One section is on the top of a cliff—the other extends between the foot of the cliff and the waterfront. Four Otis Electric Elevators in two large vertical towers and the Otis Incline Railway pictured here, carry the people and freight up and down the cliff. The Incline Railway is built at an angle of 43 degrees. Along are two cars working alternately, each with a capacity of 28 people and 1700 pounds freight and the trip is made in 31 seconds. Otis engineering has successfully linked these two parts of Bahia. This achievement, big as it is, is but one significant detail of the world-wide service given by Otis. Most of the Summer residences of the world are equipped with Otis Elevators. OTIS ELEVATOR COMPANY Offers in 23 Principal Cities of the World'.
