FINAL FOOTBALL RALLY TONIGHT.

Wow! Nebraskans be at the final football rally of the year at the Armory tonight. Make this pep session the greatest rally of the year. Let your voice-boxes run wild tonight. Show your team that you are proud of its efforts, and that you are just as loyal a supporter of the Scarlet and Cream today as the day the football season opened.

The speakers that have been secured are no less enthusiasts than the Freshmen who risk their glee club voices on the bleachers. One of the pep talkers has informed us that the rooters should keep their mouths open when they yell instead of closing them on the consonants. Nebraskans, do you need this kind of advice? Let's show this Nebraska professor that we yell vowels and consonants both-but more especially beat Washington State.

> Quite a novel idea to enMst the support of campus humorists is being tried out by the University of Oregon for its magazine "The Sun Dedger." Heretofore all contributions to the "funny section" had been made by the active staff and consequently lacked variety. In order to bring out this campus interest a society has been formed, all men and women students who are interested being eligible for selection. This is done to encourage outside contributions and to make the students feel that the magazine is a student activity in which virtually every man and woman on the campus can participate. Many students are not aware that tehy can write humor until they try it. To make the idea more appealing, the student offering the prize-winning article will be given railroad fare to the big Oregon

Homecoming at the University of Illinois, October 29 and 30, drew ten thousand graduates and tormer students back to the campus. MENORAH SOCIETY.

A very peppy and interesting meeting of the Menorah Society was held Sunday evening, November 21, in Faculty Hall. Among other things plans for future meetings were discussed, and five applicants for membership were voted in. The important business of the evening was a report from the committee for the Relief of Jewish Students in Europe, which showed a great enthusiasm and optimism both in the Lincoln and Omaha committees. Great results are expected from their work.

IDLE IN EUROPE

Workmen Who Combined with Italians Release All Plants.

LONDON.-Strikes and decreasing business in Europe have caused 1.-500,000 men to become idle, according to the British Labor Minister in an announcement which was issued here

Great Britain has, according to the bulletin, some two hundred thousand men on the payroll of the government. However, there are thousands more who are not getting the advantages of this government service. There is no particular suffering due to the fact that the weather on the British Isles has so far been mild.

However, it is expected that cold weather will soon set in and from the general restlessness and worry In passing, it may be noted that | Conference before Wednesday noon of the laboring classes the situation in general is said to be bad. The government is urging the unions to take in the unskilled laborers, especially those in the building trades as the government intends to begin a building program very soon that will require workers.

The total number of unemployed men in Great Britain is given as 450 000. In Germany there are reported to be 400,000 men idle. In France there are something over 200,000 idle men. In Italy, Austria and Central Europe there is no estimate available. The situation is also reported to be very unfavorable, how-

The total number of students enrolled in the short course of agriculture is 282, of whom 155 are first year students, 127 are second year men, representing sixty countles. Ten are entered in the special testers

Besides Wisconsin, various states are represented, the number from each being: Illinois, 26; New Jersey, 2; Minnesota, 1; Michigan, 1. There is also one man from Canada enrolled. A much larger enrollment is expected next semester. The reason the enrollment has not been larger at this time is due to the fact that the open weather has made it possible to do more farm work than is usually the case.

Unlike former years, there has been little difficulty in securing rooms for the short course students.-The Daily Cardinal.
