

WOODROW WILSON FOUNDATION DRIVE HERE NEXT WEEK

Campaign For Funds to Start on Campus by the Committee

MANY BIG SCHOOLS HAVE CONTRIBUTED

Dr. Laura B. Pfeiffer is Chairman of University Committee of Students

The drive for the Woodrow Wilson foundation fund at the University of Nebraska will be held next week, according to the announcement of Dr. Laura B. Pfeiffer, chairman of the university committee. University students and faculty who are in sympathy with the purposes of the foundation will be given the opportunity to contribute. Similar drives have been put on in practically all of the other big colleges of the country as well as all of the cities.

The foundation is created by public subscription in recognition of the national and international services of Woodrow Wilson, twice president of the United States, who furthered the cause of human freedom and was instrumental in pointing out effective methods for the co-operation of the liberal forces of mankind throughout the world.

The award or awards from the income of the foundation will be made from time to time by a nationally constituted committee to the individual or group that has rendered, within a specified period, meritorious service to democracy, public welfare, liberal thought or peace through justice.

More than 20 members of the faculty of Cornell University have joined in the nation-wide tribute to former President Wilson. Professors, instructors and their families sent contributions from Ithaca to national headquarters of the Woodrow Wilson Foundation in this city, some of them writing letters of warm praise for Mr. Wilson, who was for eight years president of Princeton University.

NEW SQUIRES ARE ELECTED TODAY

Eleven members of the Junior law class from every activity and all with a scholarship rating of more than 75 per cent since they entered the Law college, together with one honorary member from the law faculty, will be chosen Squires for next year tomorrow at 11 o'clock in Room 101, Law hall.

The Squires is the senior organization in the College of Law. It was founded in the spring of 1921, with Dean Warren A. Seavey as sponsor.

The present Junior Law class was given the opportunity to express its preference for Squires by a ballot taken at class meeting, but the members decided to let the judgment of the present members of the Squires govern in the selection of next year's men.

The new members who will be selected tomorrow are representative of every law college activity and organization. They were chosen with regard to scholarship, personality, activities and leadership.

Twelve chairs will be placed on the platform in Law 101 and twelve chairs below the platform. The present Squires will occupy the latter seats and will find their way among the students in the room one by one, pin the silver pledge ribbons of the organization on the newly elected men and lead them to seats on the platform.

DELTA OMRICON HAS NINE NEW MEMBERS

Delta Omricon, national musical sorority of the Fine Arts college, announces the pledging of the following: Betty Kennedy, Helen Stoltenberg, Sarah Surber, Bernice Bernard, Priscilla Van de Car, Mary Elder, Emily Simanek, Gerolyn Wolroth, Mrs. August Molzer.

Professor Taylor of the teachers' college, spoke to the Cotner students at their convocation Monday, May 2, 1922.

SCHOLARSHIP REPORT WAS PRELIMINARY

Regarding the fraternity and sorority scholarship standings for last semester, which were published in the Sunday edition of the Nebraskan Dean Engberg yesterday issued the following statement.

"The scholarship report published in the Sunday edition was only a preliminary report for 'pep' purposes, and is subject to some changes due to the fact that some of the grades have not yet been recorded by the instructors.

"The final and complete report will be issued together with the second semester report at the opening of the University next September.

"Due to the omission of one name, Kappa Alpha Theta was reported as being in the ninth place. The addition of this name raises the average of the sorority sufficiently to put it in the seventh place."

AGGIES PLAY HERE IN TWO GAME SERIES

Kansas Team to Battle Huskers at Rock Island Park Tomorrow

The Cornhusker diamond squad is slated to meet the Kansas Aggies in a two-game series here Friday and Saturday. The Friday contest will be called at 4:00 p. m. and Saturday game starts off at 2:00 p. m. The games will be staged at the Rock Island Park.

This two-game series was scheduled to be played last Friday and Saturday at Manhattan, but because of bad weather the games were called off and the Husker aggregation returned to Lincoln Monday night.

The rain jinx has been hovering over the Husker squad for most of this season. Every game this season, that has been slated for out of the city, has been postponed or called off on account of rainy weather.

Coach Frank put the varsity team through a heavy workout yesterday afternoon. They met the freshman squad in a fast battle and also went through some batting practice.

Free Outdoor Movies At Ag College Fair

There'll be no excuse whatever for missing the Farmers' Fair on the evening of May 6 because of any adherence to the regular Saturday night habit of attending a movie. An outdoor movie may seem at first thought entirely impossible, yet that's just what there is in store for you on Ag Campus that evening. Films of the University faculty members, recently taken by Dr. Condra of the Department of Conservation and Soil Survey, will be released for the first time. The students of the University should enjoy seeing their dear professors fit before their eyes in the limelight and the faculty members themselves can slip into the back row where they will be unnoticed and actually see themselves as others see them. Other films of Nebraska football games and of the Farmers' Fair parade will be shown for the first time to the Lincoln public. An excellent film of mountain scenery will also be shown as a diversity and attraction. This latter film is one out of the ordinary in scenery and beauty, according to Dr. Condra, who is to be in charge of the show.

PRESTON IS ELIGIBLE FOR 1922 GRID TEAM

The eligibility of Glen Preston, star quarterback of the Missouri valley, for the 1922 gridiron season was in doubt recently because the Husker quarterback played two seasons of football with the Kalamazoo, Mich., college. Following a complete investigation by Head Coach Dawson, the later announced yesterday that Preston was O. K. to play another season on the Nebraska gridiron.

Records show that Preston played two seasons of football at Kalamazoo, one as a freshman and another as a sophomore, which now makes him with the next season here, two years of participation on the gridiron as a varsity athlete and leaves him one more year of football, according to the Missouri Valley football ruling.

University Campus To Be Hum Of Activity During Roundup

"The Cornhusker Roundup." It's a magnificent name, isn't it? It brings immediately thoughts of "grads" traveling from both coasts to attend the most lavish program ever prepared for the alumni of Universitas Nebraskensis. The atmosphere of June 13 will be closely akin to the Ak-Sar-Ben frolics in Omaha, to the Mummer festivities of Philadelphia and to the famous Mardi Gras in New Orleans.

The University of Nebraska campus is the corral and every school organization is now busy rounding up alumni in all parts of the country. Cheyenne's Frontier Days will have nothing on the Cornhusker Roundup, speaking in slang; the 8,000 alumni who are expected to return will make the campus look like a bustling city of Utopia origin.

Nearly every student is planning to stay for the festivities. The sororities and fraternities, almost unanimously, have agreed to hold their banquets Friday, June 2. Examinations have been shifted ahead of the gala week, in order that students will not be compelled to remain in Lincoln longer than any other year. The campus at night during the celebration will be one of the features.

Hundreds of small light globes, strung from tree to tree, will make the old camping grounds a combination of Fairyland and Venice. Outdoor theatricals and other amusements will keep the campus in a hum of activity.

Two "grads" are coming from India to attend the Roundup. Harvard and Yale boast that they have "grads" who travel from Seattle and San Francisco to alumni celebrations, but Nebraska has stepped ahead. India is now her limit and it is safe to say that it will remain a record for many years.

Someone has offered a prize to the student or alumnus who will be able to find a dull moment during the Roundup festivities. If there are dull moments, it is because the students themselves make them dull by remaining away from the center of attractions.

The University of Nebraska will be a big Midway—a White City—an Al Fresco—the first week in June. When you write home the next time, ask the members of your family who are Nebraska "Alums" to remember the dates and to join you in Lincoln for a "gran" and glorious celebration.

TRYOUTS FOR GOLF TEAM NEXT WEEK

Men to Represent Nebraska at Des Moines to be Chosen Soon

All golfers in the University are asked to enter the competition for the Nebraska golf team, which will represent the Cornhusker institution at the Missouri Valley Conference meet, Drake University, Des Moines. Golfers who wish to compete for a place on the Husker team must enroll at the athletic office immediately, as the matches will begin the first of next week. An entry fee of one dollar will be charged.

The plans call for much activity in the national sport of Scotland. Besides the tryouts for the Scarlet and Cream varsity team, there will be a number of intramural affairs, including an inter-fraternity meet.

The nominal entry fee of one dollar for contestants is being charged in order that enough money be raised to send the golfing team to the Valley meet. As no money is realized from this sport, the authorities are using this plan to obtain the money to send the team to this meet, in which a large number of conference schools will participate.

Every person with golfing ability is urged to enter the tryouts for the Husker team. A large number of golfers have already signified their intention of trying out, and some interesting matches are promised in the competition for the berths on the latest Husker athletic team, the golf team.

Secret of Closing of Orpheum is Out

Wild speculations circulated from mouth to mouth when the Orpheum closed a few weeks ago but the real reason has been kept a secret until now. It's not supposed to be generally known at all but well slip you this much. So many of the star players in all the shows offered in the Orpheum the past year were Ags that when the call came to these true and loyal supporters of Ag College from the Farmers Fair Board for help with the 1922 Fair, the regular cast of Orpheum players were so thinned and depleted that the management was forced to close its doors to the protesting public. The lovers of high class vaudeville which characterized the old time Orpheum shows need no longer shed big salty ones in mourning for another pleasure gone but never forgotten. These old time popular favorites have been in hiding only because their time has been so occupied with their efforts to complete and offer by Saturday, May 6, at Farmers Fair, the greatest theatrical production that Lincoln people will ever have the opportunity to enjoy. These players willingly made this greatest sacrifice of their lives when they quit the Orpheum to help their Farmers Fair only on one condition—that the name of their new home be as nearly like the Orpheum as possible. This condition was readily adjusted by the name Snorpheum by which the great show will be known this year. A chorus of twenty-five voices and a male quartette will make it musical while a toe dancer of world wide fame will offer her best wia the excellent assistance of her graceful partner.

AMBASSADORS CLUB TO MEET TOMORROW

The election of members into the Ambassador club that is to be organized Friday evening between 5 and 6 o'clock in the S. S. auditorium will reflect the Cornhusker spirit that exists, in the different towns throughout the state.

There is no doubt that every town represented by students at the university is aware of this organization and is anxiously waiting to now who her favorite son or daughter is that has been given the honor to official represent Nebraska in their town.

In the Sunday issue of this paper the names of the members of the Ambassadors club will be published and opposite the name will be the town which selected him.

The absence of names of towns can be explained in only three ways. Either the town does not have any students down here or the students of that town are indifferent and are not loyal sons and daughters of Nebraska or such students are ignorant that such a club is being formed.

Remember the folks back home expect you to do your duty and not cast reflection upon them by failing to elect a member to this club. After one o'clock Friday it will be too late. Every newspaper in Nebraska will know whether or not the students of its town elected a member and showed the true Cornhusker spirit.

Is your town going to be in the list of those published?

MID-VICTORIAN EXHIBIT TO OPEN THIS EVENING

Miss Marjorie Shanafelt will play a harp solo and there will be other numbers on the program. The Faculty club women will dress in costume of the mid-victorian period on this occasion. On Saturday evening little Miss Earl Svenson will dance an Irish reel.

Many interesting articles have been received for the exhibit. Among them are fine embroideries done in 1850, hand painted satin pieces, hand made wax flowers hair wreaths odd china pieces, a shaving case carried on Sherman's march from Atlantic to the sea.
