NEWS OF THE DAY

LONDON, Nov. 30.—Bolshevism is spreading through the large towns of Portugal, the Times declares this morning and there have been many outrages, especially in the province of Alemtejo.

The recent bombing of the American consulate in Lisbon was an incident in this movement, it is said, and most of the foreign diplomats there have received letters threatening their lives.

As a result the powers are considering intervention in Portugal and the assumption of a mandate there to quell the ugly wave of bolshevism, according to the Times. France, Italy and Spain favor such a move.

SEATTLE, Wash., Nov. 30.—Marshal Ferdinand Foch, in his tour of the country will arrive here at 9:30 o'clock this morning and will remain here five hours. He left Spokane last night and traveled during the night across Washington.

The program here calls for a parade which Marshal Foch will review. Later he is to make a public address. He will depart this afternoon for Tacoma.

OMAHA, Nov. 30.—Plans for formation of an agricultural and cattle loan

concern with a borrowing power of \$10,000,000 as a means of giving financial relief to Nebraska farmers and livestock men, were discussed at a meeting of fifty Nebraska bankers, called by F. H. Davis, president of the Omaha clearing house association.

Definite steps toward creation of such an organization, suggested by Eugene Myers, Jr., of the war finance corporation, are expected to be taken late today. All paper taken by the proposed new organization would be turned over to the war finance body.

Practically all of the attending bankers were said to favor the proposed loaning organization which could be incorporated with a capital of \$1,000,000.

IOWA CITY, Ia., Nov. 30.—William Duffield of Los Angeles, president of the University of Iowa alumni in California, and unofficial representative of the tournament of roses committee of Pasadena, last night tendered an invitation to Iowa to be the opponent of California in the New Year's day football game. He declared that Iowa was first choice in the west for the contest. He stated, however, that his invitation was not a formal one.

The Iowa athletic board made no decision on the offer, it being held (Continued on page 2.)

LAST CHANCE TO BUY DIRECTORIES TODAY

Today students will have their last opportunity to purchase a copy of the Student Directory which has been out only a few days. The book which contains so many new and up-to-date features, was limited to a certain number of copies and of these only a few remain.

They will be on sale at the library the College Book Store and at the city Y. M. C. A.

Students desiring a copy will be given this last chance to secure same.

NEW CHAIRMAN OF UNIVERSITY NIGHT

J. Wilbur Wolfe Will Head Committee For Annual Stunt Night.

Plans May Include Shows For Two Evenings This Year.

J. Wilbur Wolf was chosen as the new University night chairman last Tuesday evening at the regular meeting of the Y. M. C. A. cabinet. Wesley Gish, 22, ex-chairman of University night is leaving in a few days to accept a position with the White Eagle Oil & Refining Co. in Wichita, Kan., as geologist.

Chairman Wolf already has some plans under way for the occasion. Robert Van Pelt, last year's chairman is helping in the selection of committees and is acting in an advisory capacity to this year's chairman.

A great deal of time and effort is spent in preparation for University night. Already students have expressed their desire that University night be held two nights instead of only one night as heretofore. This will give all the students an opportunity to see the program. It has been brought out that students have gone through school without having had opportunity to see a single University Night program. The demand for tickets was clearly shown last year when the tickets were on sale at the Temple building. After all tickets were sold a great number of students were still in the waiting line for tickets. The Y. M. C. A. is seriously considering the suggestion made to have the program for two nights.

University Night is an expression of true Cornhusker spirit and it is brought out that no student should go through school without having seen the program once or twice.

CORNHUSKER TEAM WINS BIG HONORS

Husker Men Have Successful Exhibit at Live Stock Show.

CASH PREMIUMS AND MANY RIBBONS TAKEN

International Exhibit At Chicago Is Strongest In Years.

On the eighteen head of steers and thirty-four head of fat barrows exhibited at the International Live Stock Exposition, now being held in Chicago, the University of Nebraska won a total of \$1,100.00 in cash premiums and fifty ribbons.

These premiums include Champion Galloway steer and Champion Galloway herd. These steers were all bred by Straub Brothers of Avoca, Nebr., and were fitted by the college of agriculture. A junior yearling Shorthorn steer, Blushing Blend, bred, fitted and exhibited by the University won first in a class of twenty-five steers. Roger, a junior yearling Red Polled steer bred by Chas. Graff and Son of Bancroft, Nebr., fitted and exhibited by the University won third, while Bravo's Ladd, a junior yearling, won fifth.

The University of Nebraska exhibited the champion Chester White barrow, as well as the champion pen of Chester White barrows. These pigs were bred by Wm. Buehler of Sterling, Nebr., one of the leading Chester White breeders of the country. The sire of these pigs Alfalfa Surprise, won first in his class at the recent National Swine Show held at Peroria, Ill. On fall Poland China pigs, the barrows exhibited by the University won first, fifth and seventh in the individual classes and won second premium as a pen of three. A pen of junior yearling Hampshires won first, whereas a pen of spring Poland China barrows, bred and exhibited by the University, won third in their class.

On cattle entered for the carcass contest, the University of Nebraska steers placed third and fifth.

The animals exhibited by the University are those used in classes for judging work.

Professor Gramlich, in a telegram states, that the competition at the International is very strong indeed. A cross-bred Angus-Shorthorn heifer, exhibited by the University of California was made grand champion of the breeds in the fat steer class. This is perhaps the first time that a heifer was ever grand champion in the fat steer class. A Berkshire barrow, shown by the University of Minnesota was made grand champion of the show.

The University is exhibiting in the breeding classes, showing a senior Shorthorn heifer calf, as well as the Shorthorn herd bull and the Herford bull used at the college herd.

Nebraska's Fat Stock Judging Team won sixth place in competition with twenty other teams. The competition was keen and Nebraska showed up well. Last year Nebraska was second in a field of twenty teams. A judging team is sent each year from the University of Nebraska to the National Swine Show, the International Stock Show at Chicago and the Western Fat Stock Show held at Denver, Colo.

WRESTLING CLASSES START NEXT WEEK

Dr. Clapp Issues Call To All Students Interested In Mat Sport.

Wrestling classes will start Monday, December 6, at 4 p. m., according to notice given by Dr. R. G. Clapp, wrestling instructor and coach. The class will open to any one interested in the mat sport whether they are candidates for the varsity team or not.

Movements are on foot to stir up a great deal of enthusiasm for wrestling this year and get a large number of men out for the sport. In the past years there have never been more than forty or fifty men out for the team, while other schools on a par with Nebraska have three or four times this many. At Ames last year two hundred and fifty were doing mat work, eighty were freshmen.

The biggest problem facing Dr. Clapp now is to get a large number of candidates out for the varsity team and strip up plenty of enthusiasm.
