

PHARMACY NIGHT HAS LARGE ATTENDANCE

Crowd Estimated at 3000 Passed Through Pharmacy Building Last Night

Wednesday night was the second annual open night staged by the College of Pharmacy. It is estimated that about 3000 people passed through the building to find out how their medicine is made. Gallons of hand lotions, face creams and tooth pastes had been made up before hand and it was thought that there would be plenty of samples for all, but these were all gone before the evening was half over.

A seven-piece orchestra filled the halls with melody as the procession passed through. The hallway occupied by the musicians was profusely decorated with palms and ferns. The entire building was strung with blue and

white streamers. Everything was kept alive and going from the physiological department in the basement to the finger print department on the second floor. The chemical displays in the basement also attracted considerable attention. General Manager Simpson ushered the people through the building and announced the special shows as they were enacted.

Those in charge of departments were R. Weimer, Manufacturing; R. Chittick, Assay; S. Buckley, General Pharmacy Lab; R. Lewton, Scientific; Miss Redford, home nursing; Chas. Wible, Physiology; Wm. Davis, Drug displays; A. P. Howe, Dispensing; and R. A. Hardt, Lanterns.

FRATERNITY GOLF MEET NEXT WEEK

(Continued from Page One) mediately. An entry fee of one dollar will be charged, in order to have money to send the team to St. Louis and to buy the inter-fraternity victory banner.

In quenching thirst it leaves nothing to be desired.

SUMMER WORK FOR STUDENTS

Pleasant Work—Big Pay—Extra Awards

What are you doing this summer, men? Will you take a job that will tie you down, keep you indoors the whole summer long, pay you \$15 or \$25 a week, and leave you feeling like the very old dickens when College opens next fall?

Or have you in mind landing something that will keep you out of doors, enable you to travel, pay you \$30 each week for expenses, give you a good sum of money to defray next year's expenses, and at the end of the summer leave you with the feeling that you have had a real vacation? Every student desiring employment for this summer will do well to look into the opportunities which we are in a position to offer. A letter of inquiry will bring you full details.
