

FIRST CROSS-COUNTRY TRY-OUTS ON WEDNESDAY

Y. M. C. A. to Give Trophies at Race Thanksgiving Morning—Huskies Urged to Train.

The first cross-country tryouts for Nebraska men will be held Wednesday afternoon at 4 o'clock, according to an announcement made by Coach J. L. McMaster Monday. The Daily Nebraskan will print honor rolls from time to time of the first fifteen men who place in the various tryouts. From these lists Nebraska's teams will be picked.

The Y. M. C. A. of Lincoln will sponsor a cross-country race to be held Thanksgiving day just before the game with Washington State. Medals will be given for the first ten places, and ribbons for the next five in order. "It is not too late now to get out and train for this meet," declared Coach McMaster yesterday. Enrollment blanks may be secured from him at his office. A trophy will also be given to the organization which the winning man represents. The race is open to everybody.

Nebraska will compete with other schools in cross-country events. It is probable that she will enter the Missouri Valley meet to be held at Drake University, Des Moines. Entrance has already been made in the Western Inter-Collegiate meet at the University of Illinois which will be staged November 20. Negotiations are under way for a dual meet with the Kansas Aggies. Nebraska plans to enter several other meets, among them a meet to be held under the auspices of the Kansas City Athletic club, and the Y. M. C. A. meet here Thanksgiving.

OCTOBER EDITION OF ALUMNI JOURNAL OUT

Interesting Articles and Editorials in Current Issue Now Being Distributed.

The October alumni edition of the University Journal is being distributed by the alumni secretary, Miss Annis Chaiken. The issue contains a number of interesting articles and editorials.

An editorial on alumni seeking public office and an article by Dr. Hattie Plumb Williams entitled "Women's Activities on the Campus" have an especially timely significance. Dr. Williams, who is an associate professor of Sociology in the University, calls attention to the influence exerted upon the University by the creation of the new Women's Department of which Dean of Women Amanda Heppner was appointed head. The installation of a women's dormitory housing system with a central dining room, and the dedication of Ellen Smith hall to the uses of the women of the University means the recognition of a wider and more truly representative group of women in University affairs. Dr. Williams finds that "a broader significance attaches to this social solidarity than may appear on the surface."

The Journal also contains an article, "University Extension in Relation to Alumni," by Prof. A. A. Reed, director of the extension division, sketching broadly the big field of educational work which is being opened by that department in the communities of the state. The extension service has been reaching every corner of the state by activities centering in the College of Agriculture. The present movement is to carry the services of the other colleges representing the University to the people of the state in general.

Preparing For World's Greatest Stock Show

Preparations for the World's Greatest Live Stock Exposition at Chicago during the first week of December, are now well under way. Each season this spectacle of animal life is given a new stage setting, involving the labor of hundreds of men for several weeks and an expenditure of many thousand dollars. Part of this is necessitated by essential convenience for man and beast; part goes to furnish the coloring that has given the Exposition atmospheric brilliancy, intensified as each season rolls around. An enormous sum is required for light effects, a feature of the "International" that has always been abreast and much of the time in advance of such improvement as electrical ingenuity develops. This year a number of scenic novelties have been introduced, arrangement of exhibits has been perfected and a more elaborate setting given the latest addition to this aggregation of spectacles—the Grain and Hay Show, under the auspices of the Chicago Board of Trade.

When the gates are thrown open to the public, November 27, a month hence, all this elaborate and expensive getting-ready program will insure the most successful International Live Stock Exposition since the inauguration of that enterprise, which has been effective in promoting the welfare and progress of the live stock industry of all sections of North America.

Freshmen Laws Plan Hop for November 19

The Freshmen Laws met Wednesday afternoon at 2:50 for the purpose of arranging for the annual Law hop. They decided that the matter should be left in the hands of a committee and a committee was appointed consisting of E. T. Gardner, chairman; R. Samuelson, R. Stryker, C. E. Beck, Ray Weightman and G. W. Rodwell. They arranged to have the dance at the Rosewild party house, Friday evening, November 19. The committee expects to obtain one of the best jazz orchestras.
