

SPORTRAITS

Nebraska's prospects at the National Track and Field championship to be held in Chicago next week have been materially raised since the withdrawal from the meet of the University of Illinois team. Illinois captured the honors in the Big Ten this year together with carrying off the laurels at the Drake relays. In the latter meet Kansas scored the second high number of points and Nebraska rang up the third high list. The Cornhuskers should rate well in the Chicago contests. Captain Smith should make a strong bid for 220-yard dash honors. Captain-elect Hawkins and Ted Smith are relied on to bid for places in the 440. Allen should place in the mile. Gish is a fast hurdler and should bid strong for a place. Moulton heaves the discus and the shot record distances and is likely to bring in points. Turner is a high jump artist of ability and will show up well at Chicago. Gardner paces the 880-yard dash in fast time.

Joe Pizer, diminutive second baseman of the 1922 Cornhusker baseball nine, is continuing to show classy goods in the state league. Playing for Beatrice, Pizer is earning a name as one of the best second sackmen in the league. In a recent contest he had a hand in four double plays executed by the Blues. It is rare that so many double put-outs come in one game, let alone have one man assist in them all.

Illinois did not like the system of counting points at the National meet and announced its withdrawals from the competition. The Illinois team was rated as one of the strongest contenders for the laurels at Chicago and the withdrawal of the Big Ten cham-

pions from the meet does not raise the calibre of the performances there. The Illinois team has championship material and would have bid strong for many firsts.

The increased importance of athletics in Nebraska high schools is indicated by the large enrollment in the athletic courses offered for high school coaches, prospective and active, this summer. Coaches Schulte and Frank have charge of the classes and will give a complete instruction on the theory and practice of football, track, basketball and baseball. Schulte and Frank are both coaches of ability and high school superintendents or teachers who have charge of the athletic teams at their schools will do well to take the courses. A good coach is a necessary attribute to a winning team. More good coaches throughout the state high schools will mean more good Cornhusker athletes of all kinds.

Interest in tennis on the part of summer school students continues at a high pitch. From early morning until late evening, the courts are occupied by followers of the racquet sport. The Nebraska tennis courts are the best to be found and furnish a fine recreation to summer school students. Right to use the university courts is given on the payment of a \$1 fee for students or a \$5 fee for outsiders.

Joe Pizer continues to deliver in the state league. Three hits in four attempts, two runs, handling of seven of eight chances in the field, and minor other assists was his contribution toward a Beatrice victory over Grand Island Wednesday.

THIS WEATHER IS GREAT FOR

TENNIS

Let us show you the most complete tennis stock in the city. Here we have everything for the tennis player in the way of rackets, balls, shoes, pants, etc.
