Foibles in Slang of Campus Characters

(By First Ade.)

Bow down, ye students of our school—Let this immortal by—his Jovian glance So Sure and Cool—Success is in his eye.
 Of all the Politician run—there are none Can Compare—with this our Lordly, Native Son—in sweet Conceit and debon-Air.
 A 'Class' Class Officer is he—honored whereEre he goes—His Walk it is a sight to See—he has a PERFECT POSE.
 Its not his Walk, Nor Yet his Talk—its him and only HE—and those who come to Laugh and Look—Remain on Bended Knee.
 But when his office term expires—you think his Race is Run?—no, NO for fame always Conspires—to help one of her noblement.
 His is not of the Studied Type—its Deep within his Soul—No girlish Pose, why thats a pipe—he takes a serious Role.
 So Saunter by 'Class' Officer—above us common folk—we wouldn't even dare infer—we know you're JUST A JOKE.

BUBBLES

"Why is an empty purse always the same?"
 "Because you never see any change in it."

Limerick Lyrics
 "I love the ground you walk on,"
 This was the tale he told.
 They lived up in the Klondike
 And the ground was full of gold.

Some Printer
 "May I print a kiss on your lips?" I said,
 And she nodded her sweet permission.
 So we went to press and I rather guess
 We printed a full edition.
 "One edition is hardly enough."
 She said with a charming pout,
 So again in the press the form was placed,
 And we got some extras out.

Early to bed and early to rise saves lots of lying and poor alibis.

First operator (sending a message)
 "Can't come down, washout on the line."
Second operator (sending answer)
 "Borrow a shirt and come anyway."

All That's Necessary
First sweet thing: "Don't you think Joe is a delightful person to talk to?"
Second ditto: "What do you mean? He's dumb, isn't he?"
First: "YeYs, dear, but not deaf."
 —Michigan Daily.

The great modern question still remains unanswered: Are skirts getting shorter, or are legs getting longer?

Wisdom is silent; so is ignorance. It's the transition that's noisy.

The tall policeman was trying to console the little girl who had lost her mother while shopping.
 "Why didn't you hang to your mother's skirts and then you wouldn't have lost her," said the big man.
 "But I couldn't reach mother's skirt," sobbed the little one.

Do This Tonight

Watch the quick effects—see the change in a week

Present this coupon to your dealer. He will give you a delightful ten-day test of a new teeth-cleaning method which millions are employing.
 Watch the effects, quick, pleasant and conspicuous. Watch the new luster that comes. In ten days let your mirror tell you the way to pretty teeth.
 Leading dentists everywhere advise this method now. You will see and feel the reasons when you make this test.

End the dingy film
 The chief purpose is to fight film. This viscous coat, which you can feel, causes dingy teeth and also most tooth troubles.
 Film clings to teeth, enters crevices and stays. The old ways of brushing did not end it. So film-coats night and day threaten serious damage.
 Film is what discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.
 Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. All these troubles have been constantly increasing. Despite the daily brushing with old methods, very few escaped them.

Now you can fight it
 Dental science, after long research, has found ways to fight that film. Able authorities have proved them effective. Now leading dentists everywhere advise their daily use.
 The methods are embodied in Pepsodent, the new-day, scientific tooth paste. Millions of people now use it, and the use is fast spreading the world over.
 That is the dentifrice we urge you to try. Your druggist has a free tube for you. Enjoy its effects for ten days, then judge them for yourself.

Also starch and acids
 Modern diet makes other things essential. And those essentials are embodied in this scientific tooth paste.
 Each use of Pepsodent multiplies the salivary flow. That is Nature's great tooth-protecting agent. It multiplies the starch digester in the saliva. That is there to digest starch deposits which may otherwise form acids.
 It multiplies the alkalinity of the saliva. That is Nature's agent for neutralizing acids which attack the teeth.

Free
At your store this week
 This 10-Day Tube of Pepsodent. Simply present the coupon. This test will prove a delightful revelation. It will show you the way which millions have found to whiter, cleaner, safer teeth. This offer is for one week only. It means much to you and yours. Act now.

An ideal diet would do these same things, but few people get it. So dental science now needs the tooth paste to bring these desired effects.
 Pepsodent will daily bring you five great benefits which the old ways did not bring. Together they mean a new era in teeth cleaning.

Men's tobacco stains
 Men who smoke stain these film-coats with tobacco. The use of Pepsodent brings them conspicuous effects.
 Food stains with women make these film-coats dingy. The glistening teeth seen everywhere now show how Pepsodent removes them.
 But children need Pepsodent most. Their teeth are most subject to film and starch attacks. Very few escape them. Dentists advise that they use Pepsodent from the first tooth appears.

Watch teeth whiten
 The results of Pepsodent are quickly seen and felt. No user can long doubt them. A book we send explains the reasons for them. A very short test will convince you that this new way is essential.
 Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Watch the other good effects.
 Then you will see and feel and know that Pepsodent is necessary. You will realize that old methods were not right. And this discovery may bring life-long benefits both to you and yours. Present this coupon to your dealer this week. Cut it out now.
