GEOLOGY DEPARTMENT HAS NEW INSTRUCTORS

Vera Rigdon and W. H. Wolfenbarger
Appointed for Coming School
Year.

Announcement has been made of the appointment of Miss Vera Rigdon and W. H. Wolfenbarger to positions as instructors in geography and geology.

Another change is made by the granting of a leave of absence for one year to Miss Esther Anderson. Miss Anderson will teach geography and geology at the University of Wisconsin this year.

Prof. E. H. Barbour returned Tuesday with a series of fossils from northwestern Nebraska. Such fossils as Mr. Barbour collected are very scarce and will be a great help to the department. As soon as possible these specimens will be placed on display in the cases.

Mr. Barbour reports the arrival this week from Mr. B. G. Watkins an interesting self grafted ironwood tree from Newwacok, Neb. This specimen is one of the best of its kind.

Mr. W. C. Smith of Long Pine, recently sent to the State Museum a good example of the tooth of the early Mastodon (Tetrabelodon.)

The geology department like many of the other departments shows a very marked advance over previous years. Last year the number of students registered for geology 1 was forty; this year there are at the present time eighty with a possible larger number when all the students have registered.

HISTORICAL PAGEANT TEACHERS' PAGEANT

A historical pageant, "Nebraska," will be one of the spectacular features at the annual state teachers' convention which meets in Omaha in November. The pageant, which is symbolic in spirit, is in three parts. It is the work of Lincoln men. Dr. Hartley Burr Alexander of the university has composed the theme and pageant progr, and the musical scores were prepared by Howard Kirkpatrick of the University School of Music. Many Indian themes run thru the general ensemble. Miss Lena May Williams, director of expression in the Omaha Central high school, is chairman of the pageant, and is assisted by Miss Marian Reed, art instructor, and Miss Juliet McCune, supervisor of music.

LARGER NUMBER IN DENTAL COLLEGE

The number registering in the dental college this year is larger than last year, although not so many in the pre-dental class. The dental course is now of five years of instruction. There were thirty pre-dentals, five freshmen, thirty-five sophomores, forty-two juniors, and twenty seniors to register this year.

Nebraska School of Business

Approved by the American Association of Vocational Schools.
Accredited by the State Department of Public Instruction.

Classes in all Commercial Subjects. Hours arranged to suit University Students.

Phone B-4357, or write for literature.

Gas and Electric Bldg. O & 14th. Lincoln, Neb.

GEOLOGY NOTES

E. F. Lindeblade, a former Nebraska student who has been with the Empire Oil Company in Southern Kansas and Oklahoma will probably return to do graduate work.

H. A. Nodon is doing graduate work in the department.

Harold J. Cook, former student of the department who is a geologist with the Associated Oil Company was appointed by Governor McKelvie on the Nebraska State Park Commission.

The field class that spent the summer in the Black Hills collected a large number of mineral specimens from various mining camps. The specimens are to be added to the collection at the State Museum.

W. O. Wyman has just completed a detailed report and subsurface map of the Garber oil field near Enid, Okl.

Pledge Correction.

The Daily Nebraskan wishes to correct an error in the sorority pledge list. The name of Elizabeth Montgomery of Hastings was omitted from the list of Gamma Phi Beta pledges.

NEW TEA ROOM CATERS TO STUDENTS

The Lincolnshire Tea Room, 318 South Twelfth Street, caters especially to University students and University functions. Fraternity and sorority dinners and parties are given special attention. Breakfast is served daily from 7:00 to 8:30. Luncheon daily from 11:30 to 2:00. Afternoon tea and refreshments may be had any time from 2:00 to 5:30. Dinner from 5:30 to 8:00. After-theatre parties by appointment. Combination breakfast, luncheon and dinners ranging in price from 25 cents to \$1.50 are being served.

The Lincolnshire club management wishes also to call attention to the delicious dainties that may be had fresh daily from the Lincolnshire pastry shop. French pastries for parties; pies, cakes, doughnuts, salads, potato chips and many other delicacies for every occasion. Try our home-made ice cream for your next party. Remember, Lincolnshire ice cream. You may also get the famous Page & Snow candies at the Lincolnshire quarters.

Autumn Things

from day to day are appearing on our menu—dishes that make you glad warm weather is over.

Real, tasty, wholesome dishes, delightfully prepared and served on clean napery, and a real sincere courteousness on the part of all attendants.

Once you eat here—you will make it a habit.

AG CLUB WILL RESUME ACTIVITIES NEXT WEEK

Officers Plan First Meeting for Thursday—Farmers Fair Chairman Is Selected.

The Agricultural Club, the student organization of the college of agriculture, will resume its activities very soon, according to E. C. Brown, the president of the club for this semester. The first meeting of the year will be held soon, and a drive for new members started. A special agricultural convocation will be held in agricultural hall during, probably the second week of school.

Agricultural club has under it jurisdiction the planning and execution of Farmer's Fair, one of the largest and best known student activities of the University, which occurs late in the spring on the college campus. O. M.

Krueger is at the head of the Farmers Fair board this year, and plans are being made for a bigger and better fair than ever.

Members of the club will hold their first meeting Thursday at 7:30 p. m. in dairy industry 301.
