### Other Worlds Than Our Own.

University of Missouri—A Macon County bank is awarding a \$100 scholarship to young men of the county seat for the short course in the College of Agriculture.

University of Michigan—The Varsity Glee and Mandolin clubs hold an annual spring serenade, making the rounds of all the dormitories and sororities.

University of Kansas—An annual Student Convocation is held here at

which time representatives of the different colleges give talks. These talks represent the student opinion of the body they represent both critical and complimentary regarding activities and the school system in general.

University of Iowa—The Interfraternity council recently held a meeting at which time several important questions were decided. Definite plans were made for handling fraternity scholarship reports and rulings regarding fraternity pledging.

### In Years Gone By.

**Twenty Years Ago Today**  
The young women of the physical education department gave their annual exhibition at the University armory.

**Seventeen Years Ago Today**  
A large part of the freshman class assembled at Townsend's studio and had their pictures taken with their new caps on.

**Thirteen Years Ago Today**  
A conference of county superintendents of southeastern Nebraska and members of the university summer school faculty was held for the purpose of settling upon various matters of policy in the conduct of the summer sessions.

**Eleven Years Ago Today**  
It was rumored that examinations had been abolished from the University but after much rejoicing this was found to be merely a dream. Examination week only had been abolished.

**Six Years Ago Today**  
A most successful and enjoyable Ivy Day was held with the regular exercises in the morning and the tapping of the Innocents and Black Masques in the afternoon.

**Two Years Ago Today**  
The great memorial drive for a new stadium at the Uni. was launched.

### OMAHA CLUB CLOSSES YEAR WITH DINNER

A very enthusiastic group of Omahans were present Wednesday evening for the last dinner meeting to be given by the club this semester. This plan of meeting each month for a dinner and an hour in renewing associations with friends from the metropolis has proven very popular. The originated by President P. T. Rogers and it has proven successful.

A complete reorganization of the constitution has been made and adopted by members of the club. It provides for the monthly dinners as a permanent system of meeting, and with the start secured this year it is certain that the Omaha club will have a very effective organization with the opportunity of doing much toward promoting association between Omahans.

Several violin selections were given

### Massachusetts Institute of Technology School of Chemical Engineering Practice

A graduate school with stations established in industrial plants located at Bangor, Maine, Boston, Mass., and Buffalo, New York, where the field of chemical engineering is studied systematically on large-scale apparatus and where instruction is given in the application of chemical and chemical engineering theory to practice.

The total number admitted to the School is limited and the students, studying and experimenting in small groups, receive individual attention.

Before admittance to the School of Chemical Engineering Practice all students must have adequate preparation in chemistry and engineering. The able student can complete the requirements for the Master of Science Degree in one and a half years.

During the past two years representatives of twenty-four colleges have attended the School of Chemical Engineering Practice and these men comprised over one half of the attendance.

For further details address:

R. T. HASLAM, Director, Room 2-131
