

# THE DAILY NEBRASKAN

VOL. XX. NO. 121.

LINCOLN, NEBRASKA, TUESDAY, APRIL 5, 1921.

PRICE FIVE CENTS

## STUDENT FEES TO BE REDUCED

Legislature Takes Action to Formulate New Schedule for Next Year.

### TEN DOLLARS A YEAR LESS

Solons Also Approved Studio and Film Storage Plant for Dr. Condra.

Fees to University students at Nebraska were reduced to the amounts charged previous to the year 1920 by action of the Board of Regents at a meeting March 29. This reduction, which will save students over five dollars each semester was brought about in compliance with the request of the senate. The Board of Regents gave out the following statement in regard to the action, with the note that the new schedule goes into effect next September:

"Whereas the senate of the state of Nebraska has by resolution requested the Board of Regents to reduce the fees charged students attending the University,

"Therefore be it resolved that in compliance with said resolution of our state senate all fees be and hereby are reduced to the amount charged previous to 1920."

This action is announced to apply to all general fees, incidental, library, etc., but does not apply to laboratory fees which may fluctuate according to the cost of material.

The regents also took action approving a plan for a studio and film storage plant for Dr. G. E. Condra to be located north of the present greenhouses. The architecture will be on the same plan as that of the greenhouses.

### Granted Leave of Absence.

Prof. J. E. Alexis, of the department of modern languages, and Miss Nellie J. Compton, assistant librarian, were granted leaves of absence for the remainder of the current year.

Approving the suggestion of the Chancellor, the regents will ask the United States department of education to send their specialists in higher education to the University to make a survey for their guidance in handling the teaching of the institution more efficiently. If the request meets with prompt action it is expected that the services of the expert may be secured to be included in the next biennial report.

## URGES LESS FORMALITY AT COMMENCEMENT TIME

The Nebraska College of Agriculture, in a circular just published under the title of "The Problem of Clothes for the High School Graduate," raises its voice against extravagance and display at high school commencements. The publication, which is written by Margaret Grace Morton of the home economics department, outlines some ways whereby girls about to graduate from high schools may be taught the value of simplicity, daintiness and modesty, and declares it is more becoming for girls to respect the financial status of their parents than to bedeck themselves in elaborate creations of silk and chiffon. The circular is an appeal to parents and teachers. In part it says:

### BASEBALL MEN.

All candidates for the Freshman baseball team report this afternoon at the Armory at 3 p. m. Bring uniforms.

### N CLUB.

The N Club will meet at 7:00 p. m. Thursday in the Athletic office to make plans for the sale of season tickets for track contests.

PRESIDENT OF THE N CLUB.

## SIXTY-SEVEN GRADS AT AG SCHOOL

Sixty-seven boys and girls will be graduated at the nineteenth annual commencement of the University of Nebraska school of agriculture April 15. Charles Lory, president of the Colorado Agricultural College, will be the commencement speaker. The program of commencement week follows: April 12, senior class day program; April 13, junior reception in honor of seniors; April 14, competitive drill and alumni banquet; April 15, commencement address.

The following students are in the graduating class: Mina Ames, Newberg, Ore.; Paul Atchison, Cozad; Methodius Bartek, Weston; Allen Brubaker, Waco; Alice Burton, Bingham; Vinton Chevront, Lincoln; Weld Coy, Waterloo; Wright Davis, Nebraska City; Frank Edmands, Lincoln; Esther Gausman, Lincoln; Marie Glandt, Benson; Russell Graver, Ewing; James Hodges, Endicott; Murray Huff, Kimball; Howard Hunter, Lincoln; Harold Johnson, Stamford; Arold Kennedy, Ewing; Carl Lundeen, Hildreth; Maurice McFall, Brunswick; Harry Madsen, Dannebrog; Mary Nammen, Hays Springs; Royal Nahrstedt, Madison; Kathryn Norblade, Axtell; Elsie Paasch, Millard; Eva Rapp, Holyoke, Colo.; Wendall Richmond, Millard; Earl Rohrbaugh, Fairbury; Emmanuel Soukup, Spencer; Myrtle Steffen, Waco; Florence Stolley, Benson; Otto Thomsen, Florence; Charles Warren, Elkhorn; Huber Whitcomb, Minatare; Alice Zimmerman, Henderson; Leland Anderson, Lincoln; Harold Barnett, University Place; Mae Bloom, Axtell; Harold Bruner, West Point; Grace Campbell, Washington, Kas.; Mary Clymer, Lincoln; Helen Cummins, Lincoln; Arthur Douglas, Palmyra; Paul French, Lincoln; William Gemmill, Ewing; Fred Grau, Bennington; Ralph Harlan, Bethany; Roger Holtek, Kimball; Wendall Huff, Kimball; Carl Johnson, Monroe; Ballard Kahoa, Palmyra; Robert Kirkman, Lincoln; Eugene McAllister, Neligh; Gerald Maey, Lincoln; Gerald Malander, Belgrade; Glenn Mitchell, Roca; Herbert Nelson, Swedeburg; Louree Osborn, Lincoln; Margaret Paasch, Millard; Ernest Raun, Upland; Frank Roebeling, Omaha; Homer Scott, Lincoln; Lucile Sparks, Sutherland; Hugh Stoddard, Auburn; Blanche Sutherland, University Place; Olive Tracy, Henderson; Clay Westcott, Malcolm; Wayne Wickham, Lincoln.

## FRAT BOWLING TOURNEY STARTS THIS EVENING

Pin Maulers Have Been in Active Training for Classic on Lincoln Alleys.

The first part of the preliminary round of the Inter-Fraternity bowling tournament will be played at the Lincoln alleys. Eight teams will roll this evening with the games commencing at 7:30 p. m.

The Phi Psi and Xi Psi Phi teams will roll against each other with the A. T. O. and Kappa Sig teams battling together. The other two contests will be between the Delta Sig and Sigma Nu fives and the Kappa Delta Phi and Beta quintets.

All of the fraternities entered in the annual classic have had their teams working out the past two weeks in preparation for the championship contests. The final four games of the first round will be rolled tomorrow evening with the second round coming on Wednesday evening with the semifinals Friday afternoon. The finals will be rolled Saturday afternoon.

### Observatory.

The observatory will be open to the public from 7 to 10 p. m. this evening for a view of the planet Jupiter. Lecture on "The Tides" at 8 o'clock.

### Lutheran Club.

The Lutheran Club will have a "hard time" party Friday evening. All Lutherans are cordially invited. Don't miss out on a good time and a chance to wear your old duds!

COACH FRED T. DAWSON

New head football coach at the University of Nebraska.

## TEACHERS COLLEGE IS TO BE REORGANIZED

Regents Take Action to Put School in Professional Class.

The University Board of Regents at a meeting held during vacation took important action defining the relation of the Teachers College to the other colleges. The most important changes mentioned in the first two paragraphs of the resolutions which state that "The Teachers College shall be recognized as a professional college organized along the same lines as agriculture, engineering, business administration and pharmacy.

"The Board of Regents of the University of Nebraska will grant teachers' certificates to those students only who are recommended by the faculty of the Teachers College as being qualified to receive such certificates."

The other paragraphs concerning this action are as follows:

"The faculty of the Teachers College shall exercise the usual faculty control over its students, curricula and degrees. The degree to be announced in the next catalog shall be the bachelor of arts in education. If the progress of education in the country at large and the development of Teachers College generally in State Universities warrant it, the degree of bachelor of arts in education may be authorized at any time.

"The University teachers' certificate shall be granted to those students only who receive the baccalaureate degree through the Teachers College.

"The Teachers College shall have the same rights in offering courses necessary for the proper development of its work that the other colleges possess. This provision is subject in all colleges to the general policy of the regents, of avoiding duplication.

"The course of study in the Teachers College like that of the other colleges above mentioned, shall comprise a four-year course.

"Students enrolled in the other colleges of the University may be recommended by the faculty of the Teachers College as candidates for the first grade state certificate on graduation, providing they complete under the direction of the Teachers College the required course in education of 12 hours, and under the direction of the other college concerned a minimum of forty hours devoted to presumably three, but in no case fewer than two, related subject matter branches which the candidate will probably be called upon to teach. The minimum in any of these subjects shall not be less than ten hours. These courses shall be selected and approved jointly by the faculty of the Teachers College and the faculty of the other college concerned. In case of disagreement, the matter may be decided by the chancellor, but the dean of the Teachers College or of the other college concerned may appeal from his decision to the Board of Regents. An exception is made in the requirements for this certificate in case of such contract

(Continued on page four.)

## W. A. A. SPORTS CONTEST SOON

The annual W. A. A. Minor Sports Contest will be held Thursday, April 14, in the Temple theater. There will be two first places awarded to those in aesthetic dancing. Any girl who has ever received pay for dancing will be placed in the professional class for which a first place only will be awarded. All other girls will be classed as amateurs and may try out for the first, second and third places offered. The dancers will be judged on technique as well as the dance. The required list of technique is posted on the W. A. A. bulletin board in the Armory. One pianist will play for all. There will be a first, second and third place awarded for the best Indian club swinging.

Donna Gustin, the sport leader, urges all girls who have had experience to sign up at once for the events. A new feature on the program this year will be the presentation of a skit, composed by Miss Howell. The skit will be given while the judges are making the decision. All students are invited to attend the event.

## AG CLUB INITIATES TEN NEW MEMBERS

The Agricultural Club initiated ten members at the animal husbandry judging pavillion Thursday evening, March 24. Several Farmers' Fair committees met at that time to plan their specific projects for the big pageant May 17.

A large crowd of enthusiastic members answered roll call, and one of the finest array of paddies that has ever been assembled upon the Farm campus was in evidence. Paul McDill, '22, acted as Master of Ceremonies, and F. A. Hobart, '21, administered the Ritual of Allegiance. Light refreshments were served at the conclusion of the initiation.

Following is a list of those initiated: G. H. Hatten, '23; H. H. Haverland, '22; R. C. Russell, '22; A. M. Daniels, '24; C. R. Wiggers, '24; R. M. Brown, '24; M. R. Andrews, '24; O. C. Hatch, '24; E. H. Weisenreder, '24; F. E. Sass, '24.

## GIRLS START SPRING BASEBALL PRACTICE

W. A. A. Diamond Artists Launch Intensive Training for Early Games.

The spring baseball practice has begun in W. A. A. camp in earnest and Bloomer clad Ty Cobbs and Babe Ruths are increasing in numbers each day. Any hour of the day these attending classes in U Hall enviously hear the chattering players on their way to the athletic field for intensive training. Wagers are not yet being made on the pennant winners, for each class has good material, and it looks as though it will be the same old fight about the second week in May.

Enough girls are not taking advantage of the spring weather and spending time in a little outdoor exercise. Don't be afraid that you can't play well enough—come out and learn. All ways imaginable from a golf stick to a pitchfork grasp are used for holding the bat, but as long as the object is to hit the ball, who cares? There are enough old-timers on the job to teach the new girls how to swing the bat and pitch the ball as well as how to slide on third. This year's seniors were the winners of last year's interclass games but they have lost five of their original nine, including their whirlwind pitcher. The Juniors have lost just about as many of their team, but both classes have new material to work with and will make the fight just as interesting and the outcome as hard to guess.

Mary Shepherd, a star player, is the sport leader for baseball and urges more girls to come out. The list of practice hours are posted on the board. There is also a noon practice every day.

## BASEBALL SQUAD STARTS PRACTICE

Large Number of Candidates Greet Coach Schissler on First Day.

### FRESHMEN WORKOUT TODAY

Husker Diamond Artists Prepare to Meet Jayhawks and Kansas Farmers.

The first big practice of the season was held yesterday afternoon at the State Farm campus for the Cornhusker baseball squad. Coach Schissler has a promising bunch of candidates for the various positions and should have a fast team to represent the Scarlet and Cream against Kansas and the Kansas Aggies who are the first teams on the schedule.

The diamond at the State Farm campus is rapidly being put in shape and will afford the Husker athletes an ideal place for the national pastime. The location of the Huskers' new home will probably be the only handicap to be encountered on account of being so far out.

Coach Schissler will face a stiff schedule minus a number of last year's veterans. Pickett, Reynolds, Russell, Swanson, Hubka and Linn will be the old men lost from last year's nine. Some of the veterans and new men out who look good are Munger, Schoepel, Carman, Peterson, Cerney, Captain Bekins, Balley, Kiser, Anderson, Thomson, Crandall, McCrory, Thompson, Wythers and Peterson.

### Call for Freshmen.

Coach Pickett of the Freshmen squad will give his men their preliminary workout this afternoon on the city campus. The Yearlings will battle against the Varsity in a practice game Saturday afternoon at the State Farm campus. The first year men will practice at Cushman Park which is located northeast of the city campus. Coach Pickett has had several meetings of the Freshmen candidates and a big turnout of men has been present at these meetings.

Nebraska had one of the greatest University teams in the United States last year and Coach Schissler plans to have the Husker school represented this season by a team that will equal last year's crew in every department. The Cornhuskers will meet a larger number of schools this season and the schedule includes games with teams that are noted throughout the country for their baseball ability.

## DEAN THATCHER TO NEW YORK SCHOOL

Dean R. W. Thatcher, head of the department of agriculture in the University of Minnesota, and well known in Nebraska as former director of the state university experiment station, has been appointed director of the New York state experiment station at Geneva, New York. Dean Thatcher was one of Chancellor Avery's students in chemistry at the University of Nebraska, taking his B. S. degree here in 1898, and his M. A. degree in 1901. He was assistant chemist of the Nebraska experiment station and later director of the station. Dean Thatcher accepted an appointment as professor of chemistry, and in 1910 became professor and head of the department.

Dr. and Mrs. Thatcher have been visiting in Nebraska at their old home in Gibbon and elsewhere in the state.

### GRID CANDIDATES.

All who desire to become candidates for the 1921 football team next fall should report to Coach Dawson immediately. Practice will be held daily at 3 p. m. Candidates at present engaged in other sports should see Coach Dawson for modified work.

FRED W. LEUHRING,  
Director of Athletics.
