

# THE SUMMER NEBRASKAN

VOLUME XXI. No. 169.

LINCOLN, NEBRASKA, THURSDAY, JUNE 29, 1922.

PRICE FIVE CENTS.

## CORNHUSKER GIRLS LEFT OFF THE YANKEE TRACK TEAM

### NOT A HUSKER CO-ED GOES TO PARIS MEET

Yet the Nebraska Girls Placed Second in the International Telegraphic Meet by Winning Four Firsts and Tying for Two Others—Placed in Every Event They Entered.

Four firsts and in ties for two other firsts; places in every one of the nine events which were entered; and, as a side line, winning two first places and one second place in events not in the meet—that was the record compiled by the University of Nebraska co-eds entered in the International Telegraphic meet held the latter part of May in which the Cornhusker girls placed second. Florida was the only school which compiled more points. They piled up 37½ to Nebraska's 29.

But apparently Nebraska's record of that meet counts nothing. The American team of women athletes to participate in the international track meet for women to be held in the Pershing stadium at Paris on August 20, has been announced and not a Nebraska girl has been placed on the team. That after the Cornhusker co-eds had defeated some of the best college girls' teams in the country and had made records which threatened the world's marks.

Cornhusker co-eds made good records in the telegraphic meet. They showed that they were real track athletes. Yet they are not given a place on the team which goes to Paris.

#### Record of Husker Girls

Some of the records which the Nebraska girls made in the international telegraphic meet can be compared favorably with any in the country, it is believed. The records follow:

60-yard hurdles—Nebraska and New Mexico tied for first, 9 4-5 seconds.

50-yard dash—Nebraska and California tied for first, 6 3-5 seconds.

Running broad jump—Nebraska first 14 feet 7 1-5 seconds.

8-pound shot put—Nebraska first, 30 feet, 8 1-2 inches.

500-yard relay (10 runners) Nebraska first, 1 minute; 12 3-5 seconds.

Baseball throw, Nebraska first, 199 feet. Next best record 185 feet.

Pole vault—Nebraska first, 5 feet, 10 inches.

75-yard dash—Nebraska first, 9 4-5 seconds.

Hop, step and jump—California first, 28 feet, 11 inches; Nebraska second, 28 feet, 4 4-5 seconds.

Besides these, Nebraska co-eds placed third in the javelin throw, fourth in the running high jump, fourth in the basketball throw and third with four runners in the 220-yard relay.

#### TOO LONG

Orators, we read, live longer than other persons. Our impression is that it only seems longer to their audience.—Punch, London.

### MONDAY AND TUESDAY ARE VACATION DAYS

Summer school students will have two days in which to celebrate the Fourth of July. Monday and Tuesday, July 3 and 4, are to be vacation days and students may spend the time as they see fit. Such was the announcement made by the registrar's office on Wednesday afternoon.

### OUTDOOR ATHLETES DEFEAT CAGESTERS

Cagesters Lose to Outdoor Athletes by Score of 9 to 5—Two Games Tonight

#### Twilight Team Standings.

	G.	W.	L.	P.
Baseball class .....	1	1	0	1.000
Football track .....	1	1	0	1.000
Basketball class .....	1	0	1	.000
Summer Nebraskan .....	1	0	1	.000

Football and track athletes took the measure of the indoor pastimers when they defeated the basketball team Tuesday evening by the score of 9 to 5. Trailing the cagesters, 4 to 2, in the third inning, the football and track men slammed the ball for three runs in the fourth and added four more in the fifth.

A double tie for first place will be broken Thursday evening when the football-track team meets the baseball class nine. These two teams are leading the Twilight league and the result of their game will decide the leaders. The Summer Nebraskan and basketball team clash in the other game of the Thursday program. Both games start promptly at 6 o'clock. Teams will be forced to forfeit if they fail to appear with their proper number of players at that time.

The score by innings of the Tuesday game follows:

Football track .....	1	1	0	3	4—9
Basketball .....	0	4	0	0	1—5

Batteries—Football track, Brown and Garnick; Basketball, Anderson and Pegler.

### Only People With Hard Hearts and no Fears Visit Anatomy Laboratory

For those who enjoy cemeteries at midnight or find bliss in initiation stunts involving anatomical sections, the anatomy laboratory might offer attractions; for the ordinary student it affords fascination tinged with horror.

Up on the third floor of Bessey hall, in the half dedicated to zoology, is a laboratory fitted with metal dissecting tables and all the paraphernalia.

### ACCOMPANIES BOYS ON EUROPEAN TRIP

Dr. Harry F. Huntington, methodist student pastor, is now at Washington with Ernest Bruce, son of C. O. Bruce of Lincoln, and John Baird Bryan, grandson of William Jennings Bryan. The three will leave about July 1 for Europe on a two months trip through England, Scotland, France, Switzerland, Lavarria, Germany, Belgium, Denmark and Italy.

### SONGS GIVEN TO TEN HIGH GIRLS

Co-eds Receiving Most Votes Will Receive Free Copies of "Cornhusker" Rose"

The ten University of Nebraska girls who receive the highest number of votes in the "Cornhusker Rose" cover picture contest will receive free copies of the song, according to an announcement made Wednesday afternoon by Howard Adamson, composer of the new waltz.

Ballots were printed in the last issue of the Summer Nebraskan and another ballot is being printed today. Each vote counts five points toward the winner. The votes should be sent to the contest editor of the Summer Nebraskan.

"The Cornhusker Rose" is a late popular waltz hit. It has been received very favorably by Lincoln orchestras and proves to become very popular when it comes off the presses. The song is now in the process of being printed but the Nebraska girl who is to adorn the cover has not yet been chosen. She will be the girl who receives the most number of votes in the contest now being held.

### CERNEY IS CANDIDATE FOR COUNTY ATTORNEY

Al Cerney, '21, a former University of Nebraska "N" man, was in Lincoln last week visiting at the Alpha Sigma Phi house. Cerney has been spending the winter in Colorado. He is reported by friends as being a republican candidate for county attorney of Republican county.

### STADIUM MAY BE BUILT THIS YEAR

Plans Formed at Saturday Meeting to Start Construction of New Athletic Field Soon—Davis and Latenser, Architects, Cornhusker Graduates, to Donate Services to Committee

Plans whereby the University of Nebraska stadium will be started before the end of the present year were the principal objects of discussion at the meeting of the alumni association stadium committee and the architects last Saturday, it was announced Wednesday. The plans worked out are only preliminary but it is hoped that actual construction will start immediately after the 1922 football season is completed.

Ellery Davis of Lincoln, a graduate of the University of Nebraska in 1907 and John Latenser, a former student at the University of Nebraska, are the architects selected to have charge of the construction of the new athletic structure. They will donate their services to the committee, charging only for the actual office expenses which they incur.

The architects will study several types of stadium and draw up the Nebraska plans from the best points of these. The board of regents has already agreed to the purchase of the additional ground needed for the stadium.

The members of the senior class responded generously to the drive for funds and when school starts in the fall a new drive is to be made so that all the money needed will probably be in the hands of the committee a short time after the construction work starts. All money will be donated by students, alumni and friends of the university.

The stadium will seat between 25,000 and 30,000 people and will cost nearly \$400,000.

### R. O. T. C. OFFICERS ARE AT FT. SNELLING

Most of the officers of the Nebraska R. O. T. C. have left Lincoln and are stationed at Fort Snelling. Included among those who are now at Snelling are Major Sidney Erickson, Captain Robert W. Nix, Jr., Captain James H. Hagar, Captain Morris H. Forbes, Captain Butler L. Knight, First Lieutenant Max G. Oliver. The non-commissioned officers from the Nebraska unit at Snelling are Sergeant Lewis, Sergeant Walter L. Richardson, Sergeant John D. Patton and Sergeant William C. Meyer.

Colonel Americus Mitchell, commandant, is on a vacation in Georgia, where he will visit Muscle Shoals and an Infantry School at Fort Benning.
