**DEAN BURNETT ISSUES  
STATEMENT ON DEGREES**

Dean E. A. Burnett of the college of agriculture issues the following statement in regard to degrees of Bachelor of Science granted in agriculture:  
"The degree of Bachelor of Science in agriculture will not be granted students who have not at least two summers (not less than six months) practical farm experience, and attention of all agricultural students is called to this requirement at this time so that those who have not had sufficient farm experience may be able to qualify at the time of graduation. Since this rule has not been given much publicity it is probable that deficiencies in this respect for the year 1922 will be given more consideration than a deficiency of the same character for the class of 1923.  
"Any student deficient in agricultural experience should immediately see his advisor with a view of making up this deficiency."

**AGRONOMY CLUB ELECTS  
OFFICERS FOR SEMESTER**

The Agronomy club held election of officers for this semester at a spirited session, Wednesday evening. Johannes Nielson was elected president, Fred Sprague, vice president and Glen Cook, secretary-treasurer. The members took part in inspiring discussions on the future prospects and plans of the club. It is planned to make the club a stronger organization on the campus and to co-operate with similar clubs in other agricultural colleges in forming a national organization of agronomy students.  
Professor Call of Kansas agricultural college is president of this new organization which is called the American association of agronomy.

**WOOD BLOCK PRINTS ON  
EXHIBIT IN ART GALLERY**

An exhibit of Helen Hyde's wood block prints is being held in the art gallery. Miss Hyde is one of the foremost artists in that type of work in which the Japanese have always been the great masters. She spent a great deal of time in Japan studying the methods of the Japanese artists and learned to work with their technique and spirit. Many of the scenes that she chooses are Japanese in type. Others are Mexican and Spanish. Her studies of children are particularly charming. This interesting collection of prints will be on exhibition for the next week.

**PROFESSOR SENNING TALKS  
TO WYMORE COM. CLUB**

Professor Senning of the social science department delivered an interesting address to the members of the Wymore Community club Tuesday on the subject of "The Community Club as an Organ of Public Opinion." All of the members of the club were in attendance to hear Professor Senning's talk.

**VALKYRIE TO ENTERTAIN  
JUNIOR GIRLS AT TEA**

Valkyrie will entertain all junior girls at tea, Saturday, February 11 from three to five at Ellen Smith hall. It is hoped that every junior girl will feel welcome to come, as the Valkyrie society will try to make it well worth the effort.
