Nebraska. It is planned to add classes of poultry and dairy cattle in next year's contest, in order to broaden the agricultural interest.

CAMPAIGN IS MADE FOR UNIFORM EGG GRADING

Professor Mussehl Says Most Flocks Can Be Made to Produce a Better Egg.

Five egg circles were organized in the vicinity of Aurora last week, according to Prof. F. E. Mussehl of the poultry husbandry department, and a county organization will be perfected this week for the purpose of shipping "Nebraska Extra Firsts" direct to the New York City market.

Tentative plans have been made to hold a short course April 22, at the University Farm poultry department to instruct members of egg circles and county agricultural agents in the methods of grading, candling and packing eggs. A campaign is being made throughout Nebraska to perfect a more uniform method of marketing eggs, by the University poultry department in co-operation with the rural economics department and various farm bureaus over the state.

One of the first essentials for carrying out a grading scheme was the establishment of a standard grad which is designated as "Nebraska Extra Firsts."

Professor Mussehl states that it is not at all difficult to select eggs that measure up to the grade described as "Nebraska Extra Firsts;" in fact, 80 per cent of the eggs from an average well cared for flock will very easily meet the requirements as outlined.

Several produce companies have agreed that a price of 5 cents less than the price quoted for extra firsts at the New York market on the day at which eggs are delivered at Omaha, Crete, Grand Island and other marketing points, will be paid for eggs coming up to the qualifications proposed for "Nebraska Extra Firsts."

JOURNALISTS AWAIT COMING OF COBB

Prof. M. M. Fogg announced to his students Saturday that he had reminded Irvin Cobb of a promise made two years ago to speak to the journalism students of the University

YOU HAVE WRITTEN POEMS!

Do you care to have them revised or constructively criticized by successful authors? If you do, then send us your manuscript (stories, articles or poems). We will criticize, and place them should they prove to be acceptable for publication.

There is no actual charge for our services. If, however, you have not previously enrolled with the advisory department of this association, we request that you enclose the initial fee of two dollars, which we must ask of each new contributor. There is no additional expense, no future obligation.

It must be realized that we can only be of aid to those of serious intent. If you do mean to strive for literary success, we can help you in many ways. Our services are yours until we have actually succeeded in marketing at least one of your manuscripts. Send something today!

Please enclose return postage with your communications.

when next he came to Lincoln. It is hoped to get Mr. Cobb on the campus next Wednesday morning and get him started reminiscing on his wide experience as a reporter and a war correspondent.

Professor Fogg will introduce Mr. Cobb at the auditorium Tuesday evening, announces the Axis club of Lincoln, under the auspices of which the lecture on "Made in America" is given.

The journalism students and members of Sigma Delta Chi and Theta Sigma Phi will occupy a reserve section of ninety-six seats.

FRANKFORTER TALKS TO ENGINEERING STUDENTS

Professor Frankforter of the department of Chemistry, delivered a lecture to the students of the Engineering college. The speaker talked upon chemical engineering. In his definition

of a chemical engineer, Professor Frankforter emphasized the point that a chemical engineer is one who has had the time and opportunity to study the fundamentals of chemistry, the differences in reaction, organic chemistry, physics, economic s and last but not least, rhetoric.

A chemical engineer should not be a chemist with little knowledge of engineering nor the opposite, but should be a medium.

GIFFIN TAKES FIRST PLACE IN GYMNASTIC MEET

J. L. Giffin won the gymnastic meet Friday with 241 points. Allen Werver was second with 229.2; Fred Haecker, third with 219.25, and R. L. Kimball was fourth with 156.24. By taking first place Giffin won a letter.

Events as follows:

Horizontal Bar—Giffin, first; Weaver, second; Haecker, third

Parallel Bars—Weaver, first; Haecker, second; Giffin, third.

Flying Rings—Kimball, first; Giffin, second; Haecker, third.

Horse—Giffin, first; Haecker, second; Weaver, third.

Tumbling—Kimball, first; Giffin, second; Weaver, third.

This is the first time a gym team has been organized since 1917. Men desiring to take part in this sport should see Dr. Clapp or F. R. Adkins.

WANT ADS.
