## ENGINEERS HOLD BIG FIELD DAY WEDNESDAY

(Continued from Page 1.)

The first baseball game was played  
at the State Farm campus shortly af-  
ter disbandment of the parade. The  
freshmen and sophomores played a  
fast and interesting game. Holbeck  
and Zinc were the batteries for the  
freshmen and McVicken and Smith  
for the Sophs. A five-inning game  
was played, resulting in a 7 to 5 score  
for the first year men. The second  
game, between the Juniors and Sen-  
iors, was then played with a 9-3  
score for the third year men. Gass  
and Peterson were batteries for the  
Juniors and Rydberg and Weaver  
for the Seniors. Sensational playing  
was exhibited by each team and each  
was well supported by rooters from  
the side lines. Professors Pahl and  
Mason umpired.

Lunch was then served by the State  
Farm cafeteria, and very little time  
elapsed between events because of  
the gastronomic passion.

A level race for the underclassmen  
was held immediately after lunch  
over a course with numerous hazards.  
A cash prize was given to the win-  
ning party, Walter J. Hoppe and  
Muman were successful in the first  
race. Professors Pahl and Mason  
again referred.

Probably the most interesting and  
attractive feature of the entire pro-  
gram was in the three boxing  
matches. Adolph Gebhardt, instructor  
of boxing at the city Y. M. C. A., and  
the University, refereed the bouts,  
each of three rounds. No decisions  
were given, but hard hitting featured  
each bout, so that intense interest was  
constantly displayed by all and there  
was loud applause when one received  
an uppercut with enough force be-  
hind it to elevate him from the  
ground or to pin around.

T. J. Worth and H. Menderson  
boxed in the 20 pound class; Wm. A.  
Day and G. E. Reed, 140 pounds, and  
H. O. Peterson and P. C. Kreutch, 175  
pounds. The time of rounds was left  
to the discretion of the referee, but  
each lasted until danger of a knockout  
was evident or about to happen if con-  
tinued longer.

Dr. Condra took motion pictures of  
the entire group. This will be shown  
in a short time at the Rialto theater.

The finals between the freshmen  
and juniors were then played off, the  
batteries and lineup being the same  
as for the morning games. It was an  
easy walk away for the juniors as  
seen by the score for the three-inning  
gam, it being 11 to 1 for the juniors.  
Halbeck brought in the lone score for  
the freshmen by hitting a regular  
home run out to center field whereby  
he received the title of abe Ruth the  
second.

The second level race for the more  
experienced men was then run, the  
latter part being in a downpour of  
rain. More hazards and a difficult  
course was laid out than in the previ-  
ous race. John Detweiler and Mad-  
sen won, though they were about last  
to finish. Accuracy and speed were  
required, the latter being the least  
essential, but which the majority of  
parties considered such and conse-  
quently were not successful in win-  
ning.

The 100-yard race was run in a  
pouring rain, with G. L. Gray barely  
winning from a number of men run-  
ning even with him until the finish.  
Tennis and horseshoe games were  
played throughout the day. A num-  
ber of instructors were present and  
apparently enjoyed every activity as  
much as the younger men.

Excellent weather until the very  
last of the program, added to make  
this Field Day successful. Weather  
conditions have made the annual holi-  
day less successful than this year. It  
was of interest to note the support  
received by the engineering students  
in putting across this field day and  
other activities and represent a tie  
among each man in the college. This  
holiday will undoubtedly go down in  
the annals with their events of the  
week as a record and it is but the  
start of a greater and larger Engi-  
neers Week that will be looked for-  
ward to by every student from year  
to year.

## CAMP APPLICATIONS COMPLETED TUESDAY

(Continued from Page 1.)

be held this summer at Fort Snelling,  
Minn. Each cadet attending is al-  
lowed his railroad fare both ways and  
board and lodging while at the camp.  
There is not a single item of expense  
to the person taking the course, and  
it is estimated that every member  
will receive over \$600 in clothing and  
other items from the United States  
government.

One thing that has made the boys  
from Nebraska so anxious to go to  
camp this summer is the fact that  
Colonel Moses, comamndant at the  
University, is to have personal  
charge of the camp. Colonel Moses  
will give all corps the same amount  
of attention but without doubt he is  
going to have special interest in the  
Nebraska R. O. T. C.

All men who anticipate going to  
either of these camps this summer are  
urged to report to Sergeant Phenice  
at the earliest time possible for cloth-  
ing measurements.

The following is a complete list of  
the men who have signed up to attend  
the advanced camp:
