

**INTER-FRAT TRACK MEET SATURDAY**

(Continued from page one.)  
 This meet will provide some basis for the selection of the track team that will represent the medics in the intercollegiate meet on Nebraska field April 16. The same order of events will prevail in the intercollegiate meet that will govern the local inter-fraternity meet.

**Squad in Good Shape.**

Coach Schulte reports that the track squad is in good condition after the spring vacation. Some real records have been hung up the past few days in all of the events and shows that the squad as a whole is showing a great deal of improvement.

The 1921 track squad has been greatly reduced by the draft to baseball. Schoepel, football man, who has been throwing the javelin 160 feet, Hartley, football man, has been putting the shot around 38 feet and throwing the javelin 155 feet. Peterson and Thomsen have both been making good performances on the track but are now participating in the diamond sport.

In order to make up for these defections Coach Schulte is issuing a special call for more men. The squad so far has been a very promising one and the largest track squad Nebraska has ever boasted. "If Nebraska wants to quickly realize her ambition to be ranked as one of the great track universities of the country, we must have more men out. We have 200 good track men going to seed in school right now and we need these men," is the manner in which Coach Schulte expressed his views on Nebraska's prospects for a winning track team.

**FORMER STUDENT AND TEACHER DIED TUESDAY**

E. E. Sprague, '20, who has been engaged in Smith-Hughes agricultural teaching work at Mitchell, died at his home at 1528 Grave ave., April 5. He leaves a wife and three children.

Mr. Sprague and his wife attended Doane College with Chancellor and Mrs. Avery many years ago. After graduation from Doane, he spent several years as Congregational minister in Nebraska churches. Owing to the failure of his health, he decided a few years ago to change his vocation, and go into the teaching profession. As a result of this decision, he registered in the Agricultural College in the fall of 1919, with his two sons and daughter, George E., '23; Howard B., '24; and Phyllis K., '23. Mrs. Sprague has been teaching home economics in the Mitchell schools the past year.
