

## RECEIVE REPLIES TO RESOLUTIONS

United States Congressmen Send Letters to Chancellor, Congratulating University's Stand.

## AGREE ON ALL POINTS

O. W. Underwood Sends Answer From American Delegation at Peace Conference.

Replies from Nebraska congressmen in Washington to whom copies of the resolution on disarmament adopted by the University of Nebraska, November 9, were sent, have been received by Chancellor S. Avery of the university.

All of the replies express appreciation for the resolutions and promises of the utmost efforts on their parts to do all possible for an agreement on disarmament.

No reply has been received as yet by President Harding to whom a copy of the resolution was also sent. Those who have replied so far are Senator George W. Norris, Congressman Robert E. Evans and M. G. McLaughlin, C. F. Reavis and Albert A. Jefferies, and from Elihu Root, thru his secretary Stanley Hawk.

The replies follow: That from Elihu Root's secretary—"Senator Root has requested me to express to you his acknowledgement and thanks for your interesting communication of recent date."

That from Congressman Reavis, Second Nebraska district:

"Many thanks for your courtesy in forwarding me a copy of resolutions adopted by the students and faculty of the University of Nebraska on the question of disarmament and prevention of war.

"It was my privilege to attend the first session of the disarmament conference, at which Secretary of States Charles Evans Hughes delivered his now famous address and I want to say that I repose absolute confidence in the ability of our delegates, Secretary Hughes, Elihu Root, Senator Lodge and Senator Underwood. They are truly American diplomats and, in my judgment, may be depended upon to safeguard the rights of our country.

## FOUR HIGH SCHOOL TEAMS ELIMINATED

Lincoln-Beatrice and North Platte-Curtis Games Protested on Disputed Plays.

(By Gregg McBride.)

Nebraska interscholastic events were busy last week. As a result of last Friday's games four contenders were eliminated from the race and two of the leading claimants escaped elimination only by rallies staged in the closing minutes of play.

Grand Island, Leigh, Ashland and Bancroft were the teams which met defeat for the first time.

Captain Tryba of Columbus scored the touchdown which removed Grand Island from the running when he intercepted a forward pass and ran eighty yards across the first chalk mark.

Several Teams Lose Out. The State Aggie high school administered the first defeat the Ashland gridsters have received this season by capturing the long end of a 14 to 13 score.

Albion high school showed a reversal of form and disposed of Leigh, 27 to 7. Tekamah swamped Bancroft, 69 to 0. It was the first defeat of the season for Bancroft.

Beatrice and the Curtis Aggies came close to making Lincoln and North Platte take the count. A three-point margin separated the Beatrice and Lincoln totals. North Platte defeated the Aggies 14 to 10.

Curtis Looks Strong. Reports from the Aggie-North (Continued on Page Four.)

## PERSHING MUST FILE NOTICE

Members must have all candidate names in before Thanksgiving recess. Put lists in P. R. box in Room 202 Nebraska Hall. By order of Capt. J. G. Noh.

## COMMERCIAL CLUB TO ENTERTAIN BIZAD TEAM

The university commercial club will have Coach Howarth and the Bizad football team as guests at the next monthly dinner, Wednesday, December 7. This shows the appreciation of the record made by the team this year by defeating the Engineers and holding the Laws to a scoreless tie.

Following the dinner several of the active members will address the club. W. E. Hille, chairman, announces that the committee is planning on an attendance of 15 members.

## WILL HOLD TURKEY DAY CONVOCATION

Rev. Walter Aitken Will be Principal Speaker at Thanksgiving Gathering—Classes Excused.

The annual Thanksgiving convocation will be held at 11 o'clock this morning in Memorial Hall. Rev. Walter Aitken will give the address and the governor's proclamation will be read by Col. J. H. Presson as he has done for several years past.

This convocation has become an annual tradition and is regarded as an essential program before the Thanksgiving recess. For this reason all 11 o'clock classes are to be dismissed, and all students are expected to attend. The pan-hellenic scholarship standings will also be announced at this time.

The University chorus and quartet have prepared special numbers for this event and will be accompanied by stringed instruments piano and organ.

The program as it is planned in full will be as follows:

The 149th Psalm—Dvorak, The University chorus and quartet accompanied by strings, piano and organ.

The Governor's proclamation—Col. J. H. Presson.

Festival Te Deum—Buck, The University chorus and quartet.

Address—Rev. Walter Aitken.

America—Chorus and audience.

The members of the University quartet are Margaret Perry, soprano; Lucile Kline, contralto; Francis Diers, tenor; and Oscar Bennett, bass.

The orchestra is composed of Edw. J. Walt, first violin; Ernest Lange, second violin; William Quick, viola; Lillian Eiche, cello; Mark Pierce, bass; Donna Gustin, piano; Edith Burlingame Ross, organ; and Mrs. Carrie B. Raymond, director.

## DRUGGISTS PRAISE PROF. SCHNEIDER

Nebraska Pharmacy Instructor is Winner of the Ebert Prize—National Reputation.

Whatever Prof. Albert F. Schneider says is the result of his own cogitation and not the echo of some other man's opinions. He thinks independently and speaks likewise, as regardless of popular outcry as he is of the effect of his words on his own fortune. His mind is of the analytic kind; he strives to get at the root of things, and when he thinks he has succeeded he tells what he finds. As an example of his intellectual honesty a paper which he contributed to the Circular for June, 1908, serves. Professor Schneider seemed to be mildly amused and perhaps a trifle annoyed at the claims of pharmacists to equal professional recognition with dentists and physicians. So, by means of a diagram he heartlessly showed that (at that time) for a man to become a graduate in pharmacy he need complete only a grammar school course and two years at a college of pharmacy, whereas for a man to get his dental degree he had to remain in high school two years after the pharmacist had been graduated into the professional class, before he could even enter a dental college for a three year course; and to obtain his medical degree he had to take two years in a college of arts before matriculating for a five-year professional course. Since then the educational status of pharmacy has improved somewhat, thanks to such men as Professor Schneider, who looked at things as they were instead of

## SORORITIES PLEDGE TWENTY-FOUR CO-EDS

Mid-Semester Lists of New "Spikes" are Announced by Pan-Hellenic Organizations.

Twenty-four girls were pledged at the mid-semester pledging. Of the eleven sororities who pledged new members Kappa Delta had the largest number. The following new members have been announced:

- Achoth.
- Myrtle Shirman, Ogalalla.
- Alpha Delta Pi.
- Dorothy Rich, David City.
- Ruth Taft, Norfolk.
- Alpha Omicron Pi.
- Wilma DeFord, Lincoln.
- Alpha Phi.
- Dorothy Jordan, David City.
- Marie Thompson, Tilden.
- Alpha Xi Delta.
- Lucile Forsythe, Kearney.
- Helen Graham, Boulder, Colo.
- Thelma Partridge, Ord.
- Pi Omega.
- Posephine Shrenk, David City.
- Delta Gamma.
- Louise Mathews, Ashland.
- Mary Ling, Red Oak, Ia.
- Elizabeth Jack, Beatrice.
- Gamma Phi Beta.
- Kathleen Raugh, Lincoln.
- Kappa Delta.
- Gertrude Strong, Lincoln.
- Martha Dudley, Hot Springs, S. D.
- Helen Farnsley, Creston.
- Helen Rhoads, Glenwood, Ia.
- Louise Stone, Glenwood, Ia.
- Kappa Kappa Gamma.
- Minnie Yoder, Cheyenne, Wyo.
- Pi Beta Phi.
- Jeannette Merick, Lincoln.
- Phi Mu.
- Dorothy Posson, Paxton.
- Lucile Magar, Auburn.
- Mellicee Baker, Creighton.

## NO NEBRASKAN ON WEDNESDAY

University Paper Will Not Publish Thanksgiving Eve—Extra Large Turkey Day Edition.

There will be no edition of The Daily Nebraskan on Wednesday of this week.

This decision has been arrived at by the staff of the University of Nebraska daily, owing to the fact that a twenty page paper will be published on Thanksgiving day morning and facilities of the printing plant are not complete enough to handle the extra large edition in one night.

By not publishing on Thanksgiving Eve, the Daily Nebraskan will enable the printing plant to do much better work on the special football edition Wednesday as they will not have to rush so with the copy.

The Daily Nebraskan turkey day edition has been keeping every member of the staff busy for the last two weeks. Monday was the deadline on special stories for the edition and the printing plant is putting in all spare time on the paper.

Resume of Season. The special edition, a football number, will contain a resume of the 1921 football season together with write-ups of each member of the varsity and freshman football squads. There will be a feature story on the first football team the university had, of which E. E. Mockett of Lincoln was captain and C. M. Skiles of Lincoln right end.

Stories on the college football teams and on the colleges themselves will be in the table of contents.

Features of all the features of the games this year will be contained in the special sports paper together with reviews of all of the prospects for the next year in all of the sports at the university.

A Splendid Souvenir. Besides the special articles contained in the score or more pages there will be the regular news of the day.

The papers will be given out at the university postoffice to the regular subscribers of the paper and will be sold on the Nebraska field at the football game in the afternoon to any who wish a copy.

## COLORADO CREW PLAN BIG BATTLE SATURDAY

In Spite of Defeat by Colorado University The Aggies Hope to Bother Huskers.

FORT COLLINS, Colo., Nov. 22.—Notwithstanding a 10 to 0 defeat at the hands of Colorado University, the followers of Colorado Agricultural college football feel more hopeful over the game with Nebraska university Thanksgiving day at Lincoln. The local team played its best game of the season Saturday and should have won. They fought every minute of the time and offensive work on the part of the Hartshorn brothers—Captain Duane and Fred—was remarkable. Caldwell the new fullback, also showed up much better Saturday, going through the university line for 15 yards on several occasions.

The Aggies came through the game without a scratch and are much better for having played, as they obtained valuable experience in blocking over-head work that will prove valuable against Nebraska, it is believed here.

Aggie Punter Real Wonder. Fred Hartshorn outshone his older brother in the game. He did all the punting for the Aggies and most of the passing. His eight punts averaged 52 yards each, and in total number of yards gained on scrimmage he ranked about equal with Duane. The Aggies gained a total of 140 yards in scrimmage during the game, to the University's 111 yards.

As a result of the game it appears certain that Anderson, the 138-pound quarterback, will be used against Nebraska. Pitcher, 178-pounds, may go in at center, as he played a good game here Saturday in that position, but Myers, 180-pound veteran, seems to be a more popular choice. Wigle, 183-pounds, played an excellent game at right guard against the University and will undoubtedly go in again Thanksgiving day, with Bain, 175-pounds, playing at his side at tackle. Herigstadt, 155 pounds right end, also played well Saturday, gaining 25 yards in two attempts with the Aggies' famous "million dollar play."

Light Guard Hard Fighter.

In the absence of Burdick at left guard it seems probable that House, who played well in that position against Colorado U, will be sent in. He weighs only 154 pounds, but is a great fighter. McMichael will play left tackle; he weighs 185 pounds. Forey, 155 pounds, will likely start the game at left end, although Hinds may be sent in later, as he was in Saturday's game. Hinds tips the scales at 160 pounds. Fred Hartshorn weighs 175 pounds; Duane Hartshorn 180 pounds and Caldwell 165.

There is no denying that the weakest position on the Aggie team is that of quarterback. In Anderson and Mathieson, 150 pounds, Coach Hughes has two good "little" men, but they lack experience and weight and when it comes to a showdown they can't get very far with the ball.

It begins to look as though there would be considerable aerial work tried by the Aggies against Nebraska, as they did well in that department Saturday, completing four out of eight tries for a total gain of 33 yards.

## "MUSIC WEEK" IS CELEBRATED HERE

Lincoln Women's Club Observes National Plan With Talented Program in Temple Theater.

This is National music week. Organizations all over the country are having special concerts and recitals, "sings" are being held in large buildings and every city should be atune. Lincoln is not behind other cities in doing its bit. The University school of music has been called upon to furnish programs for many local organizations.

Monday afternoon, a program was given at the Temple theater by the Lincoln Women's club. Several numbers were given by the school orchestra under the direction of Carl F. Steckelberg. The Guild Quartet, composed of Miss Brown, Irene Long, Louise Stonehocker, and Ethel Boss gave several selections. A piano solo (Continued on Page Four.)

## JUNIORS POSTPONE ANNUAL LAW HOP

Owing to the fact that the Thanksgiving recess begins at 6 o'clock Wednesday night, the committee in charge of the junior law hop have postponed their dance until some time in the future. However a party will be given in place of it by private individuals to accommodate those who have already made arrangements to attend the law party. The dance will take place at the K. C. hall the evening of the 23rd. Admission to the dance will be the same as was to have been charged to attend the barriade ball.

## PORTER SPEAKS ON CHRISTIAN SERVICE

New York Man Delivers Annual Lecture for Campus Society at Local Church.

"Christian Science, Its Reasonable Appeal," was the subject of the annual lecture delivered for the Christian Science society of the university last Friday evening at the local Science church by William W. Porter, C. S. B., of New York. Mr. Porter is a member of the board of lectureship of the Mother church, the First Church of Christ, Scientist, in Boston, Mass.

The lecturer was introduced by J. Wilbur Wolf, president of the university society, and spoke in part as follows:

"Thought rightly related to the divine mind or God, who is the source of all intelligence, reveals the God like man. Christian Science demonstrates the fact that because man is God's image and likeness, man must reflect the inexhaustible resources of the divine mind. All that the divine mind has and knows, therefore, belongs by reflection to God's perfect spiritual man. Until the nature of man's true selfhood is understood human beings will be in ignorance of their natural rights and privileges, and will continue to suffer as a result of this lack of understanding.

Discovery and Discoverer.

Mary Baker Eddy is the discoverer and founder of Christian Science and the author of its textbook, "Science and Health With Key to the Scriptures." Christian Scientists have a distinct love and regard for their reverend leader. This attitude is in recognition and grateful acknowledgement of her unselfish service to all mankind, indeed, from the date of her healing in the year 1866. Mrs. Eddy's life was spent exclusively in proving the truth which had been revealed to her, and in establishing Christian Science in accordance therewith.

The question may be asked, Does Christian Science ever fail? No true science can ever fail. One may fail to understand the science of numbers, or fail properly to apply this science in working out a mathematical problem. No one will assume, however, that because there has been a failure to understand or properly to apply this science of numbers the science of mathematics has failed. Likewise there may be a failure properly to understand Christian Science, or a failure properly to apply this Science in the working out of a problem under consideration—but Christian Science never fails.

Basic Error.

Systems of religion and of medicine which have appeared and disappeared have finally disappeared because they were founded either upon the personal reputation, or the personal sense, of their originators, or upon the unworthy belief that evil is a reality with power exceeding that of good or God; and that matter, non-intelligent and inert, possesses the qualities of life and mind. Christian Science declares that God is the only creator; that real creation must reflect the character of the divine mind; and that true creation consists, therefore, of spiritual or true ideas. Evil is not a spiritual or true idea, consequently is not a creation of God.

The Mother Church Manual.

Some will doubtless say that safeguards should be established to protect the public against misrepresentations which are made in the name of Christian Science. Mrs. Eddy long ago foresaw this need and provided in the manual of the Mother Church the necessary measures to protect and to preserve Christian Science, its (Continued on Page Four.)

## DIRECTORY IS ON SALE TODAY

Roster of Students in The University of Nebraska Completed and Ready for Distribution.

PRICE IS FIFTY CENTS EACH

Two Thousand of The Books Printed—Improvements More Than Warrant Price Boost.

Two Thousand student directories are due to go on sale to the University of Nebraska students some time today, according to the announcement made Monday afternoon by Orvin B. Gaston, editor. Clarence Swanson, football captain, will have charge of the sale of the directories which will be held in the lobby of U hall and in Social Science building.

All Students Listed.

The directory contains a complete alphabetical list of all of the student and faculty members of the University together with their addresses and telephone numbers. Lists of all fraternity and sorority members together with the address and telephone number of the chapter house, have been made.

A telephone directory of the University buildings both farm and city campus is contained in the book. A list of all of the campus organizations together with their officers is contained as well as the staff members of the University campus publications.

All honorary and professional fraternities and clubs are listed in the book. A complete list of the meanings of all abbreviations used in the book is contained.

Contains Town Roster.

An especially fine feature of the book is the town directory. All of the towns in the state represented at the University listed according to the alphabet and under them an alphabetical list of all of the students hailing from that town.

The price of the books will be fifty cents. The last year directory sold for forty cents and the extra features and good work contained in the 1921-22 book more than warrant the raise in price.

## CLOSE THE NIGHT FOR CORNHUSKER BANQUET

Girls' Cornhusker Costume Party to be Held Same Night in Armory—Expect 1,000 Co-eds.

Friday, December 3, has been declared a closed night in the university circles in accord with a request of the president of the Innocents society and the president of the W. S. G. A. filed Monday morning.

The night has been closed because of the Cornhusker banquet and the girls' Cornhusker costume party which are to be staged that night. The Cornhusker banquet will be held at the Lincoln hotel and it is expected that near 1,000 men of the university will be present to honor the football team and the coaches of the Nebraska school.

The girls' Cornhusker costume party will be held in the armory on the same evening and nearly 1,000 girls are expected to attend this.

Any parties scheduled on the books of Dean Heppner before Monday will be allowed for that night. The literary societies may hold their meetings if they choose as Friday is their regular meeting night. It is expected, however, that these societies will change the time of their meetings to Saturday night in order that they may co-operate in these events.

Scheduling of parties at hotel for the evening of December 9 will avail students nothing if they have not previously scheduled them through the office of Dean Heppner. At present there are no parties on her books and the two affairs for the evening have all the best chances for success.

Recognition of the woman's division of the chamber of commerce and of the Scabbard and Blade, honorary military fraternity, have been granted.
