

NEW CIRCUIT STARTED BY MID-WEST SCHOOLS

Seven Colleges Meet for Organization of N. C. I. Conference Three More Invited.

A new athletic association was recently formed at St. Paul when representatives of seven mid-western universities and colleges met and invited three other institutions to join them in the new circuit.

The North Central Intercollegiate conference—the "N. C. I."—was the name given the new association which will start functioning next fall with the opening of the football season.

Ratification of the "tentative agreement of organization" on the part of athletic boards of control or faculties will be necessary before the agreement goes into effect.

Three More to Join. The agreement was signed by C. A. West for South Dakota state college, Brookings; H. M. Baldrige, Creighton university, Omaha; M. J. Ollen, college of St. Thomas, St. Paul;

S. E. Borleske, North Dakota agricultural college, Fargo; Harry M. Bell, Des Moines university; E. F. Chandler, University of North Dakota, Grand Forks, and J. M. Sanderson, Morningside college, Sioux City.

A resolution was adopted inviting these schools to join the new conference; Michigan A. & M. college, Lansing; University of South Dakota, Vermillion, and Marquette university, Milwaukee.

Allow Summer Baseball.

In a general way, the rules of the conference will follow those in the "Big Ten" and Missouri Valley groups, with exceptions including approval of summer baseball and freshmen participation in college games. The rules on summer baseball will permit a student to play baseball during summer vacation except with an organized league club, the representatives and faculties holding that "a student should be permitted to earn any money he could, while on vacation"

It was decided to hold a conference track meet May 27 at a place to be elected from one of the following schools: South Dakota State, Creighton, Morningside or St. Thomas. H. B. Baldrige of Creighton was made president of the conference.

DR. KENERSON TO BE GUEST OF ENGINEERS

The mechanical engineering department and the engineering college as a whole will be particularly fortunate in having as the guest of the department Friday Dr. William H. Kenerson, of Providence, R. I., an eminent mechanical engineer and a professor of mechanical engineering at Brown university.

Dr. Kenerson is chairman of the committee on Relations with colleges, of the American Society of Mechanical Engineers, and is visiting the engineering schools throughout the country studying the relations between the A. S. M. E. and its student branches and investigating ways in which the national body may be of service to student chapters. The A. S. M. E. has always taken an unusual interest in student mechanical engineers, and the visit of Dr. Kenerson indicates how far-reaching this interest is. The local student section of the A. S. M. E. is well organized and has been in existence a number of years.

Dr. Kenerson will speak at 10 o'clock Friday morning in M. E. 206 to all mechanical engineers and members of any of the other engineering departments who are interested in hearing a noted and successful engineer. The subject of Dr. Kenerson talk has not been announced, but it will be of a nature that will strike home in every engineer. Every mechanical engineer should be present, and other engineers are cordially invited to attend.

Friday noon, Dr. Kenerson will be a guest at the Faculty Men's luncheon at the chamber of commerce. Senior engineers are invited to attend this luncheon.

Dr. Kenerson will leave Friday evening for Denver. He has just been in Kansas visiting the state agricultural college at Manhattan and the Kansas university at Lawrence, and it is up to the Nebraska engineers to show him the best engineering college he has yet seen.

DR. WISSLER TO GIVE LECTURE THIS EVENING

Speaker From American Museum of Natural History Will Have Interesting Message.

Dr. Clark Wissler of the American museum of natural history of New York will deliver a lecture Thursday night at 8 o'clock in the social science auditorium on the "Time Perspective in culture and race." Dr. Wissler is making a tour of the American universities in the interests of the national research council.

All persons interested in the recent popular "Outline of History" presented to the public by Mr. Wells, and also those who are especially studying the present day civilized race culture, will find much material in Dr. Wissler's address.

The lecture will deal with the questions of race culture and of anthropology in particular. Man's place in nature is to be discussed and the subject of the present tendencies of human working in society will be outlined.

Dr. Wissler is a noted scholar in anthropology. He is curator of the division of anthropology in the American museum. As one of the most prominent of America's younger students of this subject, Dr. Wissler has written a comprehensive study of "The American Indian." He has been in this part of the country many times before while engaged in this study of the social and social organizations of the Indians. He has just completed a first hand study of the American plain Indian.

PHI CHIS CHALLENGE ALPHA SIG FLIPPERS

Champions of Medical College Fraternity Tourney Ask Game With Lincoln Champs.

Alpha Sigma Phi, champions of the inter-fraternity basketball tournament held a week ago, has been challenged to a championship contest by Phi Chi, champions of the basketball tourney of the University of Nebraska medical college of Omaha, in a letter written to the Lincoln fraternity by Rex Murphy, manager of the Omaha team. Murphy asks that the game be played in Lincoln on March 11, next Saturday.

Dewey Hoy, captain of the Alpha Sigma Phi team, stated Wednesday evening that the Lincoln men would not meet the Phi Chis Saturday afternoon. Every man on the Alpha Sig quintet is busy refereeing games in the state high school basketball tournament this week and it is doubtful whether a Lincoln floor could be secured for the contest even though could be arranged.

The Alpha Sigma Phi team is willing, however, to meet the Omaha squad in a battle for the honors at a later date either in Omaha or in Lincoln, Hoy said.

There will be no cup for the winner of the contest. The battle will be merely to decide the championship of the Lincoln and Omaha campuses. It is probable that a banner would be awarded to the winner, Hoy announced.

BLUES WIN FROM REDS IN TOURNEY

Co-ed Basketeers Carry Off Honors After Extra Playing Period.

The Blues won from the Reds, after an extra playing period, 12 to 10, in the final game of the girls color tournament, played Wednesday noon in the armory. The game was a perfect match, both teams playing fast basketball. The Reds led through most of the game, but the Blues retaliated and when the time was up the score stood 10-10. An extra period, till one team made a two-point lead gave the game to the Blues. The winning shot was made by Irene Barquist.

- Following is the lineup: Reds. SC—Marie Snavely. JE—Kathryn Wolfe. F—Nannie Roberts. F—Katherine Reyman. G—Laude Newlin. Jean Kellenberger. Blues. SC—Betty Ball. JE—Lois Shepherd. F—Irene Barquist. F—Blanche Gramlich. G—Mabel Stafford. G—Ruth Mahood.

STATE HISTORICAL SOCIETY HAS ANTIQUE

What will you have—Classical or some of the older popular pieces? Just name your choice and lift one of the heavy, prickly cylinders. The old Swiss Music Box in the State Historical Society is making its debut after being out of repair for the last year or so. It is making up for lost time, too, for every one who hears it wants a whole cylinder full several times and the carekeeper gets out the old brass key several times a day.

The instrument was purchased in Geneva in 1885 by D. E. Thompson and given to his sister Miss Eva Thompson. It now has its crowded nook amongst a jumble of guns, battle axes, spinning wheels and other collected specimens interesting to the history of Nebraska. Cased in mahogany, and brass-trimmed the box is an artistic piece of furniture resting on an oblong table of the same wood. There are three drawers in the table where the six brass cylinders are kept.

Lift the mirror-lined lid and behold under the glass the workings of the machine. The sounds are produced by vibration of tiny steel teeth of graduated length which act upon the slowly revolving, pin-studded, brass cylinder. There are ten brass bells of different size with little hammers striking them at intervals for the tone in the piece. Press a button on the inside if desired, and organ tones are produced. The machine is wound once before playing several cylinders. Each cylinder has six pieces on it. The volume of tone is also regulated by a button which slips, in a way similar to modern musical machines.

The tones the clear-cut and fine, and with the lid down the far-away effect is given. The list of pieces are marked by approval of some of the former hearers. The "wedding March," "Lohengrin," and "Home Sweet Home" are the ones which are marked "good."

A few of the brass trimmings are gone and one drawer handle, due to carelessness of some renters who stored the box in a basement, where the dampness loosened some of the glued parts.

The make of the instrument is Troll and Baker, and today Geneva still is the manufacturing center for this kind of musical box.

AWARD "N" TO NINE HUSKER BASKETEERS

Basketball letters were granted to nine Husker cagmen, who served during the 1922 season, by the Committee on Athletic Awards which met Wednesday, March 8.

Captain Austin Smith heads the list of basketeers who were awarded the Cornhusker "N". The full list of the 1922 basketball "N" men follows.

RINDGE WILL SPEAK ON INDUSTRIAL MOVEMENT

Fred H. Rindge, Jr., secretary of the Y. M. C. A. Industrial Service movement, will be at the University of Ne-

braska to speak on Industrial Movement in the United States and Europe—probably March 23 and 24. Mr. Rindge was one of the party of which Sherwood Eddy was a member, which went to Europe and Asia to study industrial conditions. His speeches will be of interest to those students studying industrial service.

ANNOUNCES A CITY Swimming Contest (FOR WOMEN AND GIRLS) FOR Annette Kellermann Cup At Lincoln High School Pool, Wednesday Evening, March 15th SEVEN - SEVEN - SEVEN
