PRICE FIVE CENTS

INTRA-MURAL MEET IS HUGE SUCCESS

College Contest Eclipses Previous Track Meets—Schulte Pleased

PRELIM VARSITY TRYOUT ALSO HELD SATURDAY

Inter-fraternity Meet and Final Drake Tryouts are to be This Week

The inter-college track meet Saturday was the biggest track meet from the standpoint of numbers ever held at the University, 161 athletes participating and the fastest time of all former intermural meets was surpassed despite the fact that there was a strong wind. The work of a number of men such as Nowlin, Trexler, Creelius, Crites, Joy, Parks, Cozier, Gibbs, Woodward, Frazier, Green and many others, all novices, points them out as valuable men for next year's cinder path team.

The Arts and Science team, who won the college meet, were hard-pressed throughout the contest, as no college failed to furnish strong competition. Every event found a large number of entries and all were marked by close finishes. Coach Schulte was very much pleased with the meet. He declared that the records made were exceedingly good and that the performance argued well for Nebraska's track team for the next few years.

Varsity Men Do Well

The Varsity preliminary tryouts, according to Coach Schulte, were very satisfactory. The work of the varsity athletes in the quarter was first-class. The men running in the mile showed up well and a fast four-mile relay team is expected.

Prospects for a winning 440 relay team are bright. With Captain Ed Smith and Dave Deering, veterans, as a nucleus and Dave Noble, star sprinter, almost sure of a place, Nebraska track fans are assured of a fast team in this event. Lukens will probably be the fourth man on this team. The 880 relay team will probably present the same lineup, with the possibility of Layton crowding one of the other runners out.

A four-mile relay team, capable of running a strong race against the best in the country, is being formed. With Allen, who won the Valley indoor mile in 4:30 4-5, Gardner, another indoor winner, Stemmmons, Fischer, Coats and a number of other fast milers contesting for places, the four-mile team undoubtedly be of the highest calibre.

The annual inter-fraternity track meet will be held next Saturday, April 22. This meet, which has already aroused much attention, threatens to excite more interest and rivalry than the college meet. The various fraternities are busy grooming their athletes for this affair, and all signs point to a hotly contested meet.

The final Drake Relay tryouts will be held Saturday afternoon, in conjunction with the inter-fraternity meet. All varsity men will compete in these tryouts. A number of new faces have been showing up well in the workouts and several surprises are expected. Coach Harry Kretzler will bring down his squad of Omaha Medics.

Complete Inter-collegiate Results
100 yd. dash—1st heat: Nowlin, Trexler; time, 10 3/5 seconds.
2nd heat: H. Dewitz, Hill; time, 11 1/5.
3rd heat: Crites, Milore; time, 10 4/5.
Finals: Nowlin (Arts), Trexler (Eng.), Crites (Bizad), Dewitz (Bizad); time 10 4/5.
220 yd. dash—1st heat: Trexler, Outobus; time, 23 4/5.
2nd heat: Crites Hardt; time, 24 flat.
3rd heat: McAllister, Landers; time, 25 flat.
Finals: Trexler (Eng.), Gibbs (Arts), Crites (Bizad), McAllister (Bizad); time 24 flat.
440 yd. dash—Bechord (Eng.), Woodward (Arts), Cozier (Bizad), Nielson (Ag); time, 54 seconds.
880 yd. dash—Bowman (Eng.), Wier (Ag), Bechord (Eng.), Cook (Ag); time, 2:08.
1 Mile Run—Wier (Ag), Cook (Ag), Peterson (Bizad); time 4:45.
2 Mile Run—Rogers (Arts), Alexander (Ag), Hartman (Ag), Nielson (Ag); time 11:25.
Broad Jump—Hatch (Ag), Adamson (Arts), Riddlesberger and M. A. Gish (Arts).

(Continued on Page Four.)

ELECTRICAL ASS'N MEETS THIS WEEK

The Nebraska Section of the National Electrical Light Association, at the invitation of the college of engineering, will meet at the university Thursday and Friday, April 20, 21. The organization and enrollment meeting will occur at the Lincoln Hotel, Thursday morning.

About seventy-five members of the association are expected to attend the meetings. Dean Ferguson urges all electrical and mechanical students to be present at as many of the gatherings as possible.

The visitors will inspect the engineering laboratories at 1:20 p. m. Thursday. Following this, a formal program will be held in Room 206, Mechanical Engineering Building. The program continues on Friday with a forenoon meeting at the Hotel, and an afternoon meeting at the agricultural college campus.

Commenting on the meetings, Dean Ferguson said, "It is not often that students have so good an opportunity as this to hear discussions by men in the industry. It is a distinct privilege of which I urge all engineering students to avail themselves."

ALL UNIVERSITY DANCE SATURDAY

Armory to be Scene of Last Party of Year on Evening of April 22

An all University mixer dance, probably the last one of the season, will be staged this coming Saturday evening in the University Armory, the home of the many pleasant and entertaining parties which have been given by the All University Party Committee during the past year.

As this is probably the last party that will be given by the committees which have been functioning for the last school year, efforts are being made to make it one of the best of the season.

Rain interfered somewhat with the attendance at the last party but it is hoped that the weather man will be good this next Saturday and that a large crowd will attend the party. A snappy orchestra has been secured and refreshments will be served during the evening. The admission will be only twenty five cents so that no one will be peculiarly embarrassed.

These parties are not date affairs and it is hoped that all students, especially those who do not have the more formal functions to attend, will take advantage of these parties and mix with their fellow students and gain a closer friendship with them.

All University students are invited, Armory, Saturday April 22nd at eight-thirty.

DELIAN MEN GIVE PROGRAM FRIDAY

"For the purpose of showing what young men can do!" was the basis on which the young men of Delian worked up and produced their entertainment Friday night in Social Science auditorium. From the old theater owner and leader of the band, with his tin horn and its "I've seen my best days whine," to the last little ditty sung by the Delian "ladies," the old barrel remained on duty.

The skit "Twin Beds—in two parts," was a scream from the first bit of wit until the real twins very much differ from their appearance in the first act, left for their eight o'clocks. "You ought to See Her Now," presented the story of an ambitious high-flung girl coming to University, backed by her cow-boy dad to become the leader in the wild and spirited life of a society belle. But under the influence of the Delian spirit she and her group become noble and ideal representatives of University womanhood. The dancing skit put on by the Syncopated sisters (hardly twins) and their partners held the house speechless—inside splitting laughter—as they presented the long and short, as well as the awkward grace and hand painted beauty, of Delian men behind the footlights.

Curtain acts consist of jokes straight from the barrel, readings and songs, were brought to a climax by the reading, "The House By the Side of the Road." It was especially expressive as the fellowship and good will existing in literary societies, for of the large audience a number were Palladians and Unions.

Senior Graduation Announcements!

Seniors order your graduation announcements now! Don't put it off until the last minute or your opportunity will be gone. They will be on sale from today until April 25th at the College Book Store. Every Senior wants some and it is just a question of remembering to get them in time.

Last year many of the seniors waited until after the week had expired and could not order. We don't want that to happen this year. Keep them in mind. It is just a part of Senior life. Your graduation won't seem complete unless you tell all your friends and relatives about it. Get some—just as a matter of pride.

Order At College Book Store Today

BARB SMOKER IS BIG DRAWING CARD

Gathering of Non-Fraternity Men at K. C. Hall Thursday Night Creates Interest

Barbs Attention! One of the largest drawing cards of the activities scheduled for this week will be the "All-Barb" Smoker to be held in the K. C. Hall at seven o'clock Thursday night. The merry-making will start promptly on the hour and sixty minutes of real fun has been scheduled.

A good musical program and two short but pertinent speeches are to be provided along with the free smokes. In fact, everything is free as the committee has arranged this as part of its program to give the barbs on the campus a chance to get together and to realize their own strength.

Coach Schulte is to be the first speaker and will talk on the proposition of a barb organization in the school. Harold Holtz, secretary of the Nebraska Alumni, will explain the ways and means by which the barb organization can make Alumni Week a success.

Music is to be furnished by orchestra, male quartette, and Robert Slaymaker, Zyllophone soloist.

Barbs who plan to attend are particularly asked to note the opening hour as this is to be the first smoker of the kind that has ever been put on in Nebraska and the committee doesn't want to close shop before the full schedule of entertainments has made the affair a success.

DR. LYMAN RETURNS FROM INDIANA

Dr. R. A. Lyman, of the College of Pharmacy, returned Saturday evening from Valparaiso, Indiana, where he inspected the College of Pharmacy of the University located there. The school has been petitioning admission to the American Conference of Pharmaceutical Faculties and Dr. Lyman was chosen to inspect it before admission could be made. Dr. Lyman is chairman of the executive committee of the conference.

On his way home, Dr. Lyman stopped in Chicago to visit Dr. Barrowman who was formerly on the faculty of the University of Nebraska. Dr. Barrowman has been quite successful in his work since he left Nebraska and has established a consulting chemists office in Chicago.

PIANO RECITAL AT THE TEMPLE THEATER

Miss Alice Marshal, a pupil of Mrs. Lura Schuler Smith, gave a senior recital at the Temple Theater on Saturday evening.

The program follows:
Scarlatti.....Pastorale
Scarlatti.....Capriccio
Schumann, Sonata, G minor, Presto.
Andantino, Scherzo, Rondo.
Glinka-Liadov.....Theme and Variations
Chopin.....Etude, Op. 25, No. 5, Berceuse
Mazurka, Op. 33, No. 4.
Chopin-Liszt.....Chant Polonais (Nocturne)
Paganini-Liszt.....La Campanella

SPECIAL MEETING OF SILVER SERPENT TONITE

A special meeting of Silver Serpent will be held Tuesday evening at Ellen Smith Hall to complete plans for the Silver Serpent Circus. The Circus will take place Saturday afternoon from 2:30 to 5 at the Armory. Invitations have been issued to all sophomore and junior girls. Mary Bost is chairman of the circus committee.

Sigma Delta Chi
An important meeting of Sigma Delta Chi, men's professional journalists fraternity, has been called for Wednesday, 6 p. m., at the Grand Hotel. All members should be present.

INDUSTRIAL GROUPS ARE TO BE SENT OUT

Y. M. and Y. W. to Sponsor Excursions in Nebraska During Vacation

The Y. M. C. A. and the Y. W. C. A. are planning to send out industrial groups again this summer. These summer industrial groups were started two years ago in Denver for the purpose of helping young men and women, who are interested in the industrial problems, to understand them better and to get inside information on how to cope with the situation. Each week the group would get together in a seminar to discuss conditions and problems they had encountered. During this first summer three of the men were involved in the Tramway strike at Denver. The group was consequently able to get both sides of the case and to get some valuable experience and information in a real industrial problem.

The plan was carried out last summer in both Omaha and Denver in a like manner. There was four of our own university students in the Omaha group and some in the Denver group. Some of those at Omaha who worked in the packing industry lived right there in South Omaha with the working class and thus obtained a first hand knowledge of the laborer's viewpoint. Some of the co-eds who were in the Denver group reported that they found the average wage of the common working girl or woman to be about nine dollars per week and that the living and working conditions were very bad.

This summer the Y. M. C. A. and the Y. W. C. A. are combining their efforts in the industrial movement. Here in Nebraska the movement is being sponsored by the "Y. M." the "Y. W." and the Industrial Research club. Preliminary to the summers work these organizations are carrying on a series of meetings known as the coaching groups to give the students the background of their work and to instruct them as to the conditions they might expect to come in contact with. The first meeting will be conducted tonight from seven to eight by Dr. Huntington, the subject for discussion being the "Psychology of Labor."

The second meeting will be held on April 25, and it will be conducted by Mrs. Williams. The subject will be The Application of Christian Principles to Industry. She will point out the major issues and problems of community life in small towns and in cities. The third lecture will be given by either Fred O. Kelly of the Y. M. C. A. or by Mr. Stephens of Denver, on Democracy in Industry. From this lecture we will learn the practical methods of approaching the laboring people in an effort to get an insight to the problems.

At the end of the meetings, suggestive questioners will be given out which will touch on the conditions which the students will encounter. Then next fall in a series of meetings those who have gone out in some one of the groups will give an account of their experiences. Only about fifteen will be permitted to go out with the industrial groups from the university. Therefore if you wish to go notify Dr. Huntington at once. This series of meetings are open to all who are interested in this work and we urge you to attend.

DR. HENRY COPE WILL SPEAK TO NEBRASKANS

On Tuesday, April the 25th, Dr. Henry F. Cope will speak to students of the university on the subject, "The Challenge of Democracy." Dr. Cope is general secretary of the religious education association of America, with offices at Chicago. Considerable local interest is being manifested in this address.

AGS TO MEET IN DAIRY AUDITORIUM

A big sign on the bulletin board of Ag Campus reads "Ag College Mass Meeting, Tuesday, 7:30, in the Dairy Auditorium. Every loyal Ag out." Half of the Ags will be "out" for sure because the Dairy Auditorium only seats two hundred. The only topic for discussion will be Farmers Fair, but that will be enough to draw every Ag man and woman as near to the front row of that room as they can possibly squeeze. Suggestion and ideas which are sailing around in the air will be roped in and anchored fast in a definite outline and program. Most committees are ready to make reports of work done and work planned. Every one will have the opportunity of airing their ideas to the members of the Fair Board who plan to circulate among various committee meetings offering assistance and advice wherever they see the opportunity. Farmers Fair less than three weeks away seems almost an impossibility but it is a fact. On Saturday, May 6, the Ags will entertain the world as well as their friends of the city campus with the greatest Farmers Fair staged by Nebraska or any other state.

HUSKER NET SHARKS TO MEET CITY TEAM

Nebraska Tennis Team Slate Opens With Dual This Week

The University of Nebraska's racquet welders, who have been practicing daily for the past few weeks, will open their tennis program this week when they meet a picked city team in a dual meet. This event will be followed by a number of intramural meets, including inter-college, inter-fraternity, inter-class, and singles and doubles tournaments, which are expected to condition the players for the Missouri Valley conference tennis meet at Lawrence, Kansas.

The Cornhusker lineup for the city meet has not been definitely decided yet, but will probably be selected from the following racquet artists: Robert Russell, Minor Skallberg, Bryce Crawford, Conrado Limjoco, Warren Peddicord and E. C. Colby.

The Lincoln city group will be selected from a number of the star tennis players of which Lincoln boasts. Don Elliot, Ralph Weaverling, Ced Potter, Dean McProud, Fred Archerd, Gregg McBride, Wilbur Fullaway, Fred Humphreys, and Harold Magee, are the players from whom the Lincoln team will be selected.

"FRESHMAN FEST" COMES ON FRIDAY

Plans for the "Freshman Fest", otherwise known as the Freshman Hop, have been laid by the Hop committee for Friday evening, April 29. The Roseville will be requisitioned for the occasion, and Beck's well known dance orchestra will be called upon to furnish the music. The committee, composed of Roy Randolph, chairman, Helen Guthrie, Wilbur Peterson, Marie McCarty, Francis Sperry and Edith Replogle, expects to easily fill the house to capacity and advises that all who wish to go to obtain their tickets immediately. Tickets may now be had from the Student Activities offices, Freshman Class officers, or Green Gobblins. Tickets will be sold at \$1.10 each.

INDUSTRIAL CLASSES BEGIN THIS EVENING

The first talk for those interested in taking positions during the summer, for the purpose of finding out industrial conditions, will be given at Social Science 107, Tuesday at 7 o'clock. This is the first of a series of lectures which will be given for three successive weeks. Prominent Lincoln men will address these classes and much good will be derived from these meetings by those who are interested in this type of work.

LITTLE SYMPHONY CONCERT LEAVES

The Little Symphony Chautauqua Company will leave on Wednesday for a twenty week's tour of the eastern states, starting at Jacksonville, Fla. The company includes: Harold Lewis, pianist; Grace Morley, Sara Sheffield, Faye Stephens and Koby Sirlinsky, violinists; Velora Teshner and Helen Mueller, cellists.

KOSMET MUSICAL HITS ANNOUNCED

Askerman Chenoweth, Meisinger and Burroughs are Authors

TWELVE NUMBERS ARE INCLUDED IN COMEDY

"The Knight of the Nymphs" to Show Scenic Spectacle on May Day

"The Knight of the Nymphs," big three-act fantastic comedy to be given at the Orpheum theater on May 1 under the auspices of the Kosmet Klub, will include ten or twelve musical hits written by two students now in the University and two Nebraska alumni, according to the announcement given out by J. Manley Phelps at the Monday evening rehearsal of the show at the Armory.

"Easy 'Goh' Jazz" Askerman and Wilbur Chenoweth have written numbers which it is predicted will be more popular with the student body than any former Kosmet music. Chenoweth is the author of "Your Wonderful Smile" and other pieces in the 1921 Kosmet show which were sung in every fraternity and sorority house on the campus last spring and which are being sold in New York and Chicago today. Ackerman has an established reputation for his musical hits and will have several numbers ready for the May Day show.

LeRoy Meisinger, former Kosmet man, and Jean Burroughs, a Nebraska alumnus, have both written numbers which will be sung in the play.

The story of "The Knight of the Nymphs," written by a Kosmet member, offers ample opportunity for rollicking comedy and clever acting. The second act especially will be a spectacle such as has never been attempted by student players in Lincoln, according to members of the club. The wonderful scenic effects of this act, with its music and dancing numbers, has been promised as a beg treat to student and people of Lincoln who are planning to secure tickets for either the matinee or evening performances on May 1.

Ticket sales will start within a day or two on the campus, under the auspices of the business manager with a corps of Kosmet members assisting him. The prices as announced by the play committee, Roland Smith, Marvin Myers and Herbert Brownell, Jr., are:

Matinee—Main floor, \$1.00; 1st balcony, 75c; 2nd balcony, 50c.
Night—Main floor, 1st 14 rows, \$1.50; balance of main floor, \$1.00; first balcony, \$1.00; second balcony, 50c.

Reserved tickets will be sold at the Orpheum theater box office after Wednesday morning of next week, but past-boards for both performances will be on sale before then. Arrangements were made at the Monday evening meetings of some of the fraternities and sororities to have their entire membership seated together at one or the other of the shows.

Announcement of the names of the leading characters in the play will be made officially by the play committee within a few days.

CONDRA DIVERTS WORK OF SUBSOIL TESTING

The university has had quite close connection with the planning made with certain studies made preparatory to the leasing of the contract for the new capitol. Professor Condra directed the tests which determined the structure of the subsoil and bed rock and gave the thickness of the various divisions and Professor Mickey directed all of the details made in testing the bearing capacity of the soil and bed rock. Professor H. B. Alexander has assisted in planning and selecting the various inscriptions which will adorn the structure.

CITY SCHOOL PUPILS INSPECT UNIVERSITY

Various groups from the city schools representing the vocational educational work visited at the university Thursday. They included in their journey the inspection of the museum, library, conservation survey division and other points of interest.
