

SECOND ANNUAL FROSH VALLEY MEET IS TODAY

Telegraphic Track and Field Meet
For First Year Men This
Afternoon

STRONG COMPETITION
FOR NEBRASKA TEAM

Plan Was Originated By Coach
"Indian" Schulte Last Spring
—Many Entries

The Missouri Valley freshman telegraphic meet will be held this afternoon on Nebraska field. The program of events in which all freshman tracksters will compete will start at three o'clock with Track Coach Schulte in charge. This competition will be held at all the other valley colleges this afternoon and the results of each institution's meet will be telegraphed to all the other schools.

The plan of the freshman telegraphic meet was originated by Coach Schulte as a part of the big drive to put the valley, and particularly Nebraska, on the map in the track world. The first annual meet was held last year and was won by the Nebraska freshmen, the class of 1924.

The large squad of freshmen track candidates, who have been strenuously working throughout the entire track season, will have their first real chance to display their wares tomorrow. The yearlings have been playing a big part in the intra-mural meet and are in fine shape for the freshman meet.

Many Contestants

In the dashes the freshmen have a wealth of good material. Keith Lloyd, "Tex" Nowlin, Trexler and Crites are expected to make fast time in the century dash. The same men will also run in the 220 sprint. Kenneth Cozier, Trexler, Creelius, Johnson and several others will compete in the quarter-mile dash.

Hanson, Kreiger and Johnson are expected to star in the half-mile and in the mile and two mile events a number of promising distance runners will compete. Jetter has been showing up well in the mile run and is relied upon to do some fast running today.

The high and low hurdles will be run by Creelius, Myers, Gish, Williams and Crites, who have been stepping through the timbers at a fast pace and will undoubtedly knock off several points for Nebraska in these events.

Strong in Weight

The Cornhusker yearlings are unusually strong in the field events. In the shotput, javelin and the discus the freshmen will be represented by Parks, Myers, Frazier and other capable athletes. Lloyd and Bloodgood are the Huskers entered in the broad jump. Parks, Gish and several others will compete in the high jump, while

Gish, Frazier and Gleason will work in the pole vault.

The freshman meet this year will be stiffly contested, as all of the valley schools have unusually strong freshman aggregations. The Missouri Tigers have a freshman sprinter who runs the century in nine and four-fifths seconds and Kansas has a dash man, Fisher, who steps off the 220 in twenty-one and four-fifths seconds.

R.O.T.C. BASEBALL FINALS ARE TODAY

Company E to Battle Company
G at Ag College Diamond

At three o'clock today at the Ag College diamond, Company G and Company E will meet in the finals of the inter-company R. O. T. C. baseball tournament.

Company G defeated Company L, one to nothing, and Company K seven to six, while Company E defeated Company F fifteen to ten, and Company C seven to five, in the first games of the tournament.

In the athletic competitions between companies, Company G has won the basketball and track tournaments and if they win their game against Company E, they will hold three championships.

A pennant donated by Red Long will be given to the winner of the game.

FOUNDATION DRIVE TO END THIS WEEK

The Woodrow Wilson Foundation Drive is being completed through a complete canvass of all the sororities, fraternities, dormitories and literary societies, ending Sunday, May 20.

Nebraska is given this chance to show her backing of this great world movement. Little more than \$30 have been raised during the two day campaign on the campus. It is felt sure by those in authority that the students will respond to this last chance.

Students are asked to forget their own politics when subscribing. There are no politics whatever connected with the campaign.

All organizations subscribing one hundred per cent will be announced in the Rag! Ruth Miller is managing the canvass of the girls houses. Pierce Rogers is conducting the campaign to the fraternities.

John Neff, a member of Sigma Alpha Epsilon, was operated on for appendicitis at the Lincoln Sanitarium Sunday.

EMERSON INSTITUTE TO COME TO LINCOLN

"Welfare Committee" Votes to
Secure Services of Scientists Next Month

A Child's Welfare Committee, consisting of representatives from the Chamber of Commerce, the Women's Club, the Lancaster Medical Association, the Nurses' Association, public health organizations, the Tuberculosis Association, the W. C. T. U., the Junior League, the University Home Economics Division and child welfare organizations, has voted to bring an Emerson Institute to Lincoln, June 19 to July 1, 1922.

An Emerson Institute offers a highly specialized two-weeks course on how to build up underweight children.

This course is offered to teachers, principals, supervisors, doctors, medical child specialists, to school, public health and tuberculosis nurses, social and child welfare workers and dietitians.

The institute course includes the organization of four model Emerson Nutrition stations, lectures, class instruction and practical work.

Service for Children

The best medical, dietetic, social

and psychological service in the city will be provided for the underweight children in the clinics in order to bring them up as near as possible to normal weight and health during this demonstration period.

This institute is under the personal direction of Dr. W. P. Emerson, Professor of Pediatrics, Dr. Tuft's School, director of nutrition clinics and classes in the children's department, Massachusetts General Hospital, Berkeley Infirmary and the Boston Association for the Relief and Prevention of Tuberculosis, president of the National Society of Nutrition Clinics for Children. He will be ably assisted by Miss Mabel Skilton, his chief clinical director.

Certificates of qualification as nutrition workers will be issued at the direction of Dr. Emerson to those who have completed the full course.

Medical Service Free

All children attending the Institute clinics whose underweight is caused by physical defects, will receive the best medical service in the city whether their parents are able to pay for it or not.

A complete report of health results with tables, in the underweight children, will be published in the local press as soon as possible after the close of the clinics.

Registration is now open and application may be made immediately. The fee for the Emerson Institute has now been reduced to \$15. A deposit of

\$5.00 of the amount of the fee must now be deposited in order that the place in the training school may be held. In addition to the fee, materials for the course will cost \$1.

The limited number of one hundred students is desired for the Institute. If you wish to avail yourself of this educational field work, please see Dr. A. A. Reed of the University Extension Department.

Bill: I have a Ford. What's your car?

Dwight: Mine's a Cadillac.
Bill: Yes, that's a good car too.

What a Missing "T" Will Do
"Driver leaps to safety as taxicab plunges 15 feet into excavation. Passengers, though killed, brush their dresses and continue on their way."
N. Y. Herald.

For street and outdoor wear well dressed men, naturally, have adopted the

HAYS MILITARY—a Hays Superseam Glove

SUPERSEAM stamped on a Hays glove means that the seams will not ravel even though the thread is cut or broken.

On the parade ground at West Point and at Dress Parade on Fifth Avenue it is unusually popular. Smart, exclusive lines featuring the carefully designed loose comfort that is the style tendency for the coming season. Very attractive in Brown, Tan or Gray CAPE. Also made as a

Hays Buckskin

in Gray or Butternut

THE DANIEL HAYS COMPANY, Gloversville, N. Y.
GLOVES SINCE 1854

VAN HEUSEN the World's Smartest COLLAR

BECAUSE it has a dressy dignity no other collar can equal, men who scorned soft collars are wearing the VAN

HEUSEN. Its trim and stylish appearance is woven and tailored into it, not starched nor ironed into it.

Men who want ease and comfort before all else insist that the VAN HEUSEN is the coolest, the easiest and the most comfortable collar they ever wore.

And they are attracted to it also because it is as easy to launder as a handkerchief and out-wears half a dozen ordinary collars.

Nine styles and heights in quarter sizes from 13½ to 20. Price fifty cents
