good showing in this run, considering the hard luck which has followed the team all season. Captain Williams received an injury early in the season and has been out ever since. Allen, an Omaha Merle and one of the mainstays of the team last year, could not come out for the team this year. Bowman's lungs have been in bad condition all season and consequently he has not been able to do his best running.

If the girls cannot go to the church every day, it is especially desired that they go on Wednesday which is the day of prayer for Asia. The university Y. W. C. A. is very closely connected with the work in Asia. At this time seven secretaries have been sent out from Nebraska Y. W. C. A. Vera Berger, 1911, Ethel Hartley, '19, Genevieve Lowry, '19, are secretaries in China. Miss Clara McKinnon, ex-student secretary is a secretary in Japan, Harriette Wyman, '20, has just begun her work in India, Hattie Hepperly, '21, sails the 26th for India as instructor in the Isabella Thoburn college. Miss Myra Withers, a former student secretary, also represents the Y. W. C. A. in Asia.

Extension Classes.

The Y. W. C. A. is a world wide organization and carries on activities in the Orient and South America. For girls and women who cannot attend regular schools, the Y. W. C. A. secretaries conduct extension classes in Bible, English, Business, Singing, Physical Education, Household Arts and Sciences. For the girls and women who are away from home there are hotels, Clubs, Recreation and guidance and protection in travel. For those with a capacity for leadership, there is training for association work, health work and social service. The Y. W. C. A. establishes its branches on request in cities and in government and mission schools. There are clubs and classes for leisure, business, professional, industrial and foreign women. For mutual inspiration and helpfulness, the association cooperates with missionaries and native workers, in meetings, conferences, campaigns and publications. For service the countries to be the objects of prayer Tuesday and the subject at the vesper are the Americas. The university Y. W. C. A. has a representative in Montevideo, Miss Fannie Drake, who was the student secretary preceding Miss McKinnon. The Y. W. C. A. is practically a new organization in South America. Eleven years ago the city of Rio de Janeiro asked for an association which was established in June, 1919, with eight hundred members. The organization is giving freedom to hundreds of girls who are unprepared for it. The secretaries have three great interests, learning the language, getting leaders and making plans for their new organization, and developing club work for younger girls—the Y. W. C. A. serves the students

and the industrial workers. Girl students come in to educational centers from surrounding provinces and find hardly a place where they may live respectably and safely. In all South America it is difficult for people to understand the possibility of girls working or living away from home, yet economic conditions are making this more and more necessary. A vast number of leaders, Brazilian, English or American, are needed to guide these girls clearly through the social freedom so new to them.

**SOPHOMORES WIN
SOCCER TOURNEY**

Second Year Girls Win Over The Juniors in The Inter-Class Finals Wednesday Afternoon.

In the semi-finals the juniors won from the freshmen, 2-1, and the sophomores from the juniors 2-1. Over 100 girls have been out for the sport and from the large squad four strong class teams were picked. The girls' game of football has been promoted this year by the addition of the two new fields east of the Social Science building. Frances Gable, '24, is the W. A. A. sport leader.

In the semi-finals the juniors took the lead on the freshmen when Coleta Aitken, center forward kicked a goal in the first quarter. Caroline Airy, Blenda Olson and Louise Brandstead, formed an aggressive forward line for the freshmen and managed to keep the ball in the junior territory most of the time. They were near at hand when Ruth Smith kicked an elusive ball past the junior guard. The juniors came on the field the fourth quarter determined to win and with fast offen-

sive playing on the part of the forward line, Coleta Aitken again scored for the juniors. Alice Leahmer and Margaret Toole as well as Irma Johnson put up a game worthy of more experienced players.

Irene Springer refereed the game. Marjorie Barstow was time keeper, Helen Kennedy and Sue Little acted as linemen.

After playing five seven-minute periods, the seniors finally saw their last chance of having their numerals engraved on the soccer cup. Not until the last three minutes of play did either side score. Lois Shepherd, of the second year class passed the ball through the posts after it had been rushed up by Frances Gable, Lois Pederson and Bernice Ballance. The seniors rallied, and made successful gains in the yellow territory and with three seconds to play, Katherine Wolfe made a goal. In the decision to play for score the sophomores were able to score again when Lois Shepherd kicked her second goal. Star players in the senior lineup were, Eleanor Snell, Nannie Roberts, Mary Stephens of the front line. Annabelle Ranslem played a good game in the backfield. Mrs. F. C. Putney refereed the game with Miss Mann and Esther McClelland assisting as linemen. Meach Miller kept time.

A few old alumni who still hover in the shadows of their old Alma Mater gathered enough players for a team and challenged the victors to a game Thursday noon. Once more they donned their moth-eaten gym bloomers and galloped down the field as of old. They gave their younger sisters a run for their money, and before long the sophomores pushed the laurels back from their eyes and began to fight. At the end of the first half the game stood 0-0. The old timers hobbled back on the field the second half a little worn, but smiling.
