Colonial—"Big Happiness." Dustin Farnum stars in this intensely dramatic play—attempting to impersonate his brother whom he believes to be dead, he finds himself assuming the duties of two men, a difficult salvation. The settings and scenes of this picture are especially attractive.

NEWS OF THE DAY

Ozark Farmers Use Planes.
 POPLAR BLUFF, Mo.—Farmers in this section of the country have taken to the air as a means toward more intensive farming. Many in dividual land holdings here are as large as 2,000 acres, due to many farmers having taken up large tracts of cheap swamp land which has now been drained. With an aeroplane the farmer can cover much more territory, and soon the "flivver" will be a back number.

Accept Government Proposals.
 LONDON.—The leaders of the federation of miners announced yesterday that they had accepted the government's plan for a settlement of the coal strike. It was stated by the Central News that the colliery owners also had accepted the government's terms. Settlement of the coal strike makes it virtually certain that there will be no strike by the railway men or the transport workers.

Booze Ring Near End of Rope.
 CHICAGO.—Indictment and arrest of the principals in the alleged "million dollar booze ring" which is said to have flooded Chicago and its

environs with contraband liquor since the eighteenth amendment became effective was believed appreciably nearer with the arrest and reported confession of "Mike de Pike" Heitler, notorious chieftain of the underworld. **Increase in Guard Prison.** LONDON.—The police guard at Brixton prison was again increased today. The total number of troops now stationed in Ireland number 49,000, it was announced in the House of Commons today. Sinn Feiners who arrived from Cork and other parts of Ireland for the obsequies went to Brixton prison in little parties throughout the day to see where the lord mayor had died.
