

## DISARMAMENT WILL BE CURRENT TOPIC

Chancellor Dean Buck and Nine Students on Committee to Push Discussion.

## SPECIAL WEEK IN LINCOLN

University Will Co-operate and Urge Delegates to Seek the Peace Settlement.

A university committee composed of Chancellor Avery, Dean P. M. Buck and nine students is at work in an effort to get the University of Nebraska behind the disarmament conference to be held at Washington, Lincoln is to have a disarmament week starting November 6 and lasting until November 11 during which time the American legion and other organizations of the city will hold meetings to discuss disarmament.

During the same week the university will hold some sort of a celebration and will do whatever the committee in charge sees fit to get behind the conference. The university does not necessarily intend to get behind disarmament but behind the conference.

The committee believes that by getting the students to think about the subject, it will be possible to show the school's stand in the matter, and the university will be able as a body to urge to delegates to work as hard as they can for some agreement at the conference.

The committee held a meeting Sunday and decided that it would do all that it deemed possible to accomplish the laying of a foundation in the form of a luncheon at the Grand hotel Wednesday noon at which time plans for the celebration to be held disarmament week will be laid.

This will mean that the committee will have a definite list each month of who wants the ticket and thereby avoid much confusion. The sale of tickets for the first dinner already indicates a record attendance.

## GRACE COPPOCK DIES IN SHANGHAI, CHINA

Nebraska's Y. W. C. A. Foreign Secretary Passes Away—Was Nebraska Graduate.

Word was received today of the death of Miss Grace Coppock, Nebraska's Y. W. C. A. secretary in Shanghai, China. Miss Coppock was the national executive of the Y. W. C. A. in China and was supported by the University of Nebraska Y. W. C. A.

Miss Coppock was graduated from the University of Nebraska in 1905. While in this school she was very active in Y. W. C. A. work and was a member of Black Masque.

Miss Coppock is the foreign Y. W. C. A. secretary whose support the University of Nebraska Y. W. C. A. undertook when the Y. W. C. A. was organized in China in 1907. She has been executive of the ninety Y. W. C. A. secretaries in China for ten years.

There is no woman whose opinion on Y. W. C. A. problems was more highly valued than that of Grace Coppock. She traveled around the world several times in the interest of the Y. W. C. A. and attended the last world meeting of Y. W. C. A. secretaries in Switzerland two years ago. On her return trip she visited the University of Nebraska. Last year Miss Coppock visited the famine district in China in relief work and secured a great deal of valuable information concerning conditions.

The loss of Miss Coppock will not only be felt in Y. W. C. A. circles, but everyone who has ever come in contact with her will remember her keen sense of humor and sympathetic understanding. Miss Coppock's unusual executive ability and her understanding of girls problems in the Orient made her loved by the eastern girls as well as by the girls of her own country.

## VIKINGS SOCIETY ELECTS OFFICERS FOR THE YEAR

Men's Junior Honorary Selects Leaders—Aim to Secure Co-operation of Juniors.

New officers of the Vikings, junior men's society, were elected at a meeting Sunday afternoon at the Delta Tau Delta house. They are as follows:

Floyd K. Warren, Alpha Gamma Rho, president; Glen A. Buldwin, Alpha Sigma Phi, vice-president; J. Wilbur Wolf, Bushnell guild, secretary-treasurer.

The Vikings discussed plans for entrance into new field of university activities. By so doing it is believed that greater harmony of the junior men may be secured and better results accomplished. The Vikings have always been one of the most active organizations in the school but a lack of co-operation in some respects has prevented them from accomplishing all that they might.

Some time late this semester the Vikings will hold a party.

## KHANTO RAI TALKS TO DELIANS ABOUT INDIA

The Princess spoke of the political strife, the different castes, the marriage, in which the bride pays all the bills, the different languages and customs, and how life in India compared with that of America. The fact that half the world doesn't know how the other half live was fully demonstrated.

## RHODES SCHOLAR APPLICANTS MUST FILE BEFORE TUESDAY

Candidates Judged by Excellence In Character, Scholarship and Athletic Ability.

Applications of candidates for Rhodes scholarship must be in the hands of Provost James Lees, chairman of the University committee, before Tuesday, October 25, according to a time limit set by Mr. Lees Monday afternoon. This is to allow the committee to meet each candidate personally and submit its recommendations to the state committee before the time limit of Saturday, October 29.

While many have called for application blanks, none had turned their petitions into Provost Lees office late Monday afternoon. After the closing of the doors on the petition notices will be sent to the candidates telling them when they are to see the committee members. This meeting will be held some time the latter part of next week.

The university committee will use the same method in judging the candidates as the state committee. The candidates are to be selected for their character, scholarship and athletic ability. They do not necessarily have to excel in any of these.

## HUSKER WARRIORS LEAVE THURSDAY

Dawson's Clan Will Mix With South Bend Irishmen in Seventh Fray Next Saturday.

## SCHERER BACK IN LINEUP

Notre Dame Contests for Gridiron Honors on Home Field for First Time This Year.

Coach Dawson expects to put the Huskers through the most intensive training of the season this week in preparations for the Notre Dame contest at South Bend next Saturday. The Nebraska squad with coaches and trainers will leave Lincoln Thursday afternoon on the Burlington and will arrive in Chicago Friday morning. The squad will take a light workout Friday and journey to South Bend that evening and will mix with the "Fighting Irish" Saturday afternoon.

The Huskers have not been scored on thus far this season and Coach Dawson is working in an endeavor to keep up this record as long as possible. The Huskers will present a formidable appearance against the Catholics and will be prepared for the usual tricks Coach Rockne's athletes are so adept at pulling. Nebraska and Notre Dame have met in six battles on the gridiron with the Irishmen winning three and the Huskers capturing the long end of the score in two of them. One of the contests was a tie.

All of the games have been played in local territory and this is the first year that Notre Dame has attempted to bring any outside teams to South Bend. The Catholics have played three games thus far this season and have won two of them by big scores. Coach Rockne's warriors won over Kalamazoo and Purdue and lost to the University of Iowa eleven. The Notre Dame men outplayed and gained twice as much ground as the Iowa athletes but were forced to take the short end of the score.

All of the previous Nebraska-Notre Dame scores have been very close, the Irishmen winning by about seven points for the largest score. The Nebraska lineup will be practically the same as worked against the Haskell Indians last Saturday. Klempe, who had a bone in his arm cracked in the Saturday contest will probably be out for some time. Scherer, who has been out with a bad ankle is in again and will be back at his old position at the end of the line.

Following the Notre Dame contest the Huskers will face the heaviest part of the schedule with the Oklahoma eleven playing here the 29th and then the Huskers take the road and journey to Pittsburgh where they meet the Pitt eleven. Both of these games are new opponents for the Cornhuskers and should give followers of the Huskers a chance to compare them with the more eastern teams. Pitt has one of the greatest and best known coaches in the country in the personage of Glen Warner and the coming contest with the Warner crew is looked upon next to the Notre Dame as the most important on the Scarlet and Cream schedule.

More details of the Notre Dame and Pittsburgh trips will be given out a little later by Director Leaning and the list of men to make the trip to South Bend will not probably be given out until Thursday evening when the team leaves.

## UNIVERSITY ORCHESTRA STAGES CAMP-FIRE PARTY

Last Thursday night about 6:30, some thirty young people, members of the university orchestra gathered at the library and motored out to Van Dorn park. Here the second annual got-together and dog roast was held. After the usual rites around the campfire the young musicians took advantage of the fine moonlight night to play a few games.

The increasing size of the orchestra has made this mixer a necessity to acquaintanceship as well as a means of promoting better fellowship within the orchestra.

There is still an opening for a few players of cello, string bass and viola. If there is anyone in school who plays any of these instruments, he or she should come up to the art gallery in the library between 7:15 and 8:45 on Tuesday or Thursday nights or see Mr. Quick or Norman Cramb for further information. Besides these instruments there is a chance for some one who plays oboe or French horn.
