

UNIVERSITY PREPARING MAP OF MISSOURI RIVER

The University is now engaged in preparing a detailed map of the Missouri river, which will show the whole width of the valley bordered by the bluffs on the eastern and western sides.

CONSERVATION SURVEY PREPARES LARGE MAP

The conservation survey division of the university prepared a large scale map for the irrigation meeting which was held recently at Hastings and has received a great deal of favorable comment concerning the accuracy of the map.

CONDRA MAY GO TO LEXINGTON MEETING

The next annual meeting of the National Academy of Visual Instruction is to be held in April at Lexington, Ky. Dr. Condra of the University, who is vice-president and a member of the executive committee, will probably be present at the meeting.

LOT FOUND FOR HOLDING 1924 OLYMPICS

(By International News Service.) PARIS, March 1.—Despite French bureaucracy and red-tape a ground has at last been found for the 1924 Olympic games to be staged in France.

The ground chosen, the Parc des Princes, is situated at the very gates of Paris in Boulogne. It is within easy reach of any part of the city by subway, street cars and automobiles.

It is on this ground that all international encounters—whether football, foot racing, in which France participates—are played.

Work to transform the park into a huge stadium capable of holding 100,000 spectators is to be pushed actively ahead and even swimming races will be held there, water being drawn from the River Seine, close at hand.

There is at present a bill before Parliament requesting a credit of twenty million francs to get the ground ready. Of this sum the city of Paris will subscribe half. Most of the stands and enclosures will be built of cement and accommodations for the competitors are to be built specially, either in the stadium or close at hand.

THIEF RETURNS WATCH STOLEN YEARS AGO

(By International News Service.) ELYRIA, Ohio, March 1.—A gold watch was stolen from the home of Earl Hunter here. Police failed to find it. Hunter moved to Birmingham, Alabama. That was about seven years ago.

Hunter, while here a few days ago displayed the stolen watch.

"Several days ago I received a package through the mail," Hunter explained. "It was the watch and a note from a man now living at Newark, Ohio. The man said he had 'hit the sawdust trail' and, now that he 'had religion,' had no further use for the watch he had stolen from me."

Miss Evelyn Black left Monday for Sheridan, Wyo., where she will take up her work in the Wyoming University extension service as home demonstration agent for Sheridan county. Miss Black is a former student of the University and a member of Alpha Chi Omega.

Faculty Notes.

Elizabeth Marie Rahe writes from Bellevue, Nebr., and reports that she is looking forward to June when she and her brother will visit all the countries of Europe and see the Abernethy Passion play. She states that she will try to remain in Europe during the winter, "no matter where I shall be I shall never forget the dear old U-U-ni of Nebraska.

Francis J. Perusse, '14, is a prescription clerk at Portland, Ore.

UNI OF WISCONSIN ASKS INFORMATION

The University of Wisconsin through the soils department, has requested Nebraska to forward publication covering the service and duties of the Conservation and Survey Division on foreign realities. This includes lands and mineral projects. It is generally understood that the department of the University has done as much of this work as any department in the country.

MRS. HINMAN TELLS OF ROBERTS COLLEGE

"How a college grew out of a loaf of bread" was the topic of the talk given by Mrs. Hinman, Thursday evening in Room 101, Social Science. Mrs. Hinman told how Roberts College at Constantinople grew from its very small beginning to an influential institution. Mrs. Hinman told the fascinating history of the growth of this first Christian college in Constantinople.

This is one of a series of lectures on foreign countries given by people who have lived abroad. These lectures are given at Social Science, Room 101, every Thursday evening.

In Years Gone By.

Seventeen Years Ago Today. At a meeting of the Board of Regents, the resignation of Dr. Pound, Dean of the Law College, was accepted.

Thirteen Years Ago Today. The first play of the year, "An American Citizen," was given by the Dramatic Club in the Temple Theater before a large audience of university men and women.

Ten Years Ago Today. University Night was a decided success from the standpoint of the performances, but the Temple Theater was much too small to accommodate the crowd. The program consisted of eight excellent numbers.

Six Years Ago Today. "Famous Observations" was the subject of an illustrated talk by Prof. G. D. Swezey, head of the department of astronomy, at convocation. Many old and new observatories were pictured and discussed by Prof. Swezey.

Five Years Ago Today. The junior girls walked away with the girls' interclass basketball championship game, defeating the freshmen.

men, 17-19. Francis Neilson, former member of the English parliament and author of "How Diplomats Make War" was asked to come to Lincoln under the auspices of the open Forum.

Two Years Ago Today.

Plenty of entertainment for the visiting high school teams was planned by the University. A great number of men were expected to be present.

Other Worlds Than Our Own.

University of Wisconsin.—The concert which was given by Pablo Casals at the university armory on February 17 was sent to many states by wireless telephone. On Monday and Tuesday ninety-five letters of thanks were received from Texas, Alabama, West Virginia, Nebraska, New York and numerous stations within a 400 mile radius.

Denison College, Ohio.—There are blue laws even in school circles. No Sunday dates are allowed at Denison College. The students petitioned the faculty to remove the ban; but the faculty replied with thumbs down.

Colorado State Agricultural College.—The Colorado Aggie debaters will invade the eastern United States as far as Penn State in a three weeks' trip, starting the twenty-fifth of March, and will match their oratorical prowess against the best that the nation has to offer. In their trip the team is scheduled for fifteen debates. They will attend the Pi Kappa Delta forensic fraternity fourth biennial convention at Simpson College, Indianola, Iowa.

University of California.—Strawberry Canyon has been definitely chosen as the site for the California Memorial Stadium. An elliptical bowl with a seating capacity of 70,000 has been decided upon as the type of structure.

Washburn College.—The Y. W. C. A. girls here have pledged \$1,200 to assist in paying for the furnishings of their new home when it is completed next fall. Their new home is to have three large rooms on the ground floor, rest room, kitchenettes, and an assembly room.

University of Pennsylvania.—The transplanting of monkey glands into each of last year's players here made a championship baseball team, according to Dr. Walter Cariss who made the transfusion. This makes the players young and active and the same operation will be performed again this year. Doctor Cariss announced.

Ohio University.—With the coming of the four-quarter plan, radio telephone and telegraph courses will be added to the required curriculum of junior electrical engineers, and will be elective in their senior year, according to an Ohio State engineering professor. Students in Signal Corps of the R. O. T. C. will be required to take this course also.

University of Illinois.—Pounding the keys of a special typewriter, electrical students at Illinois will have their results recorded a half mile away by wireless. This is one of the features of an electrical engineering show to be held there following the spring recess. The scheme includes a regular wireless equipment which operated a series of relays. These automatically make contact with magnets which drive the keys. By special arrangement of the magnets, only the desired key functions. The wireless typewriter was designed and installed by the students.

Iowa State.—Twenty-one events will be put on in three rings to be constructed in the armory in the military circus to be given by the military department, March 4. The program will be divided in two parts, a circus proper, and exhibits and competitive drills showing the character of the R. O. T. C. work.

ARMS CONFERENCE COMMITTEE ACTS

(Continued from Page 1.) both from the standpoint of the individual need for mental and spiritual encouragement and from the standpoint knitting together many types and many nationalities. "The student group in Prague represents at least 17 countries. Student relief work is ironing out age-old racial prejudices among students and is teaching them to work together and to help one another.

Remember Vall's Barber Shop 131 No. 13th St.

"The fact that students in America and other lands are holding out the hand of friendship to them in a real helpful way is bringing results both spiritual and economic. Through the Student Friendship Fund a contribution is being made which I thoroughly believe will prove permanent. I have come to America to say this to the students of our colleges and universities, to express to them the gratitude of their brother and sister students in Czechoslovakia, and to testify to my conviction that the work should continue. The Student Friendship Fund is, in my opinion, the most effective channel through which American students can extend to European students a true ministry of good will."
