

## MISS BENNETT TO GIVE FIRST TALK TO WOMEN TODAY

Noted Woman Vocational Expert Will Open a Series of Informal Lectures March 20.

### ONLY FOUR TALKS TO BE GIVEN THIS WEEK

The Rest of the Time to be Given Up To Personal Conferences With University Girls.

Miss Helen M. Bennett of the Chicago Collegiate Bureau of Occupation will conduct a series of informal discussions and conferences with University girls beginning March 20. This will make the third visit of Miss Bennett to the University of Nebraska.

Miss Bennett is very well posted on all subjects concerning vocational education for women. Her talk on "Business Opportunities for Girls" will include information concerning the opportunities in advertising, publicity, newspaper work, public health, work, nursing, salesmanship and special work in industry an employment. She will give four talks to the general student body and the remainder of her time will be given to the girls who desire personal conference. Her time is so much in demand that she can only give five minutes to each girl, but she makes the best possible use of her time and each conference is full of straight to the point facts.

The girls who were in school last year will remember Miss Bennett's delightful personality. She is a very entertaining speaker and will talk on such broad subjects that her appeal is almost universal. Miss Bennett has the remarkable power of seeing possibilities in everyone. One would really be surprised to know, sometimes, just what she is capable of doing.

Miss Bennett is the best informed woman on vocational subjects in the United States. She knows girls, college girls, knows what they like to do what they can do, and she knows just how to help a girl who perhaps is really thinking but only in a hazy way, to find her place in the world. She has written many articles on her subject. Some late editions of the Woman's Home Companion published articles on vocational training for women.

Interviews with Miss Bennett are in great demand and every girl who expects to see her should see Ruth Lindsay, or call her, B-4709, as soon as possible to arrange for a conference.

Every year the Woman's Self-Governing Association arranges a series of talks on vocational training. A vocational library has also been started by the association. This year they are assisted in meeting the expense of Miss Bennett's trip by the Women's Commercial Club and the Mystic Fish Organization.

## UNIVERSITY PLAYERS GIVE MOBIRIS PLAY

Special Convocation Held Under Direction of Herbert Yenne Thursday

A special convocation was held Thursday morning at 11:00 o'clock at the Temple theater when the University Players, under the direction of Herbert Yenne, presented a one-act play, "The Affected Young Ladies" by Moliere. It is a portrayal of the author's own time, the seventeenth century, and ridicules human follies of that period which are, strangely, still characteristic of our own.

The action of the play takes place in Paris. Two young ladies and their father have moved from the provinces to Paris. They are courted by two young gentlemen worthy of their esteem, but the ladies, haughty over their recent rise from simple, country life to the life of the frivolous city, scorn their advances.

These gentlemen may not be so polished, but they soon give proof of considerable wit. Two servants in their employ are sent as suitors to the fair ones. They, in turn, are captivated by the fine manners of these new acquaintances, but at the crucial moment the two young gentlemen return to reveal the plot much

(Continued on Page Four.)

## DIAMOND SQUAD HARD AT WORK

Coach Dawson and Frank sent the Husker baseball candidates through a grueling practice Thursday afternoon. This was the beginning of a series of stiff workouts preparatory to the Oklahoma games at Norman in only two weeks. The Nebraska hitters think the clash with the Sooners will be soon enough.

The Sooners have the edge on the Huskers in the respect that the weather conditions in Oklahoma have been more conducive to outdoor practice than here. The Oklahomans have had sufficient time to work up a fast team providing they have the material.

Yesterday marked the first appearance of the Husker leather bingers on the Rock Island lot this season. Heretofore they have been working out on the campus east of the Social Science building. The Park has been graded down and floated and is in good condition.

## DOROTHY TEAL WINS SILVER WATER TROPHY

Annette Kellerman Swimming Contest Won by Miss Dorothy Teal Wednesday.

Francis Gable Wins Second With Twenty-four to Miss Teal's Thirty.

Dorothy Teal, 23, won the silver loving cup, given by Annette Kellerman in the swimming meet at the Lincoln high school pool Wednesday evening, given under the auspices of Gold & Co. Miss Teal won thirty points out of a possible forty. Francis Gable, 24, was a close second with twenty-nine points. Grace Bowers, a non-university student won third place with sixteen points.

Dorothy Teal and Francis Gable were the best all-round swimmers although some of the high school girls offered keen competition.

The meet was a success. The pool room was crowded. Miss Louise Pound seemed to especially enjoy the meet. She led the cheering for the champion.

Rumor has it that Miss Pound and Miss Teal are kindred spirits in the Order of Golden Fleece or, The (Amalgamated Order of Red-heads.)

An Annette Kellerman bathing suit was awarded to the one winning first place in each event. To those winning second and third places an Annette Kellerman bracelet was given. The suits and bracelets were given through the courtesy of Gold & Co.

The judges were Dan McBride, Neal Phillips, Irene Springer, Mrs. F. W. Putney.

Publicity committee: Caroline Aivy Sue Stille.

W. A. A. committee: Sue Stille, chairman; Lois Pederson, Francis Gable, Dorothy Teal, Ruth Tiches.

Recorders: Lois Pederson, Sue Stille.

Sue Stille deserves much credit for the success of the meet. It was through her steady work that the meet was possible. She "general-managed" everything.

The winners of each event:

1. 40-yard dash: 1st, Eva Davis, 34.2; 2nd, Margaret Hagar, 37.1; 3rd, Helen Bixby, 41.3.

2. Plunge for distance: 1st, Mrs. Geo. Hood; 2nd, Bernice Ballance; 3rd, Wilma Season.

3. Under water swim: 1st, Francis Gable, 93 ft 7 inches; 2nd, Hazel Olds, 61 feet; 3rd, Virginia Evans, 60 feet.

4. Diving: plain front, plain back, front jack knife, back jack knife, racing dive, 1st, Dorothy Teal; 2nd, Grace Bowers; 3rd, Francis Gable.

5. Form swimming, 20 yards, breast stroke, side stroke, back stroke, single over arm, double over arm: 1st, Dorothy Teal; 2nd, Francis Gable; 3rd, Kathryn Wolfe.

6. Surface dive, 8 feet water, for human subject: 1st, Dorothy Teal; 2nd, Francis Gable; 3rd, Kathryn Wolfe.

7. 220 yard swim: 1st, Grace Bowers; 2nd, Katherine Wolfe; 3rd, Marie Snavelly.

LOST—Bottom part of gold ever-sharp pencil on campus. Return to student act. office.

YOST—An ever-sharp pencil at Station A. Return to Stud. Act. office.

## Discover Cause For Large Number Of Missed Classes Yesterday Afternoon

Professors are wondering why there were so many absences from the two to four o'clock classes yesterday afternoon. If they would only stop and think awhile they could find the answer quickly. Rudge and Guenzel had a sale of silk hose yesterday. In order to better show off their stock of goods they had a display of their wears on living models between the hours of two and four p. m. Tuesday.

University students got wind of this through sundry advertisements in the "Nebraskan" and the downtown papers. Then every student made a secret resolution to see this if he had to miss school all day. The result was that more students missed their afternoon classes than any time since the Orpheum quit business.

So many students went down that they blocked the sidewalk to all pedestrians. A riot call was sent in

and all the Lincoln police force reserves were called out. The chief sent all four of his trusty henchmen down to keep the students from breaking the windows and stealing all the hose in view.

Eds and co-eds were piled up ten deep. They even were standing on cars parked along the sidewalk. Some even went in buildings across the street and took opera glasses with them. Traffic was blocked—street cars got in a jam, autos were forced to stop, and Lincoln was without communication for an hour as a result.

The peculiar thing about this is that the girls who went down to see the newest styles in hosiery were not able to get near enough the window to see even the building. All the men were in front and more were crowding up all the time.

The show has been called off for today.

## ENGINEER'S ANNUAL INSPECTION TOUR

Yearly Trip to be Made by Fifty-Eight Juniors and Seniors of Engineering College.

Sunday, fifty-eight junior and senior engineers under the supervision of three professors in the engineering college leave Lincoln on their annual engineer's inspection trip. The party will be under the supervision of professors Carl M. Duff of the department of applied mechanics, Jiles W. Haney, of the mechanical engineering department and Ferris W. Norris of the electrical engineering department.

The party will leave in special pullman cars over the Burlington and the first stop will be at Burlington Iowa where they will visit the Murray Iron Works and leave there in the afternoon to visit the dam across the Mississippi at Keokuk. Tuesday the party will arrive in Chicago and they will visit that day, the Chicago and Northwestern Terminal, Marshall Field and Co., Western Electric Co. who will act as hosts at lunch, and the Chicago Tribune where they will inspect the plant and equipment required to edit "The World's Greatest Newspaper."

On Wednesday the party will go to Indiana Harbor, Indiana to visit the Inland Steel Co. and later to the Universal Portland Cement Co's plant at Burlington where they will be guests at lunch. In the evening the party will be the guests of the Nebraska Alumni chapter of Chicago and several prominent Nebraska Graduates have been scheduled to give talks. Some students will also be asked to say a few words according to the secretary of the chapter who has been making arrangements for the banquet.

Col. Bion J. Arnold, a prominent Nebraska graduate now living in Chicago will give a talk on the New Chicago Subways.

On Thursday the parties will visit the Des Plaines River Sewage Treatment Plant, The Barrett Co., Commonwealth Edison Co., Sears Roebuck and Co., where they will be guests at lunch, the Illinois Miniature Lamp Co and the Chicago Municipal Reduction Plant, Bureau of Waste Disposal.

Friday morning will be spent inspecting the International Harvester's Co. plant and they will have lunch at their lunch room as guests of the Company. The afternoon will be free for the men to do as they wish and probably a great number will take the opportunity to visit the scene of the disastrous fire which wiped out a complete block in the loop the early part of this week and practically completely destroyed the new sixteen story Burlington Building.

On Saturday the party will be the guests of the Department of Public Works, Bureau of Engineering, under the supervision of Alex Murdock, City Engineer, and they will make a trip along the Chicago River and the Lake Front inspecting the bridges, Municipal Pier and other points of interest. The official trip will end Saturday noon but many of the party will spend a few more days visiting points of special interest which were not included in the itinerary.

The headquarters for the party while in Chicago will be the Fort Dearborn Hotel.

## HUSKER MAT MEN MEET WISCONSIN

Nebraska's representatives in the western Inter-Collegiate wrestling meet at Madison, Wisconsin left Wednesday. The squad was composed of the following men: Dr. Clapp, Thomas, 145-pounder, Coach Troendley and Troutman, 175-pound wrestler. The meet will be held today and tomorrow and is for the purpose of determining the grappling champions of the western inter-collegiate in all classes.

A fencer and two gymnasts are to leave today for the athletic meet, which is held in conjunction with the wrestling competition. This is the largest representation that Nebraska has ever had at the meet, and the Husker athletes are counted upon to bring their share of the honors from the meet.

## CO-ED BASKET TOURNEY TO BE HEVD SATURDAY

Class Basket Ball Tournament Next on Card of Women's Athletics This Year.

Senior and Sophomore Teams Expected to Put Up Good Fight For the Cup.

All interest in basket ball is not dead just because the annual high school tournament is over. The girls class tournament, to be held Saturday morning will furnish as many thrills for the spectators. As a curtain raiser the second team sophomores will play the senior second team. Rumor has it that the sophomore team is a mighty good one. The freshman second team will play the second junior team.

At ten o'clock the speedy sophomores will battle the senior first team. The seniors have high hopes for the cup. So have the sophomores. The game will be interesting. Perhaps either the junior or the freshman team will develop into a "dark horse." Harding was called a "dark horse" but he won the presidency.

Saturday morning will decide the teams which shall play in the finals the first of next week. The class of 1922 waste their numerals on the cup last year. Will they do it again?

## PROF. BALKS ON CO-EDS' COSMETICS

Prof. Alwin Thaler, of the University of California, walked out of the classroom recently when he was giving a special "make-up" quiz to co-eds in mathematics because "they were too interested in cosmetic make-up."

When questioned, Thaler admitted walking out, saying, "I asked them to put aside their vanity cases and attend to their work, but they just giggled at me and powdered all the harder." He also said that the young women of today are thinking too much of their complexion and not enough of their education.

## ASK THAT CHILDREN'S PLAY BE REPEATED

"The Little Princess" a three-act play given at the Temple theater last Saturday afternoon, by the Children's theater, was so well produced that the popular request was for a second showing of the play. Mr. Yenne and Miss Bradshaw, directors of the performers are considering this and the delightful play will be repeated the week after spring vacation.

Esther Marshall, who takes the leading role of the little girl, Sara Crewe, portrays well the sorrow and happiness of a school girl. She is supported by a well balanced cast. The play was in three acts.

## TO ADOPT CO-EDS CREED AT OREGON

The plan of the adoption of the Nebraska Girl's Creed by the University of Nebraska girls is being followed by members of the Oregon Women's league, in the form of a definite co-ed Gods, to govern the actions of university young women. The idea was suggested by Mrs. George Geringer, a regent of the university. The making of decisions that arise in college life would be simplified by such a plan, she says.

## RINDGE WILL TALK BEFORE ENGINEERS

A special engineering convocation will be held Thursday, March 23, at 11 o'clock in M. E. 206. The speaker will be Fred Rindge an authority on industrial conditions in America and also in Europe.

Engineers attending this meeting may secure excuses for absenting themselves from classes occurring at that period.

## PROFESSOR JOSHI TO DISCUSS INDIA PROBLEMS TONIGHT

Noted Indian Professor to Talk on "Present Problems in India."

### WAS REPRESENTATIVE AT THE LONDON CONFERENCE

May Remain at Nebraska Next Fall if Contemplated Exchange is Made.

Professor S. L. Joshi of the College of Baroda, University of Bombay, India, will speak tonight at 7:15 in the Social Science auditorium on the subject "Present Problems in India." His topic is timely with the current conditions of the far east and many students of Nebraska university have shown great interest in his message.

Professor Joshi is the professor from India considered by the Carnegie foundation for exchange with Dean Buck of Nebraska. The suggestion of the exchange came through the Carnegie foundation and has been well received by all parties concerned.

As an authority on the affair of India, Professor Joshi will probably not be surpassed. For years he has been a professor of English Literature in Baroda College and in this capacity he has been a close student of Indian life. His ability has won for him the highest honor and recognition of the most enlightened and powerful princes of India. His work has been endorsed and his college endowed by the Maharajah Gaekwar of Baroda.

Professor Joshi spent last summer as the representative of the Indian Universities at a conference held in London with all of the British Universities. He is a graduate of Oxford and has a graduate course degree from the University of Columbia.

Professor Joshi recently gave out a statement to the Associated Press in which it was stated that he was considering the exchange with Dean Buck at Nebraska University. If such an exchange is effected, Dean Buck will be gone from the University of Nebraska for four or five months next year. It is planned that he leave after the fall registration and return before the close of the school year in the spring.

In the event that the exchange is made, Professor Joshi is expected to remain in this country through this year and be stationed at Nebraska University during the coming school year.

## LARGE INITIATION TO BE HELD SOON

Art Club Will Take in Many Successful Candidates at Meeting Next Week

The members of the Art club will hold their regular meeting during the next week. Mr. Baugeeth will address the meeting after which the members will go to the home of Mrs. F. M. Hall, who will talk to the club on her collection of pictures.

At the last meeting, Herbert Yenne told of his trip to California and his visit to the studio of Ruth St. Dennis. Meetings are held each month in the Art Gallery, and short programs are given.

The following students whose work has been passed upon favorably by the committee will be invited into the club before the close of the school year: Helen Warge, Harriet Johnson, Eleanor Felton, Inez Edwin, Hulda Johnson, Mildred Marlow, Lois Drummond, Vernetta Parli, Alice McMahon, Gladys Lux, Harold Howard, Lillian Aspergen, Evelyn Keyes, Beulah Butler, Mildred Miller, Viola Kerr, Mida Vesta Summers, Gladys Browing, Helen Reilly, Alta Looft, Rose Belchavy, Opal Nichols, Marie McGeer, LeVada Zutter, Clarissa Bucklin, Pauline Schraeder.

The Art club was organized in 1915 and is made up of art students. To be eligible for membership, a student must carry three hours of art work, two of which are taken in the gallery. An average of 80 must be made in this work. The competitor for membership must submit some
