A.C.A. SCHOLARSHIP APPLICATIONS SOON

Requirements For Annual Award Are Announced by Committee

Applications for the A. C. A. Scholarship, awarded each year to the Sophomore or Junior girl who is partially or wholly self-supporting and whose scholarship and interest in the university make her worthy of the gift of \$100 may be made according to the following rules:

1. An applicant must be either in her sophomore or junior year when she holds the scholarship.
2. An applicant must have been and be wholly or in part self-supporting.
3. An applicant must be a regularly enrolled student in the University of Nebraska. She must be in good standing at the time of her application.
4. An applicant must have a high scholarship and must have some interest in general college activities.
5. Every applicant must fill out one of the regular application blanks which may be obtained from the dean of women, Miss Amanda Hepner, or from the chairman of the scholarship committee, Miss Gertrude Jones, 2527 P street, Lincoln, Nebr.
6. Every applicant must furnish five references. Three of these should be from persons on the campus, the other two from persons not connected with the university. The dean of women will always be used as reference, so her name should not be given. The applicant should make arrangements with the persons whose names are given as reference to send all recommendations to Miss Gertrude Jones not later than Sunday, May 7.
7. The scholarship, a gift of \$100, will be paid in two parts, \$50 the first semester, and \$50 the second semester.
8. The scholarship may not be held by the same person for more than one year.
9. All applications for the year 1922-23 must be sent by May 7 to Miss Gertrude Jones, 2427 P street, Lincoln, Nebr.

STUDENT TRAVELS IN EUROPE ARE ARRANGED

The Institute of International Education, 419 West 117th street, New York City, announced today that arrangements had been made for American students at the summer school of the University of Geneva, Switzerland, to travel to and from Geneva with the privileges of membership in the International Students Tours. They will sail from New York on July 1st on the S. S. "Sexonia," and will return about September 1st. During the voyage the classes in language, history, and international relations will be conducted by members of college and university faculties.

The Geneva Summer School, situated in Geneva, the seat of the League of Nations and of many other international institutions, has added to its curriculum for the coming summer a special course on Contemporaneous International Af-

airs. This course, as also the courses on French language and literature, are open to undergraduates and graduates of all American and English universities and colleges.

In traveling to and from Geneva, the summer school students will have all of the privileges of membership in the International Students Tours, which have been organized for the coming summer under the auspices of the Institute of International Education. These tours have been organized, not for financial profit, but for their educational and international value, and it has therefore been possible to ask and to receive the patronage of the governments of the countries to be visited, the co-operation of foreign universities, and the sponsorship and support of international and educational organizations on both sides of the Atlantic. They represent merely a new application of the program of which the Institute has been carrying out for many years in the direction of closer international understanding through the medium of educational opportunities, as exemplified by visiting professors, exchange scholarships, and so forth.

There will be five student tours during the summer of 1922. Four of the tours major in Great Britain, France, Italy and the Scandinavian countries, respectively, and the fifth is a more general tour of the principal European countries. Membership is open to students and instructors in American colleges and universities, and to instructors in secondary schools.

It was announced that sixty-six American colleges and universities are represented in the membership of the Institute tours up to date.

Syracuse University—A tag sale was held at Syracuse to secure money to buy equipment for major sport teams. An effort was made to tag all students.

Ohio State University—Alpha Chi Rho, the architectural fraternity, has been admitted to the Panhellenic Council membership here.

Congratulations

are a little better expressed with a box of neat up-to-the minute

Stationery

And correspondence cards are always just the thing for the acknowledgement. Or perhaps she or he would like a Gold or Silver Ever-sharp Pen or Pencil Waterman's Ideal Fountain Pen.

HISTORY OF BELL TELEPHONE TOLD

Lectures Given to Students of College of Business Administration

Wednesday afternoon the Northwestern Bell Telephone Company under the direction of Professor T. T. Bullock of the Economics Department of the Business Administration College gave an illustrated lecture on the telephone art and the history of that organization.

The lecture was given by Mr. May and Mr. Levitt of the Omaha branch of the Bell System. Mr. May, who is the Division Superintendent of the Nebraska branch, talked the first half of the hour on the telephone company, a public server and the systems that are today being applied in the advancement of the organization. Mr. May also described the various opportunities in the telephone company for young men, especially university men. The latter half of the hour was de-

voted to the slides and the talk of the history of the telephone, by Mr. Levitt. The slides illustrated the great advancement that has been made in the last few years.

Both of the speakers remarked about the wireless and radio which are so popular today. These are both being taken up by the Bell System and will open more and more fields for the student wishing to find employment with the Bell Company.

At the close of the hour all that wished to talk with the speakers had that liberty. All University students wishing to receive information may

do so through Dean Le Rossignol's office or through Professor Bullock.
