

COACH FRANK NOW WORKING BASKETEERS

This Year's Squad Materially Heavier Than the 1920 Cagers.

Basketball practice is under full headway following Coach Frank's return from Kansas City and will probably continue throughout the remainder of the season. Coach John Pickett expects to sound the official call for yearling practice in a day or so. A number of promising first year men are already working on the basketball court.

The Scarlet and Cream quintet will probably be the heaviest that has represented Nebraska for a number of years. Last year's quintet was comparatively light to the probable lineup for the coming season. With Carmen, Smith, Warren, Lewellen, Hartley, Holland, Schapers, Munger, Haverley, and a number of other promising cagers in uniform, prospects for a winning team are much brighter.

Following is the schedule for 1921-1922:

- December 20—University of Kansas at Law 100.
- January 7—Washington university at Lincoln.
- January 9—Iowa State college at Ames.
- January 13—University of Missouri at Lincoln.
- January 14—Grinnell university at Lincoln.
- January 27—University of Oklahoma at Norman.
- February 4—Iowa State college at Lincoln.
- February 7—Grinnell university at Grinnell.
- February 14—Kansas Aggies at Manhattan.
- February 18—Drake university at Des Moines.
- February 22—University of Okla-

homa at Lincoln.
 February 24—University of Missouri at Columbia.
 February 25—Washington university at St. Louis.
 February 28—Drake university at Lincoln.
 March 2—Kansas Aggies at Lincoln.

CADET OFFICERS FORM A NEW ORGANIZATION

Colonel Talbot is Head of New "Cadet Officers Club" Started Tuesday.

The cadet officers of the R. O. T. C. unit of the University of Nebraska met Tuesday night at the invitation of Colonel Talbot, for the purpose of discussing certain matters pertinent to the continued success and betterment of the unit. It was decided by all present that the best co-operation between the regiment and its student officers as well as with the Commanding Officer could be obtained by having an organization of the cadet officers and thru this organization the students and Commanding Officers could work for the best interests of the regiment.

Such an organization was duly formed, to be known as the "Cadet Officers Club," and Colonel Talbot was installed as chairman. The remainder of the meeting was devoted to a discussion of future events and plans of the new club, and it is assured that a great year is in store for every member of the regiment.

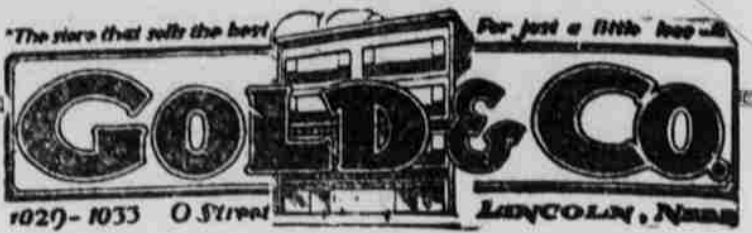

The Nebraska unit has an excellent chance to be a distinguished college this year in military work and with the loyal help of every cadet will stand at the top. The delegation to the camp for the coming summer must contain men who will win everything and make other schools recognize her superiority in military affairs as they have done in football and will in basket ball.

BIZADS HONOR FOOTBALL TEAM

The University commercial club gave their second monthly dinner last night at the Grand hotel. This was in the form of a football banquet and was given in honor of their team which defeated the engineers and tied the last year's victorious law team. There was an excellent turnout, places were laid for 135. Several of the football men were called on and Athletic Director Luchring gave an inspiring talk as an asset in business, bringing out the fact that our body was an in-

vestment and in order for it to be an asset it must be developed. He commended very highly the showing of the football team and said that through these college teams often times varsity material was unearthed. Plans for a winning basket ball team is well under way. The club is introducing many new improvements and activities and show themselves to be a live wire organization on the campus. At the last business meeting it was decided to retain their name as the University commercial club.
