NEBRASKA PROFESSOR PLEASED WITH WORK

Dr. Louis Herbert Gray Receives
Real Welcome at University
of Nebraska.

"I have been very kindly received by the University people and have been given a real welcome," said Nebraska's new associate professor of philosophy, Dr. Louis Herbert Gray, in an interview with a Daily Nebraskan reporter. "I had often heard in the east about western cordiality, but never really believed it until I came west just a few days ago."

Dr. Gray has just returned from London where he was engaged in completing the work of the Peace Conference that he had charge of. He was expert on Persian affairs on the American commission selected by President Wilson.

Working on New Book.

At present he is editing a volume on colonial problems especially with regard to Africa. This work was started by George Beers, expert on colonial problems at the Peace Conference. At the death of Mr. Beers, Dr. Gray was asked to complete the work, as the two men were great friends and Dr. Gray had special knowledge of the subject.

One chapter of the new book, "League of Nations Starts," was written by Dr. Gray, although his name does not appear on the title page. His is the chapter dealing with indirect international supervision of enemy territories that we placed under mandate.

Interest is Awakened.

The substance of the interview follows:

The United States is more interested in foreign affairs today than she has ever been before. This interest dates back to the annexation of Hawaii and our taking over the

ALPHA ZETA ANNOUNCES LIST OF NEW INITIATES

Twenty-Six Men Become Members of
Honorary Agricultural
Fraternity.

Alpha Zeta, Agricultural honorary fraternity, initiated twenty-six members Saturday evening, February 5, at the University Farm campus. A banquet was held at the Farm Cafeteria.

Alpha Zeta is an honorary organization of national scope for students of agriculture. Its purpose is to recognize and promote superior scholarship, citizenship and fellowship.

Because of war conditions which have existed this is the largest number to be initiated at one time in the history of the organization in Nebraska.

Following is a list of the men initiated:

Paul McDill, '21, A. H.
Earl H. Sharp, '22, A. H.

DR. DAVID HILTON WILL TALK TO UNI. MASONS

Dr. David C. Hilton, a Masonic lecturer of Lincoln, will address the University Masons on "The Northeast Corner of the Lodge," at 7:45 Wednesday at the Scottish Rite Temple.

NEWS OF THE DAY

Labor Trouble Cause of Explosion.

CHICAGO, Feb. 8.—Bomb throwers, who caused an explosion at the Tyson apartment, are sought by the police. Almost every window in the eight-story building was shattered and 200 guests were panic stricken. Recent labor troubles over the employment of non-union janitors are said to have resulted in threats and several police had been on guard. The trouble was thought to have been settled.

English Relations Strained.

LONDON, Feb. 8.—Anglo-American affairs are more strained than would appear on the surface. The questions under discussion can be settled easily through the usual diplomatic channels but these countries are drifting apart largely because of lack of comprehension of the others situation. It is conceivable that these two great nations should become involved in war, but this is the way they are tending.

HUSKERS BATTLE AT AMES TODAY

Nebraska Cogesters Scheduled To
Lock Horns with Iowa
Farmers.

FRESHIES MEET ARMSTRONGS

First Year String Billed To Meet
City League Leaders This Evening
at Coliseum.

Nebraska will meet the Ames Aggies this afternoon on the Ames floor in the first contest of the two game series. The Huskers arrived in Ames yesterday noon and took a light workout on the Ames floor in the afternoon.

Coach Schissler will not have the formidable team to face the Aggies that he hoped to put on the floor because of the ineligibility of Patty and Russell. Bekins has a bad leg but will probably take part in the Ames contests.

Coach John Pickett of the Freshmen crew has scheduled a practice game with the Armstrong team of the city league for this evening. The game will be played at 7:30 and there will be no charge for admission.

Freshmen Play Tonight.

The Freshmen have not been heard from much this year but will have a chance to demonstrate their ability when they meet the Clothiers. Coach Pickett has a fast, aggressive quintet in this year's Frosh squad and should give the Armstrong quintet a real battle. The Freshman squad is composed of Miller, Schaffers, Holland, Wyant, Riddleborder, Gibbs, Hamilton, and Tipton. These men are all veteran basketball players and have been practicing against the Varsity all season.

The Armstrong quintet will have a strong line up to pit against the Husker yearlings. Every one of the Armstrong players are either old Nebraska stars or have played basketball for some time on other teams. Both teams. Both teams are evenly matched and should put up an exhibition that will equal anything seen on the Armory floor this year.

The Huskers will return home after the two contests with Ames and two

PROF. KAYNINE COMING TO UNIVERSITY PARTY

Hear Ye! Hear Ye! Prof. Kaynine and his collection of trained dogs will be one of the big features of the All-University party at the Coliseum next Saturday night. Prof. Kaynine will bring with him the greatest conglomeration of dogs ever gathered at one time or place—big dogs, little dogs, dash-hounds, blood-hounds, and Siberian Waffle hounds, my lady's little pampered-parlor-poodle pet and numerous Tas Manian flea hounds, aristocratic dogs with the bluest blood of dogdom in their veins, and other dogs of doubtful ancestry but of pleasing personality.

The tricks these dogs perform are

guaranteed to hold the congregation of spectators absolutely spell-bound. Agnes and Hector, the two stars, will unscrew the inscrutable in dog dramatics. The parlor scene enacted by this couple is positively unsurpassed in history, either ancient or modern. These dogs have been shown before the crowned heads of Europe and other out-of-the-way places, never failing to return for encores.

We can assure you that this performance will be a success for Prof. Kaynine, their trainer, has led a dog's life himself, being an Auditorium Hound.

Don't Miss It!
