## NEWS OF THE DAY

**Legion Parade Large.**  
KANSAS CITY, Mo., Nov. 1.—What officials said was the greatest procession of marching men in this country since the march of the Union army at the close of the civil war, passed before the eyes of five military leaders here today.

It was the parade of the American Legion and the spectacle came as a climax to the Legion's national convention. As a mark of respect to their elders the Legionnaires had invited members of the Grand Army of the Republic, United Confederate Veterans and Spanish War veterans to participate and the heroes of '64 and '98 did their best to keep step with the youngsters who wore olive drab and navy blue.

When the long procession swung into line it was led by the five men whose names figured prominently in spelling defeat of the central empires—Foch of France, Diaz of Italy, Jacques of Belgium, Beatty of Great Britain and Pershing. At Eighteenth street and Grand avenue where a reviewing stand was located the five leaders dropped out of line, mounted the platform and reviewed the marchers.

**Investigation Bomb Explosion.**  
WASHINGTON, Nov. 1.—A dispatch from Consul General Hoillis at Lisbon received today at the state department reported the bomb explosion in the consulate there. The consul general said the Portuguese government was investigating energetically and would make efforts to apprehend those responsible for the affair. Only trifling damage to the building was reported.

**Violence in Strike—Milk Supply Gone.**  
NEW YORK, Nov. 1.—The first violence marking New York's milk strike occurred this afternoon when after a running fight in which nearly a dozen shots were fired, the police arrested two men alleged to have overturned a grocer's pushcart loaded with bottled milk, and to have struck him over the head with a milk bottle.

Mayor Hylan, characterizing the situation as intolerable, called upon leaders of the unions and their employers to confer with him at 3 o'clock. In a statement in which he disclaimed knowledge of the merit of the controversy between milkmen and their employers, Bird S. Coler, commissioner of public welfare, said:

"In my opinion any effort to take milk away from sick mothers and infant children is nothing short of murder."

Fifty babies were crying simultaneously in front of one Bronx milk station where mothers with infants in arms and in carriages awaited their turn in a steady drizzle. Those with crying babies were given preference. Stablemen joined the strikers in the Bronx.

### Coal Strike Looming.

INDIANAPOLIS, Nov. 1.—Officers of the united miners of America maintained their silence today as to the possibility of a nationwide coal strike in protest against the federal injunction prohibiting use of the "check-off" system by which operators collect union dues, but it was learned authoritatively that operators had assurance that the union officials would seek to avert a walkout of workers.

Union officials took this attitude against the strike, although it was known that they regarded the injunction as breaking the existing contract between miners and operators, which the union officials said was based on the award of the government bituminous coal commission and was written at the behest of former President Wilson. The contract expires next March 31, and includes the provisions for the "check-off."

### PRESIDENT HARDING ISSUES THANKSGIVING PROCLAMATION

WASHINGTON, Nov. 1.—President Harding issued a proclamation last night, designating Thursday, November 24, as a day of thanksgiving, devotion and prayer and urging the people to give thanks "for all that has been rendered unto them," and to pray "for continuance of the divine fortune which has been showered so generously upon this nation." The proclamation follows:

"That season has come when, alike in pursuance of a devout people's time-honored custom and in grateful recognition of favoring national fortunes, it is proper that the president should summon the nation to a day of devotion, of thanksgiving for blessings bestowed and of prayer for guidance in modes of life, that may deserve continuance of divine favor. "Foremost among our blessings, is the return of peace and the approach to normal ways again. The year has

brought us again into relations of amity with all nations, after a long period of struggle and turbulence. In thankfulness, therefore, we may well unite in the hope that providence will vouchsafe approval to the things we have done, the aims which have guided us, the aspirations which have inspired us. We shall be prospered as we shall deserve prosperity, seeking not alone for the material things but for those of the spirit, as well; earnestly trying to help others, asking, before all else, the privilege of service. As we render thanks anew for the exaltation which came to us, we may fittingly petition that moderation and wisdom shall be granted to rest upon all who are in authority, in the tasks they must discharge. Their hands will be steadied, their purposes strengthened, in answer to our prayers.

"Ours has been a favored nation in the bounty which God has bestowed upon it. The trial of humanity, though indeed we bore our part as well as we were able, left us comparatively little scarred. It is for us to recognize that we have been thus favored and when we gather at our altars to offer up thanks, we will do well to pledge, in humility and all sincerity, our purpose to prove deserving. We have been raised up and preserved in national power and consequence, as part of a plan whose wisdom we cannot question. Thus, believing, we can do no less than hold our nation the willing instrument of the providence which has so wonderfully favored us. Opportunity for very great service awaits us if we shall prove equal to it. Let our prayers be raised for direction in the right paths. Under God, our responsibility is great; to our own first, to all men afterward; to all mankind in God's own justice.

"Now, therefore, I, Warren G. Harding, president of the United States, hereby designate Thursday, the twenty-fourth day of November, to be observed by the people, as a day of thanksgiving, devotion and prayer; urging that at their hearthsides, and their altars, they will give thanks for all that has been rendered upon them, and will pray for a continuance of the divine fortune which has been showered so generously upon this nation.

"In witness whereof, I have hereunto set my hand and caused to be affixed, the seal of the United States of America.

"Done at the capitol of the United States, this thirty-first day of October, in the year of Our Lord, nineteen hundred and twenty-one, and of the Independence of the United States, the one hundred and forty-sixth."

(Signed) WARREN G. HARDING.
