**KEEP MOVING.**

How often we hear the expression, "Keep Moving!" We keep a crowd moving for safety's sake and to prevent congestion; we keep "things" moving at an entertainment to further enjoyment, and we keep moving ourselves because we get tired of standing in one place and besides standing still is not necessarily our normal position.

Standing still is not the natural state for the mind. The mind craves and needs action just as the body does. Exercise is what makes the mind expand, keep alert and well lubricated. Unless it is kept well lubricated it will rust and fail to realize and grasp opportunities as they slide by. It is often said that man is not able to gain complete happiness. In a way it is regrettable, but when looked at from a different angle it is perhaps one of the fundamental reasons for progress. To be completely happy would mean perfect contentment, contentment means standing still and standing still means retrograding.

Every class and every recitation is a possibility, but the dormant, unresponsive mind absorbs nothing. It gets congested and cannot assimilate anything. Thereupon it stands still and very soon starts on the down grade. Movement has much to do with making life worth living, and the mind that becomes fixed or which travels in a narrow rut and never makes any headway, must find existence rather dull.

**Iron Sphinx.**

Iron Sphinx will meet Sunday afternoon, 4:30 p. m. at the Acacia house.

Owing to a miscomputation of days the announcement in the Thursday Daily Nebraskan relative to the meeting of the historical society next week, gave the days of the meeting as Wednesday and Thursday. This should have read Tuesday and Wednesday, January 10 and 11. The dates were correct in the original story but the days were incorrectly stated.

**Party Schedule.**

Pan-Hellenic has requested that Miss Heppner's party schedule be closed for the use of the Daily Nebraskan, so the society and calendar reporters have a hard time. If every organization would see that some one of its members stop in the "Rag" office and schedule their party in the

class, three men are contending for a berth on the team. Thomas, Cook and Brown are viewing each other in an effort to secure the coveted place in this division.

**Middleweights.**

In the middleweight class, composed of 153 pounders, the competition is exceptionally keen. Captain Floyd Reed and Malcolm Smith,

and Cristol also played a good game for the Pikers. Both teams made numerous substitutions. For the Cornhuskers Lewellen went in for Kohl; Carman for Smith; and Haverly for Lewellen. For the Washington team, Berry went in for Linnemeyer and Schanus for Berry.

The floor work and passing of both teams was ragged, due to the earliness of the season. The game disclosed many weaknesses in both teams, neither of which played anywhere mid-season form.

The game was played at the State Fair Coliseum Saturday night. A crowd of about five hundred attended the game. The game started at 7:50.
