Think Neb. City Is State Capital

The impression that Nebraska City is capital of the state of Nebraska is firmly established in the minds of the French people, according to a letter received by Chancellor Avery. Last week the Chancellor received a communication from a certain "Compagnie France-Orient" which read that we "organize regularly trials of agricultural tractors and wish reports on same." Compagnie purports to be interested in the importation of tractors "in Russia and East Europa and generally in all lands."

Thus, the tractor testing department of the University of Nebraska seems to have spread its fame afar, even though the minds of the French people are in a quandary as to the geographical truths of this state.

GRAND ISLAND BATTLES WESLEYAN TO TIE GAME

Scoreless Contest Leaves State Conference Football Championship Still Undecided.

State Conference football was brought to a close Saturday when the Grand Island and Wesleyan teams met in a post season game to decide the championship. The final outcome of the game was 0 to 0. The game was evenly matched as far as statistics are concerned.

The contest was played on the University of Nebraska field and on account of the condition of the field no sensational playing was recorded by either team. The defense of both teams was very effective at all times. The only count of the game came when Kahm, the Wesleyan halfback, booted a drop kick between the Grand Island goal posts. Referee Jones detected a Wesleyan man using his hands and the ball was brought back and returned to Grand Island.

Both teams were within scoring distance a number of times but lacked the punch to put the ball over for the necessary counts. The championship is still undecided. There will not in any probability be another game to decide the winner.

FOUR CONFERENCE GAMES NEXT YEAR

Nebraska to Play Oklahoma, Drake, Ames and Kansas, Strongest Missouri Valley Teams.

Notre Dame Scheduled

West Virginia, Rutgers and University of Southern California Negotiating for Contests in 1921.

That Nebraska will meet a number of Missouri Valley Conference teams in 1921 became a certainty after Director Luehring and Coach Schulte returned from Kansas City where they attended a meeting of the Valley officials and coaches. Arrangements have been made to meet Oklahoma, Drake, Ames and Kansas, of the Conference teams next fall. These four teams are practically the strongest teams in the Conference and these battles will be a real test of Nebraska's strength.

Oklahoma unquestionably was the champion of the Conference this past season and Kansas was one of the strong contenders for championship honors. Ames and Drake were two of the strongest teams in the Conference and should furnish some real opposition for the Huskers next fall.

Nebraska also has another game with the Michigan Aggies for next season. The Aggies will more than likely have a good team next year and they will be anxious to make up for the defeat administered by the Huskers this year.

Play Notre Dame.

Notre Dame is almost sure to be one of Nebraska's opponents when the schedule is completed. Whether the game will be held in Lincoln or South Bend, has not as yet been decided, but it will, in all probability, be staged in Lincoln. The Husker-Notre Dame contest always draws a big crowd to Lincoln.

A number of other teams are negotiating with the Husker officials. This list includes such teams as West Virginia, Rutgers and University of Southern California who have made offers to the Husker directors. Princeton and Harvard have been negotiating to a certain extent, but nothing definite has been decided. The Cornhuskers will probably make arrangements to take another trip East by the time the football season starts next fall.

The schedule, so far, has five games as a certainty, with one or two others that are almost sure of a place on the Husker schedule. Next year's lineup of games will no doubt be just as hard as this year's from all appearances. It is the plan of the Nebraska athletic officials to bring the best football talent that can be secured to Nebraska for contests on the local field.
