NEBRASKA TAKES OMAHA "Y" MEET

Nebraska Has a Good Chance to Win Missouri Valley Track Meet

THREE ATHLETES SHOW UP

Freshmen Are Supplying a Wealth of Promising Material for Succeeding Years.

Nebraska easily captured first place in the open invitation meet held under the auspices of the Omaha Y. M. C. A. at Omaha last Saturday. The Husker athletes captured the lion's share of the firsts, seconds and a few thirds.

Chances for winning the Missouri Valley track meet to be held later in the spring are above par with the records made by several of Nebraska's star performers at the Kansas City meet and the Illinois meet. Both of these were indoor affairs but gave the followers of the Husker track team some idea as to the strength of the Nebraska cinder path artists.

Three Outstanding Athletes. Wright, Deering and Dale will probably be the big individual point winners for the Husker school. These men have already won a great deal of prominence by their performances in the various events in both of these meets.

Wright breasting the tape first in the hurdle events at Illinois and taking second at Kansas City. Deering captured the fifty-yard dash at Kansas City from a big field of Missouri Valley sprinters and he also defeated some of the best runners in the middle west by winning the seventy-five yard dash at Illinois. Dale was unable to take part in the Kansas City meet but captured third in the shot put at Illinois from a big field of entries.

Nebraska will be represented by one of the fastest relay teams in the country this season. Captain Gibbs will lead the quartet with Stromer, McDonald, McCarthy and several others making strong bids for places on the team. Coach Schulte has a large number of promising candidates out for the middle and longer distance races. With good weather prevailing tryouts will be held every few nights on the cinder track. The freshmen class is turning out an array of material that has not been equalled at Nebraska for a number of years. The freshmen are better represented in the sprints than in any of the other events. The coming inter-fraternity meet and inter-class contests should bring out a large number of men for the various events.

The University journalists will go in a body to the Burlington station and escort Mr. Cobb to his hotel. After the lecture it is hoped that he will consent to meet the members in a personal way at an informal reception.

KOSMET KLUB HOLDS TRYOUTS FOR COMEDY

Club Will Present a Musical Comedy Sometime in May at the Orpheum Theater.

Tryouts for parts in the Kosmet Klub's musical comedy will be held this evening and tomorrow evening in room 301 of the Teacher's College. The comedy will be presented in May at the Orpheum theater.

Those persons wishing to tryout should register as soon as possible at the Student Activities office where times will be arranged for the hearings. Each applicant will be given five minutes in which to give a recitation, reading, dialogue or song before a Kosmet Klub committee, who will select the characters. No elaborate preparation is necessary for these tryouts, for the committee simply wants to meet those interested and hear their voices.

The contestants will be selected for the character types required by the play. If two contestants fill the physical requirements for the same character equally well they will be judged on their enunciation and the quality and carrying power of their voices.

All students registered in the University are eligible for these tryouts. No previous experience in dramatics is required.

PETALUMA, CALIFORNIA, GREAT POULTRY CENTER

H. A. Kerrigan, secretary of the Petaluma, Cal., Chamber of Commerce, talked to the class in poultry management March 18, upon poultry farming in the Petaluma district.

According to Mr. Kerrigan: "The country surrounding Petaluma is known as the 'Mecca of Poultrydom' throughout the United States. Last year, 950 carloads of eggs were shipped from the Petaluma district direct to New York market. Twelve million baby chicks were hatched and \$24,000,000 worth of eggs were produced at this shipping point last year. Nebraska produces corn and ships it to Petaluma, and our progressive poultrymen feed it to their poultry and compete with Nebraska on the New York egg market."

Mr. Kerrigan has a Single Comb Leghorn poultry farm, with 3,000-bird capacity, in the suburbs of Petaluma.
