

BOARD TO PONDER ON ANNEXATION

The faculty committee of the Nebraska Wesleyan university board of trustees was in session this afternoon at University Place. It is expected that several additional faculty members will be elected at this time. Chancellor Schrenckengast called the meeting of the committee, which is the first of a series which will continue all day Thursday when the entire board of trustees of the university meet.

One of the main things that will

come up for the consideration of the board will be its stand on the annexation of University Place to Lincoln. The president of the board, A. L. Johnson is known to be in favor of the annexation with some reservations. The entire matter is to be threshed out and a public announcement made as to the stand the officials feel is best for the school. Many of the residents of the suburb have been withholding their opinion as to the benefits of annexation until this meeting as they felt that the interests of the city centered around the university to such an extent that it would be more logical to wait and take into consideration the action of the board of trustees.

COMMERCIAL CLUB TO HEAR INSURANCE MAN

Ralph Lounsbury, secretary of Union Life and Accident Insurance company, will speak to the University Commercial club at 11 o'clock today. Mr. Lounsbury attended the University of Nebraska and later graduated from the University of Michigan. During the war he was one of the few men chosen by the government to help put the war risk insurance on a workable base. Since the war he has been active in insurance circles in Lincoln, being secretary of the Union Life. He was a real insurance salesman and its hoped that all the members will come out and hear what he has to say.

Dr. Ralph S. Boots, professor of municipal government, went to Pawnee City Wednesday evening to judge a debate. On Thursday noon he will discuss the question of "City Manager Form of Government" before the Pawnee City Chamber of Commerce.

nated from Class E.

Following are details of all finals except class A:

Class B

Again the dope was spilled when Ravenna, winners of class C last year, dumped the bucket completely over and defeated the Genoa Indians, 14 to 8 in the second class of the tournament Saturday night. The Indians were favorite with a vast majority of the fans while the Ravenna team did not appear to have a show. The first half ended with the Indians holding their own, the score standing 5 to 5. Smaha, stellar forward of the Ravenna quintet, came to the aid of his team in the finals as he had done in all the previous games and in the second period looped a trio of goals. In the opener he tossed one field goal from afar off and neatly stripped the netting without touching the iron hoop.

Besides dropping 8 points through on field goals he tossed 4 more out of seven attempts from free throw. Referee: Anderson, Nebraska; umpire, Cable Jackson, Nebraska.

Class C

Ansley took the class C cup by winning over DeWitt 15 to 6 in the final round of play Saturday night at the state fair coliseum. The game was fast in the first half, but in the second Ansley clamped down on the DeWitt forwards and opened up with a series of field goals which easily outdistanced the DeWitt five.

Burman uncorked a series of field goals while Rhodes, who had starred in previous games, took the brunt of the defense by drawing on the DeWitt guards and leaving his colleagues open to shoot. The game was hard fought especially in the last few moments when the DeWitt five attempted to stage a comeback.

CENSUS ON IN LINCOLN

LEGION TO INTERVIEW EVERY VETERAN IN CITY.

Milt Barrett Is C. O.

Zero Hour a Week From Sunday—Military Organization for Furious Campaign.

Post No. 3 of Lincoln has received its battle orders for a big drive to commence 9 a. m., Sunday March 26. So strict are the orders that every one receiving any information concerning this drive is faced with a penalty of death if he does not divulge the secret to every living soul he sees. Instead of the usual hobnail bargages the enlisted personnel will try by all peaceful means to capture a quota of 1000 local veterans. The penalty inflicted upon the prisoners will be immediate payment of dues and personal support in capturing more prisoners. The gas officer will use nothing weaker than the gas known as "bull." This gas alone will add 100 more men to the casualty lists. The intelligence officer will enter the dug-outs of every Lincoln veteran and secretly get all the information possible concerning his stand on the compensation bill as well as any claims he has against the United States government. If he has any disabilities his name will be taken and he will have to report to the Veterans bureau for assignment to a medical division. All Legion men must snap into it and say "sir" to the following officers: Commanding General, Milton Barratt General Staff

- Seventh Brigade**
- Brigadier General, C. Mattison, Commanding.
- Eighth Brigade**
- Brigadier General, Dr. Paul A. Royal, Commanding.

Professor Senning will go to Deshler Friday evening where he will discuss "Modern Tendencies in Government" before the Deshler Chamber of Commerce.

Whitted Grabbed by Dodgers.
CHICAGO, March 15. — Brooklyn stole a march on other National league baseball teams at its training camp and overnight comes the announcement of a double acquisition of talent. Burleigh Grimes, the Dodger pitching ace, who had almost been given up, has signed a two-year contract and George Whitted, formerly of Pittsburgh, has been added to the team. Brooklyn refused to waive Whitted out of the league and thus acquired one of the most versatile players in the game. The Giants badly sunburned, but fit after beating the Camp Travis soldiers in a marathon yesterday went to Saguin, Tex., today to play the Chicago White Sox. The White Sox players had only a light workout yesterday, according to fans.

NEW DEVELOPMENT IN LANGUAGE CASE

"KULTUR" ELEMENT NOW WANTS BOTH LAWS DECLARED UNCONSTITUTIONAL

German Language Interests and American Legion Will Clash in Court On March 20

German language interests are asking to have both the Siman law and Reed-Norval act declared unconstitutional.

Instead of claiming only the right to teach "religion" in their German tongue they now demand all legislation repealed that prevents them from establishing a vigorous course in "kultur" in the elementary grades. Through Attorneys C. E. Sandell and Arthur G. Wray of York; I. L. Albert and August Wagner of Columbus, and Arthur Mullen of Omaha, the German interests are asking a rehearing of the case of Robert Meyer, who was fined \$25 for violation of the Siman law.

Request is made to have this hearing before the supreme court on March 20, the date of the main language case from Platte county involving the Reed-Norval law.

The supporters of "kultur" intend carrying both cases to the United Supreme court as indicated by statements declaring them against the fourteenth amendment.

Up to the present time the German interests have attempted to find a loop hole in the laws and have attempted to teach their language "outside of school hours." Such was the contention in the Meyer case.

The Nebraska Legion will appear as a friend of the court in the American language law case.

TEACHERS ATTEND NATIONAL MEETING

Four of High School Faculty Return From Educational Convention at Chicago.

MR. SHEPHERD GIVES REPORT

Mr. H. P. Shepherd, Miss Olivia Pound, Miss Sarah T. Muir and Mrs. Kate W. Kinyon, who went to Chicago last week to attend the national meeting of superintendents and secondary school principals, returned Friday.

Mr. Shepherd was on the program of the National Secondary School Principals. His speech covered the report of a special committee appointed by the president to work out standards in office practice.

Miss Pound attended the meetings of the deans of women and advisers of girls and those of the principals of secondary schools. "The Chicago papers," said Miss Pound, "were particularly anxious to get statements from the first of the organizations on the 'flapper.' We all thought, however, that perhaps we were making more of them than occasion warrants," Miss Pound explained. "And there seemed to be a strong feeling that more attention should be given to the girls of high standing who do good work, rather than to the numerous social problems or to the few disciplinary cases."

Papers were read on "The Problems of the Student Body" and "Di-a report was made on the reorganization of work in different departments. Of the later, Miss Pound said that in the reorganization of the mathematics course, statistics had been collected for the last four years and that work on another group of figures was being started on Latin and social science, the Lincoln high school helping on these.

Miss Muir served on the English committee of the commission on unit courses and curricula of the North Central Association. "I met several former Lincoln people and many that would be of interest to Lincoln high school students," she stated.

The work of the commission on unit courses, of which Miss Muir is a member, is making out a uniform course for all high schools in the north central field. Mr. Pickell was chairman of the entire commission. In speaking of the Lincoln high school Mr. Pickell said that he was pleased to know that the Advocate had grown to be a six-column paper.

Wayne and Joe twenty years from now. Wayne is a prominent lawyer in New York and has a fine office in the Woolworth building. One day, Mary, the eighteen year old daughter returned home from a visit to her father's office. When she returned she kissed her mother who suddenly exclaimed: "Why, Mary, have you been smoking?" "No, mother, daddy kissed me." "But daddy don't smoke." "But his stenographer does."

BASKET TOSSERS FIGHT OUT CLASS CHAMPIONSHIPS

Ravenna Quintet Defeats Fast Geneva Indian Team By a Score of Fourteen to Eight

ANSLEY IS CLASS C CHAMPION

Fastest Game of Whole Series of Finals is Played By Pierce and Arlington

The old dope bucket received as much of a jolt in the lower classes as it did in Class A. The husky exponents of the basket sport put up a fast brand, and many of the picked winners were eliminated as they were in the highest class. The speedy North Platte aggregation, picked as champion in Class B, was put out in the second round by the Ravenna quintet. Another severe jolt came when the strong Benson team was elim-
