ALUMNI JOURNAL PRINTS DR. LOUISE POUND'S WORK

An article by Dr. Louise Pound of the department of English, entitled "The College Woman and Research," which appeared in a recent number of the Journal of Collegiate Alumnae, has called forth approving comment and a continuation of the discussion from Miss Helen Sard Hughes of Wesley. Miss Hughes' article, "The College Woman and Research Again," appears in the last number of the same journal. Miss Pound has an article "What Should Be Expected of the English Teacher?" in the April number of the Journal.

WISCONSIN WANTS DEBATE WITH NEBRASKA TEAM

The University of Wisconsin wishes to meet Nebraska in debate the latter part of May, when Wisconsin expects to send a debating team to the Pacific Coast.

Prof. M. M. Fogg received the following telegram yesterday from Madison:

"Wisconsin debate team contemplating Pacific Coast trip last ten days in May. We should very much like to include you in our schedule. Will you meet us half way on expenses? All details ready for your acceptance. If acceptable please wire reply."

While the Nebraska-Iowa closed shop debates on for April 28, it seems doubtful that the Nebraska debaters could take on Wisconsin so near the semester examination period, if an entirely new subject had to be investigated. Professor Fogg has telegraphed for further details.

Nebraska last met Wisconsin (in the now disbanded Central Debating League) in 1912 at Madison, defeating it on the incorporation of interstate commerce corporations. Nebraska also won from Wisconsin in 1910 at Lincoln on the closed shop question.

ONE-TENTH OF MEN CLASS COLOR BLIND

Dr. Winifred Hyde has discovered in the laboratory by her psychological tests on vision that one-tenth of her class are color blind, with some few others suspects. This is a very great increase over last year, and over the usual standard taken as the average, which is about four out of every hundred. The class happens to be all men, and the victims are hopelessly afflicted with red and green color blindness.

PROFESSOR AYLESWORTH IS JUDGE AT DEBATE

Prof. L. E. Aylesworth has just returned from a trip to Beatrice where he was one of the judges of a debate between Lincoln and Beatrice High School last Wednesday evening. Lincoln won by a score of 3-0. This debate was not a part of the regular state tournament, but a special one that is held each year between Lincoln and Beatrice for a silver cup. This is the fourth year that the contest has run, Lincoln winning the first year and Beatrice the next two years.

In the mornings and evenings the courts may be used without making reservations. A fee will be in charge of the courts and a receipt of paid dues must be shown for admission.

Much enthusiasm is being shown over the new courts. Not all are finished yet, but they will be opened soon. Those that are finished have been in constant use and many students have had to wait for courts.

LUTHERAN CLUB FAVOR SINGLE TAX SYSTEM

At the monthly meeting of the Lutheran Club, Friday evening, the following resolution was adopted: "We, the members of the Lutheran Club of the University of Nebraska, for the best interests of our school and for the promotion of student activity, recommend the immediate adoption of the single tax system. We understand the single tax system to mean that every student shall upon registering be taxed a certain amount, which shall be proportionate for the support of the various student activities. We sincerely pledge our support to the single tax movement." After the business meeting, members enjoyed a three-reel movie, a talk by Rev. Bartling and music by a double quartette. An indoor track meet also received much applause.

Proposes Changes in Constitution Relative to Elections and Publication.

The members of the Ag Club will prepare for the Farmers Fair, which takes place Saturday, May 7, on Thursday, May 4, so that they can give support to Omaha Day, Friday, May 6, was the decision of the Ag Club at a meeting held Thursday. At the same meeting the proposed new constitution was discussed.

If the constitution is adopted as it now stands, candidates for offices in the Ag Club will each have to present a petition signed by fifteen members and receive the approval of the dean of the College of Agriculture before their names can be entered for election, and elections will be conducted under the supervision of an election board appointed by the dean.

Another proposed provision is the placing of a publication board in charge of the Agriculture, the college publication. This board will consist of three faculty members, one student elected by the Ag Club, and the editor, business manager and circulation manager of the Agriculture. This board would appoint the incoming staff.

STUDENT COUNCIL STARTS MOVE FOR HONOR SPIRIT

They Believe That if Students Took Question Seriously, It Would Help.

The Student Council is sponsoring a movement favoring the honor spirit and has sent to all student organizations the following letter:

"It has been called to the attention of the Student Council that cheating is very prevalent among the students of the University. This dishonesty in school work is mainly carried on by means of cards, crib, oral communications, and copy from neighbors work, etc.

"It is the opinion of the Student Council that this means of obtaining credit has not in the majority of cases been considered as a dishonest practice by the offenders. In fact, the public conscience has not criticized but rather lauded the person who could skillfully manipulate a crib. Such should not be the student's standard of conduct.

"The Student Council believes that if all students would consider this question seriously and look upon cheating in school work as unfair the University of Nebraska would not be constantly troubled with this question. The time has now come for students as well as others to get behind a movement for making cheating in school work unpopular. This question of dishonesty has already received wide publicity through the daily press and such publicity is not the best kind of advertising for our University. Furthermore, it is believed by the members of the Student Council that much can be accomplished in the promotion of what may be called the honor spirit by the student organizations of the campus. The Valkyrie and the Pan-Hellenic have already taken steps in favor of this movement. The Student Council urges that every body of students on the campus give this question serious consideration. Such endeavors will make better students, better organizations, and a better University.

"The University faculty has been requested to co-operate in this movement.

"Kindly report your action to the Student Council, Student Activities Office.

"THE STUDENT COUNCIL,
(Signed) Lawrence W. Metzger,
"President."

F. K. REED OF GRAND ISLAND. Elected captain 1921 wrestling team.

REED ELECTED TO HEAD VARSITY WRESTLING TEAM

In Addition to University Honors He Has Won Numerous Amateur Matches.

Floyd K. Reed, a sophomore, was elected to lead the 1921-22 University wrestling team at a meeting of the Varsity wrestling team. Reed won three of the six matches in which he participated for the University the past season.

Reed has won a number of honors outside of the University wrestling game. In the Y. M. C. A. amateur meet held the year the Husker grappler won first place in the 155-pound class and also took the gold medal Friday, Reed won the Central States Amateur Wrestling Championship at Grand Island in the 155 pound division. The Central States association is composed of Nebraska, Iowa, Kansas, Colorado, Wyoming and South Dakota.

Director Luehring is planning on a larger wrestling schedule for next year and meets are being negotiated for with several of the larger middle west institutions. Nebraska captured third place in the Western Intercollegiate met this year and prospects are excellent for bringing the trophy to Nebraska in 1922.

HUSKERS TAKE DOUBLE HEADER

Defeat Wesleyan in Two-Series Game by Large Decisive Score.

SMALL CROWD AT GAMES

Squad Leaves Wednesday for Four-Day Trip in Kansas—Scores.

Wright, first, 120 high hurdles, 15 2-5 seconds.
Deering, first, 100 yard dash, 10 flat.
Nebraska, fourth, half mile relay.

Nebraska walloped the Wesleyan baseball nine in both games at the State Farm campus diamond Friday and Saturday. Friday's contest went to the Huskers by a 5 to 3 score and yesterday's game was won by a 9 to 0 count.

Coach Schissler worked Schoepel and Anderson as the battery for the Husker crew in the opening game. Both teams played ragged ball in the first contest with the Cornhuskers hitting the sphere to all corner of the lot. Thomsen got a home run in both games.

Munger was on the mound for the Husker nine in yesterday's game and let the Wesleyan team down with two scratch hits. The Huskers were able to collect a total of seven safe bingles for nine runs. A number of the Nebraska hits were for extra bases.

Small Crowd Sees Games.
A small crowd witnessed both games, and Coach Schissler and Director Luehring feel that with the team Nebraska has this season that the students and everyone interested in University athletics should come out for the games and back the team to the limit.

"If the students of the University want a real baseball team and a squad that will take the big end of the score in their games we will have to have more support from the student body. We have a pretty fair aggregation working this season and all that we need now is some support. If the men know that the entire University is behind them, which I think it is indirectly, I am sure that they will put more fire into the games and play a much better brand of baseball," was the way Coach Schissler put the matter yesterday.

The Huskers leave Wednesday for a four-day trip into Kansas. They will meet the Kansas Aggies and the Kansas University in a two game series at both places. The Varsity will battle against a picked team tomorrow and will take a light workout Tuesday evening.

Following is a box score of yesterday's contest:
