FIRST BIZAD DAY
WAS BIG SUCCESS
 tests were over, the lunch consisting of sandwiches, doughnuts and coffee were served. After the lunch, Dean Le Rossignol gave a short talk complimenting the fine spirit of the members of the college.
 The Bizads and the engineers met at the Lincoln high school field for their scheduled battle. The field was muddy and a steady rain was falling. The engineers won the toss and chose to kick, defending the north goal. Mouton kicked off to Outhouse who returned thirty yards and the game was on. The Bizads by line plunges carried the ball well down into the engineers' territory and two long forward passes against the wind from Quarterback Phillips to 'Slick' Outhouse the Bizads' star end and captain netted the only touchdown. The rest of the half was a see-saw back and forth across the field. Twice the Bizads were in sight of another score and they failed on two attempted drop kicks.
 The game was called at the end of the first half and by agreement it is to be played off next Thursday afternoon.
 Boner of the engineers was seriously injured in the first quarter and was taken to the hospital.
 About one hundred couples attended the dance at the armory. Polly Butters orchestra furnished the music for the dance. Dean Le Rossignol, Professors Ivey, Martin, Kirschman and Darlington attended. Refreshments were served during the evening.
 This is the first event of this nature the Bizad college has ever had and the faculty and students were all of one accord to make the Bizad a bigger and better college.

MILITARY CARNIVAL
WILL BE BIG PARTY
 play throughout the entire evening.
 Beside the dancing, there will be a real faro game in progress, and a roulette wheel will turn throughout the evening. There will be three card "monte," a shell game and other amusements that made the west what it is not today. Paper money only will be used in the "gambling" and there will be "banks" where coin may be converted into paper at enormous premiums.
 For the solace of the gamblers and the refreshment of the dancing there will be a real bar at which all kinds of drinks will be dispersed by pretty bar maids and a jovial bartender. There will also be a real carnival candy wheel. All kinds of carnival decorations will be on sale, such as streamers, confetti, horns, etc.
 There will be wild west girls and Spanish beauties in the dance hall to dance with the men who "stag" it to the carnival. These irresistible young ladies will render it impossible for any one to bloom as a wall flower for any length of time. There will be plenty of room at the gambling devices for those who wish to test the quickness of their eye against that of the operator's hand. Experts have been secured to work the three card monte and shell games. The roulette wheel will be handled by an experienced man also. There will undoubtedly be many among the players who will soon become more experienced than the professionals themselves, but there will be enormous quantities of the "circulation medium" on hand so that the game will not be forced to close out before the end of the carnival.
 The party will run until eleven-thirty which is the latest hour for University affairs. Everyone present will be looking forward to next year when the next carnival will be staged.
