

THE DAILY NEBRASKAN

VOL. XXI, NO. 7

LINCOLN, NEBRASKA, THURSDAY, SEPTEMBER 22, 1921.

PRICE FIVE CENTS

FRESHMEN WEAR TRADITIONAL GREEN

Frosh Must Wear Bright Headgear Till Late in Semester Unless They Win The Olympics.

CAPS PROMOTE FRIENDSHIP

First Year Men Like Colorful Caps But Anxiously Await Class Tangle.

The Frosh green caps were already making their appearance upon the campus yesterday. It is expected that all Freshmen will be wearing the traditional green headgear today.

Magge's Clothing Co. are giving the caps away this year, but fearing a scarcity of the coveted caps, freshmen were applying for them at an early hour yesterday morning and requests continued throughout the day.

According to university custom and tradition these caps must be worn up until the Olympic clash with the sophomores. If the freshmen fail to capture the meet they must continue to wear the caps until late in the semester, but if the first year men are victorious, they may cast the caps aside.

The upper classmen are held responsible for the enforcement of the tradition. Each freshman is required to fill out a card as he obtains his cap. In order that a check may be kept on the caps.

Already the green capped freshmen are finding their headgear to be an excellent way to get acquainted. They feel free to speak to any other student so adorned. One man reports that because he was one of the first to don a cap, that all the freshmen took pains to speak to him. "I think it's a fine way to get acquainted," he said.

OFFER PRIZES FOR ECONOMIC ESSAYS

Research Holds Two Thousand Dollars For Winners in Intellectual Contest.

Two thousand dollars in prizes is offered for essays on economics by the National Bureau of Economic Research. Contestants who desire information concerning the contest should write Dr. William T. Foster, director, Newton 58, Mass.

A prize of \$1,000, open to everybody, without restriction. A prize of \$500 is offered for the best essay from any undergraduate in any college, or other school of college grade in the United States. A scholarship of \$500 in any college for the best essay by a student in any high school is also offered.

In 191, an essay to be considered for any prize must have not more than ten thousand words and must be on one of the following subjects, or on a related subject approved in advance by the foundation.

The part that money plays in economic theory. Causes of unemployment and remedies.

Conditions which determine how much the consumer gets for his dollar.

Essays must be mailed on or before December 31, 1921. The judges are: Wallace B. Donham, dean, Harvard Graduate School of Business Administration; Irving Fisher, professor of economics, Yale university; Wesley C. Mitchell, director, National Bureau of Economics Research.

DELIANS TO HOLD STUDENT RECEPTION

Delians student reception will be held Saturday evening, September 24 at 8 o'clock in Art Hall, second floor of the library.

All members and old friends are expected to be present and a special invitation is extended to new students.

CHEER LEADERS WANTED

Nebraska Cheer Leaders for 1921-22 will be chosen Friday September 23, at 11 a. m. in the auditorium of the Temple Theatre. As usual, University men and women will compete for the places and great interest is already being shown in the try-outs. The members of the Insurgents society will be on hand to select the four men and four women who will lead Cornhusker yelling for the coming year.

UNIVERSITY PLANS TO INSTALL TRADE SCHOOL

Preparations are being made in the basement of "U" hall for the new trade school of dentistry. This is a trade school only for mechanical dentists and Dean Burnett is in charge of the school. This school expects to be opened by the first of October. His office is out at the state farm. One of the schools will be at the campus and the other one at the farm.

PHI ALPHA DELTA HAS NEW HOME

The Phi Alpha Delta law fraternity held its initial meeting of the year Tuesday evening in its new home at 339 North 14th street. The house has been leased by P. A. D. to serve as a headquarters for legal research, and to enable the members of the fraternity to talk, eat, and sleep law.

A housewarming smoker will be given for members and their friends Thursday evening.

CROSS COUNTRY SQUAD STARTS TRAVELING

Nebraska to Entertain Valley Long Distance Runners This Fall.

Fall track and cross-country work is being pushed by Head Track Coach Henry F. Schulte. A squad of over forty candidates are working out each night under the direction of the track mentor.

The jumps, sprints and weights are being staged on the athletic field, the running events taking place on the track while the gridsters are performing on the inside field.

The University of Nebraska will entertain the Missouri Valley cross-country meet this fall. A number of institutions of the Valley will send teams to this meet. The event will probably take place Homecoming day although no definite date has been set.

Three dual meets may be staged by the cross-country runners this fall. Ames, Kansas U. and Kansas Aggies are possible opponents to meet the Huskers this fall. No definite dates for dual meets have been set.

KANSAS JOURNALISTS HAVE NEW BUILDING

Increased Enrollment in Department Makes Larger Quarters Necessary.

LAWRENCE, Kas.—The department of journalism will occupy the entire journalism building this year as the physiology laboratories have been moved to the administration building. The alterations will be completed by September 20. This fact will relieve the congested conditions that have existed among the journalism faculty and students for the last few years.

With the additional room for its printing plant, editorial departments, class rooms, library, business offices, and practice laboratories, the department approaches the purpose of measuring up to the greatness of Kansas as a newspaper state, according to Professor L. N. Flint, chairman of the department for the last five years.

"Increased enrollment last year forced us to hold classes in four different buildings," he said. "The growth of the Daily Kansan and other publications issued at the department of journalism press called for new printing equipment for which there was no floor space."

Now the \$35,000 printing plant will have the entire basement. A Cleveland folder and a Kelly press have been installed, both paid for by the journalism press, without expense to the state. For the first time adequate room will be available for instruction in linotype operation and courses in the mechanics of printing demanded by students who some day expect to run newspapers.—The University Kansan.

NEBRASKAN FILINGS

Applications for the positions of Associate Editor and Assistant Business Manager of The Daily Nebraskan will be received in the Student Activities office until 5 o'clock Thursday, September 22.

SCRIMMAGE GRIND STARTS FOR HUSKERS

Dawson Crills Varsity and Passing Sticks to Open Game and Fundamentals for Present.

Over four complete teams turned out last evening for the initial scrimmage of the season. Coach Dawson started the men out with the regular routine and finished up with twenty minutes of fast scrimmage work.

The Huskers took the first workout of the season on Nebraska field last evening. The field has been covered with saw-dust and has been put in first class shape for the season. A fair sized crowd of interested Husker enthusiasts viewed the work of the varsity last night.

The scrimmage work consisted entirely of forward passing. The backs were not called on to carry the ball at any time during the workout. Freshman Coach Farley Young expects to have his proteges in shape to give the varsity some real competition early next week.

Coach Dawson expects to drill the Huskers on the fundamentals of the game for the next two or three weeks in preparation for some of the heavier contests on the schedule.

Nebraska was unusually weak last year in defensive work against the forward pass and the new Husker mentor feels that some time will be needed in developing a strong defense against the aerial style of attack.

"Dirty" Moore, who has not been able to be out for practice on account of a bad foot, made his appearance last evening and worked at his old position in the backfield. Coach Dawson is using no regular line-up now but is shifting the men about from one team to the other.

Reports coming in from Wesleyan indicate that the Methodists expect to have one of the greatest eleven in the history of the school and are looking forward to a championship year in state conference circles. Coach McWhorter is optimistic on the outcome of the Husker-Wesleyan game slated for October 1, but expects to put a defensive eleven against the Huskers that will give Coach Dawson's men a real battle. The Methodists have a larger number of men out for the pigskin sport than have reported here.

LAW STUDENTS RENT BOOKS AT LOW PRICE

The plan of renting books to students instituted last year by Dean Seavey has proved popular with the students. Under this arrangement all the case books needed during the semester can be rented for five dollars. This enables each student to have the necessary texts at all times, and at an expense much lower than if he were forced to buy them.

All collateral reading, and reference work can be done in the law library, which affords a complete list of reports, cyclopedia of law, and current legal journals.

Former Husker Comic Editor Writes of Work in London

Gayle Grubb, editor of the 1920 AWE-man, who is now abroad with the Rag-a-Jazz band has written Jack Austin, editor of The Daily Nebraskan a letter telling of the travels and troubles of the organization since landing in Europe.

Grubb's letter dates, Thirteen Tavistock Place, Tavistock Square, London, follows:

Sept. 5.—Editor the Daily Nebraskan: Contrary to our former expectations we will not arrive in the States before the second semester and it is very doubtful if we arrive then for we have had greater success here than we ever anticipated when we packed our odd trunks in our Fogelson cases and set sail over the Atlantic ocean, which by way of explanation is a large body of water full of fish and other water fowl.

And so, as a committee of one, appointed by myself, I thought that perhaps you might like to hear from us as to our successes here and our fortnightly crap games with George of Buckingham palace, more commonly known as George V.

We have signed a contract before the law to appear at Rectors, the most exclusive place in London, for a period of six months with an option on three more and at a neat sum of dough, vulgarly speaking, Rectors is a very cheap hangout as I will now elucidate. Full evening dress is required and it cost a body one pound in English cash or five dollars in American bucks. That is without a lady. Of course if a lady is dragged in by the elbow an additional charge of three and a half dollars is added, making the total, per couple, at eight dollars and fifty cents.

SCABBARD AND BLADE HOLD FIRST MEETING

Honorary Cadet Officers Elect For Coming Year.

Scabbard and Blade, honorary cadet officers fraternity, held its first meeting of the year Tuesday evening in the rooms of the military department in Nebraska hall. The work for the year was discussed and plans made for the activities for the coming season. The first social function of Scabbard and Blade will be a dance to take place in the near future.

Scabbard and Blade is a national fraternity with chapters in twenty-eight leading universities of the east and middle west. Election to membership in the organization is based on ability as cadet officers in the military department and high school standing. The purposes of the society is to maintain a closer relationship between the military and other departments of the university, to increase the esprit de corps of the cadet regiment, and to train men for better citizenship in after life.

The local chapter of Scabbard and Blade was installed late last May by Major H. C. Mahin, national quartermaster, and had as charter members A. W. Godwin, J. Burks Harley, Allan M. Wilson, Joe Ryons, James Probsting, E. Grant Lantz, Joseph Noh, E. L. Sonn, Marvin L. McKee, F. H. Free, Jr., Edgar Tullis and Ellery Frost. The company lost Colonel Harley and Major Godwin by graduation, but all the other members are in school and intend to make this newest honorary fraternity one of the best in the university. The officers to the coming year are: Allan M. Wilson, captain; Joe Ryons, first lieutenant; J. G. Noh, second lieutenant; Ellery Frost, first sergeant.

GRID COACH USES PORTABLE TOWER

NEW BRUNSWICK, N. J., Sept. 21.—A portable tower 20 feet high is being used by Foster Sanford in coaching the Rutgers football squad. It has four large iron wheels and a shaft enabling it to be pulled anywhere on the field.

ORPHEUM PRESENTS PLEASING NUMBERS

The Orpheum circuit this week offers a pleasing bill headlined by Gus Edwards and his juvenile musical revue. They sing sweet, dance well and Chester Fredericks the boy dancer will be heard of again. The chorus is a pleasure to the eye and prettily costumed.

"Sandy" the wee bit of Scotch will doubtless improve with age as is the Scotch custom. An amusing travesty on modern house-keeping in one room is presented under the title of "A Dramatic Episode." The Chinese Nightingale sings a clever parody on "Feather Your Nest" in what is considered English fashion.

Samsted, the strong man closes in a rather unique manner by offering some good advice on physical culture.

BISHOP TO SPEAK AT CONVOCATION

Bishop William F. McDowell who will address the students of the University of Nebraska at convocation 11 o'clock today in the Temple theatre, has been connected with educational work for many years. He has been in great demand at large gatherings of students and was one of the principal speakers at the student volunteer convention held in Des Moines two years ago.

Bishop McDowell is attending the annual conference of the Methodist church and has consented to speak at this convocation, it will be a rare opportunity to hear a great man and every student who can should hear him.

Y. M. WILL STAGE MIXER SATURDAY

Committees Are Working Hard To Make Get-Together Best In History.

The big annual "Y" mixer will be given Saturday evening Sept. 24th in the Armory commencing at 8 o'clock. Several large committees are at work under the direction of Y. M. C. A. and Y. W. C. A. cabinet members. This annual fun-fest, which will be the first university mixer of the year, promises to be one of the best ever staged. Prizes will be offered for wit, skill, and beauty; refreshments will be served; and no admission will be charged. The complete plans and program of this big event will be given in Friday's Rag.

One of the foremost traditions of this university is our annual mixers, "stirring into the new students the school spirit and democratic principles and helping them to get acquainted with prominent workers and leaders in our college at the earliest possible moment. For these reasons alone all new students should participate in this big affair. Bill Day, the new Y. M. C. A. secretary and Miss Appleby, Y. W. C. A. secretary, are very anxious that everyone give this affair all the support possible.

All cabinet members of the Y. M. C. A. and all committee chairman will meet in the Y. cabinet room of the Temple at 5 p. m. today.

MINOR SPORTS WILL COME TO THE FRONT

Golf, Tennis, and Swimming Will Be Encouraged Among Students This Fall.

Football will not be the only sport to receive attention at the university this fall. According to announcement made Wednesday evening by Director of Athletics Fred W. Luehring, golf and tennis will be encouraged among the students this fall.

The plan is to hold a campus tournament in both golf and tennis. A number of students have been trying their skill on the Antelope Park golf course and the tennis courts on the campus are always filled with players.

Last spring tennis and golf tournaments were held. Don Elliott won the net tourney and Hale Clark captured first honors in the golf competition.

Opportunity will be given the students to try for the swimming team. If enough students show interest in aquatic sports a varsity swimming team will be organized.

There is still room for some more students in the advanced swimming class. Those wishing to enter should consult Director of Athletics Luehring. From this group the varsity swimming team will be selected.

W. S. G. A. ANNUAL PAGEANT SATURDAY

Every University Girl Invited To First Woman's Party of Year.

EXPECT LARGE ATTENDANCE

Herbert Yenne and Winifred Meryhew To Direct Pageant.

Elaborate preparations are being made for the W. S. G. A. party which will be held Saturday at 2:30 p. m. to 6:00 p. m. The entertainment will be free.

Two buildings will be used to take care of the crowd of girls that is expected to attend the affair. The girls will gather first at the Temple building where a pageant will be staged.

This pageant will be under the direction of Herbert Yenne, instructor in the department of fine arts and Winifred Meryhew, a student of the department. The pageant was written by Mrs. Madeline Craft Radke, a professor of English in the university last year.

Other entertainment will be at Ellen Smith hall and will include dancing and fortune telling.

This is an annual affair given by the W. S. G. A. and is especially for freshmen girls.

The Woman's Self-governing association is the governing body for the women on the campus. They make all rules for the girls and girls' organizations. The W. S. G. A. is governed by a board which is composed of five members, four juniors and four sophomores.

Betty Scribner is president of the board and organization. Margaret Stidworthy is secretary and Ruth Miller is treasurer.

The only requirement for membership is payment of the dues of fifty cents.

YEARLING CLAN GIVEN ENDURANCE WORKOUT

Coach Young's Proteges Scheduled For Scrimmage With Varsity Monday.

Coach Farley Young put the Yearlings thru a series of duck-walking, shadow running and sprinting along with kicking and passing the ball. He says this kind of work makes them longwinded and makes them have a lot of endurance which is one of the main requirements in football.

There are some freshmen that are showing up exceptionally good and these will no doubt be used quite frequently in scrimmage with the varsity. Freshman scrimmage will start the first of next week and all of the yearlings are anxious for it to start as they think they have had enough fundamentals.

TRENCHING MACHINE UNEARTHS MASTODEN

In excavating for the Lincoln Normal sewer the trenching machine cut thru a large Mastodan at a depth of fourteen feet near South street and the Boulevard. Two teeth, a shoulder blade and parts of the pelvis and thigh bone along with the lower jaw are at the university. An immediate attempt will be made to secure the other parts. These are regarded as excellent fossils and will indeed be a great help to the state museum.

SECRETARY OF ALUMNI RESIGNS

The officers of the alumni association of the University of Nebraska will meet in Lincoln Friday afternoon to consider the election of a secretary to fill the vacancy caused by the marriage and resignation of Mrs. C. A. Sorenson, formerly Miss Annis Chaikin.

CLASS ELECTIONS

Prizes for class presidential elections must be made at the Student Activities office in the basement of Administration hall by 5 p. m. Friday, September 30, 1921.

Florence I. McGahey, Registrar.
