

## INTER-COLLEGE TRACK MEET HOLDS SWAY SATURDAY

Arts and Science College Will Have  
Largest Entry—Medical School  
Represented.

The inter-college track meet scheduled for next Saturday afternoon will be the next big event on the 1921 track calendar. The interfraternity meet brought out a large number of men and Coach Schulte expects a larger turnout for Saturday's meet.

The Medical school in Omaha will send down a large delegation of men to compete against the athletes here. Entrees for the meet will have to be in some time this week. The Arts and Science college will probably have the largest representation, with the Law school ranking second.

Coach Schulte expects all of the men who were out for the interfraternity meet last Saturday to be on hand to represent their college Saturday. The same order of events will be carried out in Saturday's meet as were run off for the interfraternity meet.

counters for every game, while the opposing teams had 18 7-9 points per game.

The largest score made against any team last season was 30 which was registered against South Dakota and Notre Dame. The lowest score was 16, the Huskers losing to Colgate this game.

Ames secured the highest score against Nebraska, getting 38 points and defeating the Huskers in the first game. Grinnel was held to the lowest score, the Congregationalists being able to get only 10 points in their first game here.

A local youth was recently fined \$25 and costs for impersonating an officer. It would appear that they punish a man now-a-days for doing nothing.—Marquette Tribune.

One senior to another: "Who is that girl? She seems vaguely familiar."

Oh, I've forgotten her name. I knew her when she was engaged the first time."

## THREE OFFICERS ADDED TO MILITARY DEPARTMENT

Interfraternity Conference Endorses  
R. O. T. C. and Urges Members  
to Support It.

The United States war department has assigned three additional officers to the Reserved Officers Training Corps of the University. They are a lieutenant colonel, a major and a first lieutenant. These officers will not assume their duties here until next fall. When they arrive Colonel Moses will have the assistance of six commissioned officers. At the present time there is only an infantry unit in this corps of the R. O. T. C., but an engineering unit may be added next year.

The department has received an endorsement of the R. O. T. C. from the national interfraternity conference, including representatives from 46 men's college fraternities, recommending

that all fraternities associated with the conference urge their members to support the R. O. T. C.

**Will Issue Commissions.**  
Colonel Moses states that the four year course in military tactics and science prepares for the rank of second lieutenant in the reserve corps. The course given is what was presented in war times through intensive training camps.

Attendance at the summer camp is optional. Colonel Moses will be in charge of the camp at Fort Snelling, where Nebraskans are assigned. It will open June 16 and continue for six weeks. The advanced corps will

receive one dollar per day in addition to expenses, but others get expenses only.
