STRENUOUS EFFORTS WILL BE MADE FOR DELEGATION

Y. M. C. A. Cabinet Members Want Nebraska University Well Represented at Estes.

A separate department in the 1921-22 Y. M. C. A. cabinet has been provided for making arrangements about a Nebraska delegation to Estes Park conference, the summer encampment of the Rock Mountain student conference. Nebraska University may have a group of forty-five men at the meetings from June 7 to 17.

Don Heffley University Y. M. C. A. secretary has received the folders from the committee in charge and can give information about the work of the camp, as well as of the cost and requirements for anyone interested in attending. He will head the group from the Nebraska campus. About six other groups of delegates will go from state colleges so that Nebraska territory will in all probabilities be the largest for any summer.

The purpose of the Estes meeting is to give an opportunity to university men in this region to hear what America's foremost Christian thinkers regard as the world's greatest problems at the present time. Discussions which will be especially valuable to undergraduates will be given every day. Training in leadership is one of the main purposes of the annual programs. Practically every one of the leading Y. M. C. A. men who have gained prominence since their graduation from the University of Nebraska have attended at least one of the summer conferences.

Harry Huntington, one of the University pastors here at Nebraska, is listed on the program of the meetings.

HIGH SCHOOL TRACK MEET IS SATURDAY

Over Three Hundred Athletes Will Compete in Track and Field Events.

STATE MEET ENTRIES.

Class A—Beatrice, Omaha Central, Omaha Commerce, Fremont, Scottsbluff, Columbus, Hastings, Lincoln, University Place, Grand Island, York, North Platte, Creighton high (Omaha).
 Class B—Aurora, Gothenburg, Wilber, Superior, Sargent, Tecumseh, Bayard, Osceola, Broken Bow, McCook, Nebraska City.
 Class C—Ansley, Bartley, Callaway, Pender, Berwyn, Dewitt, Clay Center.

The entry list for the annual Nebraska high school track and field meet, scheduled for next Saturday afternoon on the state university athletic field in Lincoln, has climbed until the roster now includes thirty-one high schools.

Tuesday's mails brought four additions to the class A group, three additional schools in class B and three in class C.

Among the athletes that are expected to show up well in the competition are two lads from Superior high school—Calvin and E. Weir. Calvin won the 100-yard dash in the invitation meet at Hastings last Saturday with a mark of 10 1/5 seconds, equalling the state record.

Weir the Star at Hastings.

Weir entered four events at the Hastings meet and captured first in each event. He ran the 120-yard high hurdles in 16 1/5 seconds, which betters the state record. Two watches caught the Superior athlete at 16 1/5 seconds and a third caught him at 16 2/5 seconds, time that equals the state record. In addition to winning the high hurdles, he took first in the high jump at 5 feet 6 inches, first in the pole vault at 10 feet 4 inches and first in the shot put with a mark of 39 feet 6 inches. In order to prevent the competition becoming a "one man meet" the Hastings college authorities ruled that Weir could enter but four events.

At the Hastings meet Bradley of York ran the mile in 5 minutes 8 seconds. Calvin of Superior won the 220-yard dash in 24 seconds. Abbott of Clay Center won the 440-yard dash in 55 1/5 seconds and Clay Center took the relay in 1 minute 41 1/5 seconds.

PICNIC LUNCHEONS TO FEATURE IVY DAY

(Continued from Page 1.)

Probably the most impressive part of the afternoon program will be the tapping of thirteen Mortarboards by the present members of Black Masque chapter. Every year since 1904, this number of girls from each succeeding junior class has been selected to membership in this senior girls' honorary organization.

Black Masque was started as a local organization about two years after the senior boys had organized. The charter chapter included some students who have become prominent alumni of the school. Grace Coppock, missionary in China, supported by University girls, was a charter member. The junior girls selected are expected to be active in school affairs and in the work of their class. They are chosen for their ability for leadership and for their willingness to uphold the highest ideals of the University of Nebraska.

The work which the local chapter accomplished soon made the organization one of the best known and most widely recognized groups on the campus. Their activities were centered in bringing the underclass girls into closer touch with University social life and with trying to make every co-ed acquainted during her stay in Lincoln with as many other students as possible.

The arrangements for the morning exercises on Ivy day have always been made by the retiring Black Masques. The organization has supported girls' athletics in every way possible and helped gain a greater place for them in the program of school sports.

During the past year, the Black Masques have become affiliated with the Mortarboards, national honorary senior girls' sorority. This places the local chapter on a par with the best organizations of its kind in the country. This spring one of the Black Masques, as a delegate to the national convention at Ohio State University, was elected national vice-president for the next two years. All of the leading middle western universities were represented at this meeting.

The masquing of the Black Masques did not occur on Ivy day for several years after the founding of the organization. The exercises next Wednesday afternoon on the Farm campus will be public, however. The names of the new Mortarboards will not be known until that time.

FRESHMAN SQUAD MAKES RECORDS FOR VALLEY

First-Year Tracksters Enter Missouri Valley Field Com. petition.

University of Nebraska freshmen absorbed the spot-light in the track and field realm Wednesday afternoon. The first-year string participated in the Missouri Valley freshman telegraphic meet.

Results were wired in to Washington University Wednesday evening where the records will be placed in competition with the marks by other freshmen.

Turner made the high jump at 5 feet 10 1/4 inches. This record is expected to stand up well in comparison with the showing made by other schools. Hartman put the shot 41 feet 1 inch. Morgan, Lukens and Noble took the 100-yard dash in 10 2/5 seconds.

Summary of the Results.

Mile relay—Hatch, Gibbs, Lewellen and Morgan, 1:36 4/5.

In a meet such as the Missouri Valley freshmen telegraphic meet in which the contestants compete on their own home track Nebraska's representatives are severely handicapped by the circuit on Nebraska field, commented Coach Henry F. Schulte Wednesday afternoon.

"Oklahoma, Missouri, Grinnell, Kansas and Washington have 220-yard straight ways. Other institutions in the Valley have true curves while Nebraska has a vicious turn. The Nebraska entries are sure to suffer in the 220-yard dash, 440-yard dash, hurdles and relays," according to Schulte.

"Even at that we cannot lay everything to the handicap," the track coach continues. "Our chief handicap in turning out a great track team for Nebraska lies with the student body. A great team 'latent' is here. We will have the great team when Nebraska students want it and not before."
