roses. Several alumni of the organization were invited. The newly elected members of the organization responded to toasts.

PLANS COMPLETED FOR BIG BANQUET

LARGEST GATHERING OF KIND IN HISTORY OF SCHOOL.

Dr. John Timothy Stone of Chicago to Be Principal Speaker at Great Affair.

Harry Linton, chairman of the Committee of Two Hundred, has announced the program for the 1,000 student banquet to be held in the Scottish Rite Temple, Tuesday evening, October 12. This will be the largest banquet ever given at the University of Nebraska and over 1,000 students are expected to attend. Nearly all tickets have been disposed of and only a very limited number will be on sale today at the Y. M. C. A. office. Every student should buy his ticket at once. Plates will be at a premium by Monday noon.

The all-University banquet for a thousand students has for its immediate objective the deepening of interest among the students in the opportunities of religious education offered them in the city and on the campus. There seems to be an unusual interest in the activities of the University which tend to strengthen the moral and develop a wholesome University life.

Dr. John Timothy Stone, of the Fourth Presbyterian church of Chicago, will be the principal speaker of the evening. Although Dr. Stone is well known to students and faculty of other universities he is to make his first visit to the Nebraska University next Tuesday. Other speakers on the program are Guy C. Reed, '11, and Dean Buck. Marion C. Mote, '22, and Clarence Dunham, '23, will make four minute speeches representing the students. Harry Linton, '21, will preside.

Dr. Stone is a graduate of Amherst and a trustee of his Alma Mater. He has been chosen University pastor for several of the universities and colleges and is frequently a speaker at student conferences of various kinds. His messages are always full of human interest and unusually sympathetic with students in their educational problems.

He is a great lover of nature, and for many years has spent his summers in the Rocky Mountains, where he has a commanding view from his summer home overlooking Estes park and looking out upon the snowy range.

Alumni Teachers Will Attend Omaha Rally

Alumni of the University who are attending the State Teachers' Association in Omaha will be entertained at a University of Nebraska luncheon November 4, under the auspices of the Alumni Association. Alumni President Dan J. Riley, during his conference at the University last week, made known these plans. Last year at the Hotel Fontenelle a very successful Nebraska rally of this kind was held during the Teachers' Convention. Omaha alumni are urged to be present as well as teachers. The purpose of the meeting is to foster the forming of new acquaintances and to renew old friendships, according to President Riley.
