Lives of dancers all remind us  
That the most of us are chumps,  
For we always leave behind us  
Footprints on the women's pumps.  
—Ex.

"Do you know another use for a meat holder?"  
"No, what? Steak holder."

She—"Football is such a rough game, do the players get killed very often?"  
He—"No dear, only once."

When the answer to so many mathematics problems is zero no wonder so many students think they are working for nothing.

Which is it? George Driver or George is a driver?  
George Driver with Omaha concern.

For the benefit of all Freshmen and uninformed upperclassmen we wish to announce that the Press Club is an organization for journalists and not for cleaners, pressers and dyers as some have thought.

Wanted—Room by young man well heated and light.

Perhaps the reason so many people are poor is that they are always pretending to be rich.

He—"You look sweet enough to eat."  
She—"I do eat. Where shall we go?"—Ex.

Why is it that when a girl is mad it is easier for her to get up stairs than for anyone else to get upstairs.

#### An Imperfect Day.

When you come to the end of a hard exam,

And you sit alone, with your thot, While the "bull" himself, like an innocent lamb,

Shrinks to see what the day hath brought;

Do you think what the end of a hard exam

Can mean to a proud heart,

When the grade goes home to dad and mam,

Who think their son's so smart?

Well, this is the end of a hard exam.

At the end of a quarter, too;

And it leaves some thots that ain't worth a damn,

Since now the test is through.

For professors have painted this hard exam

In colors that never fade,

And we find at the end of a hard exam

The mark of a grade we've made.  
—Ex.
